SUMMARY OF REGULATORY ACTIONS

Regulations filed with the Secretary of State	1494
Sections Filed, March 9, 2016 to August 10, 2016	1496

The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (USPS 002-931), (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$205.00 (annual price). To order or make changes to current subscriptions, please call (800) 888-3600. **PROPOSED ACTION ON
REGULATIONS**

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

**TITLE 2. FAIR POLITICAL
PRACTICES COMMISSION**

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest code of the following:

CONFLICT-OF-INTEREST CODE

AMENDMENT

MULTI-COUNTY: Los Rios Community
College District

A written comment period has been established commencing on August 19, 2016, and closing on October 3, 2016. Written comments should be directed to the Fair Political Practices Commission, Attention Ivy Branaman, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict-of-interest code(s) will be submitted to the Commission's Executive Director for her review, unless any interested person or his or her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict-of-interest code(s), proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director of the Commission, upon her or its own motion or at the request of any interested person, will approve, or revise and approve, or return the proposed code(s) to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments or comments, in writing to the Executive Direc-

tor of the Commission, relative to review of the proposed conflict-of-interest code(s). Any written comments must be received no later than October 3, 2016. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

**EFFECT ON HOUSING COSTS
AND BUSINESSES**

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code-reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code and approve it as revised, or return the proposed code for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict-of-interest code(s) should be made to Ivy Branaman, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

**AVAILABILITY OF PROPOSED
CONFLICT-OF-INTEREST CODES**

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the re-

spective agency. Requests for copies from the Commission should be made to Ivy Branaman, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

TITLE 3. DEPARTMENT OF FOOD AND AGRICULTURE

The Department of Food and Agriculture (Department) amended subsection 3435(b) of the regulations in Title 3 of the California Code of Regulations pertaining to Asian Citrus Psyllid (ACP) Interior Quarantine as an emergency action which was effective on May 11, 2016. The Department proposes to continue the regulation as amended and to complete the amendment process by submission of a Certificate of Compliance no later than November 7, 2016.

This notice is being provided to be in compliance with Government Code Section 11346.4.

PUBLIC HEARING

A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Department no later than 15 days prior to the close of the written comment period.

WRITTEN COMMENT PERIOD

Any interested person or his or her authorized representative may submit written comments relevant to the proposed amendment to the Department. Comments may be submitted by mail, facsimile (FAX) at 916.654.1018 or by email to Sara.Khalid@cdfa.ca.gov. The written comment period closes at 5:00 p.m. on October 3, 2016. The Department will consider only comments received at the Department offices by that time. Submit comments to:

Following the public hearing if one is requested, or following the written comment period if no public hearing is requested, the Department, at its own motion, or at the instance of any interested person, may adopt the proposal substantially as set forth without further notice.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Existing law provides that the Secretary is obligated to investigate the existence of any pest that is not generally distributed within this state and determine the probability of its spread and the feasibility of its control or eradication (Food and Agricultural Code (FAC) section 5321).

Existing law also provides that the Secretary may establish, maintain and enforce quarantine, eradication and other such regulations as she deems necessary to protect the agricultural industry from the introduction and spread of pests (FAC Sections 401, 403, 407 and 5322).

Anticipated Benefits from This Regulatory Action

Existing law, FAC Section 403, provides that the department shall prevent the introduction and spread of injurious insect or animal pests, plant diseases, and noxious weeds.

Existing law, FAC Section 407, provides that the Secretary may adopt such regulations as are reasonably necessary to carry out the provisions of this code that she is directed or authorized to administer or enforce.

Existing law, FAC Section 5321, provides that the Secretary is obligated to investigate the existence of any pest that is not generally distributed within this State and determine the probability of its spread, and the feasibility of its control or eradication.

Existing law, FAC Section 5322, provides that the Secretary may establish, maintain, and enforce quarantine, eradication, and such other regulations as are in her opinion necessary to circumscribe and exterminate or prevent the spread of any pest that is described in FAC Section 5321.

The existing law obligates the Secretary to investigate and determine the feasibility of controlling or eradicating pests of limited distribution but establishes discretion with regard to the establishment and maintenance of regulations to achieve this goal. This amendment provides the necessary regulatory authority to prevent the artificial spread of a serious insect pest, which is a mandated statutory goal.

The amendment of this regulation benefits the citrus industries (nurseries, fruit growers, wholesalers, retailers, exporters) and the environment by having a quarantine program to prevent the artificial spread of ACP over long distances. Almost all of the commercial citrus fruit and nursery stock production is located outside this proposed quarantine area boundary.

The national and international consumers of California citrus benefit by having high-quality fruit available at lower cost. It is assumed that any increases in production costs will ultimately be passed on to the consumer.

The amendment of this regulation benefits homeowners who grow citrus for consumption and host material that is planted as ornamentals in various rural and urban landscapes.

FAC Section 401.5 states, “the department shall seek to protect the general welfare and economy of the state and seek to maintain the economic well-being of agriculturally dependent rural communities in this state.” The amendment of this regulation is preventing the artificial spread of ACP to uninfested areas of the State.

Huanglongbing (HLB) is generally distributed in Florida due to ACP being generally distributed there. The University of Florida Institute of Food and Agricultural Sciences Extension calculated and compared the impact of having and not having HLB present in Florida and concluded HLB had a total impact of \$3.64 billion and eliminated seven percent of the total Florida workforce. The overall California economy benefits by the amendment of this regulation, which is intended to prevent ACP from becoming generally distributed in California and resulting in a similar effect on our economy as to what happened in Florida. This is now critical as HLB has been introduced into California.

There is no existing, comparable federal regulation or statute regulating the intrastate movement of ACP hosts.

The Department has considered any other possible related regulations in this area, and we find that these are the only regulations dealing in this subject area, and the only State agency that can implement plant quarantines. As required by Government Code Section 11346.5(a)(3)(D), the Department has conducted an evaluation of this regulation and has determined that it is not inconsistent or incompatible with existing state regulations.

AMENDED TEXT

The emergency rulemaking action expanded the quarantine area for ACP in Kern County by approximately 111 square miles. The effect of the amendment of this regulation is to provide authority for the State to perform quarantine activities against ACP within this additional area. The total area which would be under regulation is now approximately 53,092 square miles.

DISCLOSURES REGARDING THE PROPOSED ACTION

The Department has made the following initial determinations:

- Mandate on local agencies or school districts: None.
- Cost or savings to any state agency: None.

Cost to any local agency or school district which must be reimbursed in accordance with Government Code Sections 17500 through 17630: None and no nondiscretionary costs or savings to local agencies or school districts.

Cost or savings in federal funding to the state: None.

The Department has made an initial determination that there will be no significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

Cost impacts on a representative private person or business: Most businesses will not be affected. There are zero citrus production nurseries in the affected area that will be impacted. There are zero retail nurseries in the affected area. There are zero citrus growers in the proposed area. There is no additional cost to growers who take their fruit to a packinghouse inside the current quarantine area. Growers choosing a packinghouse outside the quarantine area have three options: 1. Conduct pre-harvest treatments with an approved pesticide while fruit is still on the trees; 2. Field-clean the fruit to remove leaves and stems during harvest; 3. Send the fruit to a packinghouse within the quarantine area to be cleaned. Pre-harvest treatments cost growers approximately \$60 per acre, and the fruit is required to be covered with a tarp while in transit. Tarps range in price from \$2,500-\$3,000 apiece. Field-cleaning the fruit will cost the grower approximately \$150-\$320 per acre depending on the citrus variety. Field-cleaned fruit does not require a tarp for transport and can be moved within or from the quarantined area. Cleaning at a packinghouse within the quarantine area will cost the grower approximately \$300-\$400 per acre, and the fruit must remain within the quarantine area, although the loads do not need to be covered with a tarp. There are zero citrus packinghouses located within this quarantine area.

Based on the preceding information, it was determined that due to the amendment of Section 3435(b), the agency is not aware of any cost impact on a representative business or private person. For the vast majority of businesses within the regulated area, no additional costs will be incurred.

Small Business Determination

The Department has determined that the proposed regulations may affect small business.

Significant effect on housing costs: None.

Results of the Economic Impact Analysis

Amendment of these regulations will not:

- (1) Create or eliminate jobs within California;
- (2) Create new businesses or eliminate existing businesses within California; or
- (3) Affect the expansion of businesses currently doing business within California.

The Department is not aware of any specific benefits the amendment of this regulation will have on worker safety or the health of California residents. The Department believes the amendment of this regulation benefits the welfare of California residents by protecting the economic health of the entire citrus industry. In 2010 the estimated value was \$2.1 billion for citrus fruit and \$28.5 million for citrus nursery stock without all the upstream buyers and downstream retailers included (*Reference: John Gilstrap of California Citrus Nursery Board for citrus nursery stock value and USDA–National Agricultural Statistics Service 2010 data for citrus fruit*). This is a needed source of revenue for the State’s economic health and this amendment will help protect this source of revenue.

ALTERNATIVES CONSIDERED

The Department must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law than the proposal described in this Notice.

AUTHORITY

The Department proposes to amend Section 3435(b) pursuant to the authority vested by Sections 407, 5301, 5302 and 5322 of the FAC.

REFERENCE

The Department proposes this action to implement, interpret and make specific Sections 5301, 5302 and 5322 of the FAC.

INTERNET ACCESS

The Department has posted the information regarding this proposed regulatory action on its Internet website (www.cdfa.ca.gov/plant/Regulations.html).

AVAILABILITY OF STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATIONS

The Department has prepared an initial statement of reasons for the proposed actions, has available all the information upon which its proposal is based, and has available the express terms of the proposed action. A copy of the initial statement of reasons and the proposed regulations in underline and strikeout form may be obtained upon request. The location of the information on which the proposal is based may also be obtained upon request. In addition, when completed, the final statement of reasons will be available upon request. Requests should be directed to the contact named herein.

If the regulations adopted by the Department differ from, but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency officer (contact) named herein.

TITLE 3. DEPARTMENT OF FOOD AND AGRICULTURE

The Department of Food and Agriculture (Department) amended subsection 3435(b) of the regulations in Title 3 of the California Code of Regulations pertaining to Asian Citrus Psyllid (ACP) Interior Quarantine as an emergency action which was effective on May 10, 2016. The Department proposes to continue the regulation as amended and to complete the amendment process by submission of a Certificate of Compliance no later than November 7, 2016.

This notice is being provided to be in compliance with Government Code Section 11346.4.

PUBLIC HEARING

A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Department no later than 15 days prior to the close of the written comment period.

WRITTEN COMMENT PERIOD

Any interested person or his or her authorized representative may submit written comments relevant to the proposed amendment to the Department. Comments may be submitted by mail, facsimile (FAX) at 916.654.1018 or by email to Sara.Khalid@cdfa.ca.gov. The written comment period closes at 5:00 p.m. on October 3, 2016. The effect of the amendment of this regulation is to provide authority for the State to perform quarantine activities against ACP within this additional area. The total area which would be under regulation is now approximately 53,981 square miles.

DISCLOSURES REGARDING THE PROPOSED ACTION

The Department has made the following initial determinations:

Mandate on local agencies or school districts: None.

Cost or savings to any state agency: None.

Cost to any local agency or school district which must be reimbursed in accordance with Government Code Sections 17500 through 17630: None and no nondiscretionary costs or savings to local agencies or school districts.

Cost or savings in federal funding to the state: None.

Based on the preceding information, it was determined that due to the amendment of Section 3435(b), the agency is not aware of any cost impact on a representative business or private person. For the vast majority of businesses within the regulated area, no additional costs will be incurred.

Small Business Determination

The Department has determined that the proposed regulations may affect small business.

Significant effect on housing costs: None.

Results of the Economic Impact Analysis

Amendment of these regulations will not:

- (1) Create or eliminate jobs within California;
- (2) Create new businesses or eliminate existing businesses within California; or
- (3) Affect the expansion of businesses currently doing business within California.

The Department is not aware of any specific benefits the amendment of this regulation will have on worker safety or the health of California residents. INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Existing law provides that the Secretary is obligated to investigate the existence of any pest that is not generally distributed within this state and determine the probability of its spread and the feasibility of its control or

eradication (Food and Agricultural Code (FAC) section 5321).

Existing law also provides that the Secretary may establish, maintain and enforce quarantine, eradication and other such regulations as she deems necessary to protect the agricultural industry from the introduction and spread of pests (FAC sections 401, 403, 407 and 5322).

Anticipated Benefits from This Regulatory Action

Existing law, FAC section 403, provides that the department shall prevent the introduction and spread of injurious insect or animal pests, plant diseases, and noxious weeds.

Existing law, FAC section 407, provides that the Secretary may adopt such regulations as are reasonably necessary to carry out the provisions of this code that she is directed or authorized to administer or enforce.

Existing law, FAC section 5321, provides that the Secretary is obligated to investigate the existence of any pest that is not generally distributed within this state and determine the probability of its spread, and the feasibility of its control or eradication.

Existing law, FAC section 5322, provides that the Secretary may establish, maintain, and enforce quarantine, eradication, and such other regulations as are in her opinion necessary to circumscribe and exterminate or prevent the spread of any pest that is described in FAC section 5321.

The existing law obligates the Secretary to investigate and determine the feasibility of controlling or eradicating pests of limited distribution but establishes discretion with regard to the establishment and maintenance of regulations to achieve this goal. This amendment provides the necessary regulatory authority to prevent the artificial spread of a serious insect pest, which is a mandated statutory goal.

This regulation will benefit the public’s general welfare by providing authority for the state to perform detection, control and eradication activities against *Bactrocera tau* in San Bernardino, Los Angeles, and Riverside counties.

The implementation of this regulation will prevent:

- Direct damage to the agricultural industry growing host fruits.
- Indirect damage to the agricultural industry growing host fruits due to the implementation of quarantines by other countries and loss of export markets.
- Increased production costs to the affected agricultural industries.
- Increased pesticide use by the affected agricultural industries.
- Increased costs to the consumers of host fruits.

- Increased pesticide use by homeowners and others.
- The need to implement a state interior quarantine.
- The need to implement a federal domestic quarantine.

There is no existing, comparable federal regulation or statute regulating the intrastate movement of *Bactrocera tau* hosts.

The Department has considered any other possible related regulations in this area, and we find that these are the only regulations dealing in this subject area, and the only state agency that can implement these eradication areas for plant pests. As required by GC section 11346.5(a)(3)(D), the Department has conducted an evaluation of this regulation and has determined that it is not inconsistent or incompatible with existing state regulations.

AMENDED TEXT

San Bernardino, Riverside, and Los Angeles counties were added to the *Bactrocera tau* Eradication Area regulation as an emergency action. The effect of the adoption of this regulation is to provide authority for the Department to perform eradication activities against *Bactrocera tau* in San Bernardino, Riverside and Los Angeles counties.

DISCLOSURES REGARDING THE PROPOSED ACTION

The Department has made the following initial determinations:

- Mandate on local agencies and school districts: None.
- Cost or savings to any state agency: None.
- Cost to any local agency or school district which must be reimbursed in accordance with GC sections 17500 through 17630: None and no nondiscretionary costs or savings to local agencies or school districts.
- Cost or savings in federal funding to the state: None.
- Significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states: None.

Cost impacts on a representative private person or business: The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Small Business Determination

The Department has determined that the proposed regulations may affect small business.

Significant effect on housing costs: None.

Results of the Economic Impact Analysis

The amendment of these regulations will not:

- (1) Create or eliminate jobs within California;
- (2) Create new businesses or eliminate existing businesses within California; or
- (3) Affect the expansion of businesses currently doing business within California.

The Department has determined the amendment of this regulation would benefit:

- The general public.
- Homeowners and Community Gardens.
- Agricultural industry.
- The state's general fund.

For additional information, please see "Anticipated Benefits" from this regulatory action under "Informative Digest/Policy Statement Overview."

There are no known specific benefits to worker safety or the health of California residents.

ALTERNATIVES CONSIDERED

The Department must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law than the proposal described in this Notice.

AUTHORITY

The Department proposes to adopt section 3591.27 pursuant to the authority vested by sections 407 and 5322 of the FAC.

REFERENCE

The Department proposes this action to implement, interpret and make specific sections 407, 5322, 5761, 5762 and 5763 of the FAC.

TITLE 11. COMMISSION ON PEACE OFFICER STANDARDS AND TRAINING

Amend POST Standardized Training Curriculum — Tactical Medicine Course Regulation 1084(c) and (d)

Notice is hereby given that the Commission on Peace Officer Standards and Training (POST) proposes to amend regulations in Division 2 of Title 11 of the California Code of Regulations as described below in the Informative Digest. A public hearing is not scheduled. Pursuant to Government Code Section 11346.8, any interested person, or his/her duly authorized representative, may request a public hearing. POST must receive the written request no later than 15 days prior to the close of the public comment period.

Public Comments Due by October 3, 2016 at 5:00 p.m.

Notice is also given that any interested person, or authorized representative, may submit written comments

relevant to the proposed regulatory action by fax at (916) 227-5271, or by letter to:

Commission on POST
Attention: Rulemaking
860 Stillwater Road, Suite 100
West Sacramento, CA 95605-1630

AUTHORITY AND REFERENCE

This proposal is made pursuant to the authority vested by Penal Code Section 13503 (authority of the Commission on POST) and Penal Code Section 13506 (POST authority to adopt regulations). This proposal is intended to interpret, implement, and make specific Penal Code Section 13503(e), which authorizes POST to develop and implement programs to increase the effectiveness of law enforcement, including programs involving training and education courses.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

At the February 25, 2016 meeting, the Commission approved proposed amendments to Regulation 1084 — Standardized POST Training Curriculum, subsections (c) and (d), relating to minimum required topics for specific, non-mandated tactical medicine training courses with no change in minimum required hours. Courses meet the content recommendations of Penal Code 13514.1 for Tactical Medicine training of peace officers. Training courses identified in Regulation 1084 may exceed the proposed topics and hours.

The current Regulation 1084(c) identifies the 80-hour Tactical Medicine Course that combines standardized tactical and medical topics developed in a collaborative effort by POST and the California Emergency Medical Services Authority (EMSA).

The current Regulation 1084(d) identifies the 40-hour Tactical Medicine Course that was developed as an alternative course and consists solely of medically related topics intended for medical support personnel who have successfully completed a POST-approved 80-hour SWAT Basic Course.

Amendments approved by the Commission:

- Revised the course title from *Tactical Medicine Course* to *Tactical Medicine for Special Operations Course* to align with the content recommendations of Penal Code 13514.1 for tactical medicine training within the structure of SWAT operations.

- Modified the 80-hour course from 46 topics to 34 topics to provide training on a combination of tactics and medical response.
- Modified the 40-hour course from 24 topics to 20 topics to focus solely on emergency medical services as attendees have successfully completed the required tactical topics.
- Incorporated principles of tactical casualty care.

The implementation of these proposed amendments to Regulation 1084 will meet regulatory updates to peace officer scope of practice, legislative enactments, and contemporary terminology for training in tactical medicine.

The specific benefits anticipated by the proposed changes to the regulations will be to ensure relevant training of tactical medicine for peace officers. There would be no effect to benefits in regard to public health and safety, worker safety, or the environment, the prevention of discrimination, and the increase in openness and transparency in business and government.

During the process of developing these regulations and amendments, the Commission on Peace Officer Standards and Training has conducted a search of any similar regulations on this topic and has concluded that these regulations are neither inconsistent nor incompatible with existing State regulations.

ADOPTION OF PROPOSED REGULATIONS

Following the public comment period, the Commission may adopt the proposal substantially as set forth without further notice, or the Commission may modify the proposal if such modifications remain sufficiently related to the text as described in the Informative Digest. If the Commission makes changes to the language before the date of adoption, the text of any modified language, clearly indicated, will be made available at least 15 days before adoption to all persons whose comments were received by POST during the public comment period and to all persons who request notification from POST of the availability of such changes. A request for the modified text should be addressed to the agency official designated in this notice. The Commission will accept written comments on the modified text for 15 days after the date that the revised text is made available.

ESTIMATE OF ECONOMIC IMPACT

Fiscal impact on Public Agencies including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.

Non-Discretionary Costs/Savings to Local Agencies: None.

Local Mandate: None.

Costs to any Local Agency or School District for which Government Code Sections 17500–17630 require reimbursement: None.

Significant Statewide Adverse Economic Impact Directly Affecting California Businesses, including Small Business: The Commission on Peace Officer Standards and Training has made an initial determination that the amended regulations will not have a significant statewide adverse economic impact directly affecting California businesses, including the ability to compete with businesses in other states. The Commission on Peace Officer Standards and Training has found that the proposed amendments will not affect California businesses, including small businesses, because the Commission sets selection and training standards for law enforcement which does not impact California businesses, including small businesses.

Cost Impacts on Representative Private Persons or Businesses: The Commission on Peace Officer Standards and Training is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: The Commission on Peace Officer Standards and Training has made an initial determination that the proposed regulation would have no effect on housing costs.

RESULTS OF ECONOMIC IMPACT ASSESSMENT PER GOV. CODE SEC. 11346.3(b)

The adoption of the proposed amendments of regulations will neither create nor eliminate jobs in the State of California, nor result in the elimination of existing businesses or create or expand businesses in the State of California.

The benefits of the proposed amendments of regulations to the health and welfare of California residents would be to enhance the professionalism and expertise of peace officers to administer emergency tactical care to the injured at active violent incidents. There would be no impact that would affect worker safety or the State's environment.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code section 11346.5, subdivision (a)(13), the Commission must determine that no reasonable alternative it considered, or that has otherwise been identified and brought to the attention of the Commission would be more effective in carrying out the purpose for which the action is proposed, would be as effective, and less burdensome to af-

ected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provisions of the law.

CONTACT PERSONS

TITLE 13. CALIFORNIA HIGHWAY PATROL

COMMERCIAL VEHICLE SAFETY ALLIANCE, NORTH AMERICAN STANDARD OUT-OF-SERVICE CRITERIA (CHP-R-16-04)

The California Highway Patrol (CHP) proposes to adopt by reference, the Commercial Vehicle Safety Alliance (CVSA), North American Standard (NAS) Out-

of-Service (OOS) Criteria, April 1, 2016, Edition, in Title 13, California Code of Regulations. The current regulation incorporates by reference, the CVSA, NAS OOS Criteria, April 1, 2015, Edition.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Section 34501(a)(1) of the California Vehicle Code (CVC) authorizes the CHP to adopt reasonable rules and regulations which, in the judgment of the CHP, are designed to promote the safe operation of vehicles described in Section 34500 CVC. The CHP's authority to adopt regulations includes, but is not limited to, controlled substances and alcohol testing of drivers by motor carriers, drivers' hours-of-service qualifications, equipment, fuel containers, fuel operations, inspections, maintenance, record keeping, accident reports, drawbridges, and cargo securement (Section 34500.3 CVC). Section 2402 CVC provides the Commissioner with the authority to "make and enforce such rules and regulations as may be necessary to carry out the duties of the department," and Section 24004 CVC provides the authority for the CHP to place vehicles OOS (Attorney General's Opinion NS 2520) in order to ensure safety. Current regulations adopt, by reference, the CVSA, NAS OOS Criteria, April 1, 2015, Edition, which apply to those vehicles listed in Section 34500 CVC.

The intent of these regulations is to adopt specific uniform criteria for determining whether a vehicle, the cargo, and/or driver, inspected by an authorized representative of the CHP, is in an unsafe condition which would likely constitute a hazard on the highways. These regulations will incorporate by reference, specified portions of the standards contained within the CVSA, NAS OOS Criteria, April 1, 2016, Edition.

Adoption of these criteria will continue to provide a nonmonetary benefit to the protection and safety of public health, employees, and safety to the environment by providing a regulatory basis for enforcement efforts as they relate to commercial vehicle OOS criteria. During the process of developing this regulation, the CHP has conducted a search of any similar regulation on this topic and has concluded this proposed regulation is not inconsistent or incompatible with existing state regulations. This proposed regulation merely updates the current regulation.

California Highway Patrol
Commercial Vehicle Section
Attention: Officer Kristi McNabb
P.O. Box 942898
Sacramento, CA 94298-0001

Written comments will be accepted until 5:00 p.m., on October 3, 2016.

No public hearing has been scheduled. If any person desires a public hearing, a written request must be received by the CHP, Commercial Vehicle Section (CVS), no later than 15 days prior to the close of the written comment period.

AVAILABILITY OF INFORMATION

The CHP has available for public review, an initial statement of reasons for the proposed regulatory action, the information upon which this action is based (the rulemaking file), and the proposed regulation text. Requests to review or receive copies of this information should be directed to the CHP either at the above address, by facsimile at (916) 322-3154, or by calling the CHP, CVS, at (916) 843-3400. All requests for information should include the following information: the title of the rulemaking package, the requester's name, proper mailing address (including city, state, and zip code), and a daytime telephone number in case the requestor's information is incomplete or illegible. The rulemaking file is available for inspection at CHP, CVS, 601 North 7th Street, Sacramento, CA 95811. Interested parties are advised to call for an appointment. All documents regarding the proposed action are available through the CHP's Web site at <https://www.chp.ca.gov/News-Alerts/Regulatory-Actions>.

Any person desiring to obtain a copy of the adopted text and a final statement of reasons may request them at the above address. Copies will also be posted on the CHP's Web site.

CONTACT PERSON

Any inquiries concerning the written materials pertaining to the proposed regulations or questions regard-

ing the content of the proposed regulations, should be directed to Officer Kristi McNabb or Sergeant Tye Meeks (back-up contact), CHP, CVS, at (916) 843-3400.

ADOPTION OF PROPOSED REGULATIONS

After consideration of public comments, the CHP may adopt the proposal substantially as set forth without further notice. If the proposal is modified prior to adoption and the change is not solely grammatical or non-substantive in nature, the full text of the resulting regulation, with the changes clearly indicated, will be made available to the public for at least 15 days prior to the date of adoption.

RESULTS OF THE ECONOMIC IMPACT ANALYSIS

The CHP has made an initial determination this proposed regulatory action: (1) will have no effect on housing costs; (2) will not impose any new mandate upon local agencies or school districts; (3) involves no nondiscretionary cost or savings to any local agency, no cost to any local agency or school district for which Government Code (GC), Sections 17500-17630, require reimbursement, no cost or savings to any state agency, nor costs or savings in federal funding to the state; (4) will neither create or eliminate jobs in the State of California, nor result in the elimination of existing businesses, nor create or expand businesses in the State of California; (5) will continue to provide a nonmonetary benefit to the protection and safety of public health, employees, and the environment by providing a regulatory basis for enforcement efforts as they relate to commercial vehicle OOS criteria; and (6) will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

The CHP is not aware of any cost impacts which a representative, private person, or business would necessarily incur in reasonable compliance with the proposed action.

EFFECT ON SMALL BUSINESSES

The CHP has determined the proposed regulatory action has no effect on small businesses. Changes to the application of the regulation are not substantive and

bring the regulation in conformance with existing statute. Minor additions and changes to the OOS criteria are clarifying in nature and are within all existing requirements for industry.

ALTERNATIVES

In accordance with GC, Section 11346.5(a)(13), the CHP must determine no reasonable alternative considered by the agency, or which has otherwise been identified and brought to the attention of the agency, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law. The CHP invites interested parties to present statements or arguments with respect to alternatives to the proposed regulations during the written comment period.

AUTHORITY

This regulatory action is being taken pursuant to Sections 2402, 24004, 31401, and 34501(a) CVC.

REFERENCE

This action implements, interprets, or makes specific Sections 2402, 2410, 12500, 12502, 12515(b), 14603, 15250, 15275, 15278, 23152, 24002, 24400, 24252, 24600, 24603, 24604, 24952, 27154, 27155, 27465, 27501, 27903, 29001, 29002, 29003, 29004, 31401, 34500, 34501, 34506, and 34510 CVC.

GENERAL PUBLIC INTEREST

DEPARTMENT OF HEALTH CARE SERVICES

UPDATE

THE DEPARTMENT OF HEALTH CARE SERVICES — IMPLEMENTATION OF FEDERAL REGULATORY CHANGES FOR THE FAIR LABOR STANDARDS ACT WITHIN THE CALIFORNIA IN-HOME SUPPORTIVE SERVICES PROGRAM

This notice is to provide information of public interest regarding the implementation of regulation changes

to the federal Fair Labor Standards Act (FLSA) and corresponding State law provisions affecting In-Home Supportive Services (IHSS) under the Medi-Cal program.

On August 21, 2015, a court decision effectively reinstated the revised FLSA rules applicable to home care workers (*Home Care Association of America v. David Weil* [2015] 799 F. 3d 1084). As a result of this court decision, the California Department of Social Services, which operates the IHSS program on behalf of the Department of Health Care Services (DHCS), is implementing the workweek, overtime and travel time requirements of the FLSA for IHSS providers serving Medi-Cal members in the State of California.

If the federal Centers for Medicare and Medicaid Services (CMS) determines that a State Plan Amendment is necessary to implement the FLSA regulation changes required by *Home Care Association of America v. David Weil*, DHCS will submit to CMS a proposed State Plan Amendment (SPA) 16-026. The proposed SPA will include any CMS required changes and any corresponding technical edits to update the relevant State Plan pages in accordance with current State law governing the IHSS program.

Pursuant to sections 12300.1, 12300.41, and 12301.1 of the Welfare and Institutions Code, IHSS providers serving Medi-Cal members will be paid overtime hours within certain monthly limits as well as travel time within certain weekly limits, as summarized below:

- **Overtime Pay:** An IHSS provider serving Medi-Cal members will receive overtime pay if he or she works over 40 hours in a work week, subject to certain limitations and adjustments that are described in more detail at <http://www.cdss.ca.gov/cdssweb/entres/forms/English/TEMP3001.pdf>. The overtime pay rate is one and a half times the regular pay rate. The work week begins at midnight (12:00 a.m.) on Sunday and ends one minute before midnight (11:59 p.m.) the following Saturday.
- **Travel Time:** If an IHSS provider works for more than one recipient at different locations on the same day, then the IHSS provider will be eligible to be paid for traveling between the two recipients. The maximum amount of time allowable an IHSS provider can claim for travel during a single work week is 7 hours. If an IHSS provider's travel time exceeds 7 hours per work week, the provider must rearrange his or her work schedule with his or her recipients to ensure the provider's travel time is no more than 7 hours per work week.

Travel time payment covers the time it takes to travel directly from the location where the IHSS provider provides the services for one recipient to the location where the IHSS provider provides services for a different recipient on the same day. Travel time does not include the time it takes for the IHSS provider to travel from his or her own home to the location where he or she will provide service for a recipient or back home after his or her work is completed.

DHCS anticipates a significant increase in the annual expenditures for the IHSS program as a result of implementation of these FLSA mandated regulatory changes and the corresponding implementing State law provisions. It is estimated the annual total expenditures will be \$2 billion in overtime and travel service costs.

Copies of the proposed SPA will be made available for public review at the county social service office and available online at <http://www.dhcs.ca.gov/services/ltc/Pages/IHSS.aspx>.

The proposed SPA is subject to approval by the Federal Centers for Medicare & Medicaid Services (CMS).

Any written comments concerning the proposed SPA may be mailed to Tyra Taylor, Chief, In-Home Supportive Services Unit, Department of Health Care Services, Long-Term Care Division, MS 4502, P.O. Box 997437, Sacramento, CA 95899-7437 or emailed to Tyra.Taylor@dhcs.ca.gov.

In re:
Physical Therapy Board of California
Regulatory Action:
Title 16, California Code of Regulations
Adopt section: 1398.26.3
Amend section: 1398.25
DECISION OF DISAPPROVAL OF
REGULATORY ACTION
Government Code Section 11349.3
OAL Matter Number: 2016-0616-01
OAL Matter Type: Regular (S)

SUMMARY OF REGULATORY ACTION

This rulemaking action by the Physical Therapy Board of California (Board) proposes to adopt section

1398.26.3 and amend section 1398.25 in title 16 of the California Code of Regulations (CCR) to set a minimum passing score on the Test of English as a Foreign Language (TOEFL) for applicants who have graduated from a physical therapist education program that is not approved by the Board and is not located in the United States. This action also seeks to require the passing score to be achieved within a single administration of the TOEFL, seeks to establish exemption criteria, and seeks to provide clarification regarding reporting requirements.

On June 16, 2016, the Board submitted the above-referenced rulemaking action to the Office of Administrative Law (OAL) for review. On July 29, 2016, OAL notified the Board that OAL disapproved the proposed regulations. This Decision of Disapproval of Regulatory Action explains the reasons for OAL's action.

DECISION

OAL disapproved the above-referenced rulemaking action for the following reasons:

1. The proposed regulations failed to comply with the consistency standard of Government Code section 11349.1, subdivision (a)(4);
2. The proposed regulations failed to comply with the clarity standard of Government Code section 11349.1, subdivision (a)(3);
3. The proposed regulations failed to comply with the necessity standard of Government Code section 11349.1, subdivision (a)(1); and
4. The Board did not meet the required Administrative Procedure Act (APA) procedural requirements due to its failure to:
 - a. obtain Board approval of a substantive revision to the final version of the regulatory text, pursuant to Government Code section 11346.8, subdivision (c);
 - b. include complete copies of the public comments submitted in connection with this rulemaking action in the rulemaking record, pursuant to Government Code section 11347.3, subdivision (b)(6);
 - c. provide supporting information to justify the Board's reasonable alternatives determination, pursuant to Government Code section 11346.9, subdivision (a)(4); and,
 - d. include the required information in the updated informative digest, pursuant to Government Code section 11346.9, subdivision (b).

All APA issues must be resolved prior to OAL's approval of any resubmission.

CONCLUSION

For the foregoing reasons, OAL disapproved the above-referenced rulemaking action. Pursuant to Government Code section 11349.4, subdivision (a), the Board may resubmit revised regulations within 120 days of its receipt of this Decision of Disapproval. The Board shall make all substantive regulatory text changes, which are sufficiently related to the original text, and the addendum to the ISOR providing rationale for the modifications, available to the public for at least 15 days for public comment pursuant to Government Code sections 11346.8 and 11347.1. Any comments made in relation to these proposed modifications must be presented to the Board for consideration, any objections and recommendations must be summarized and responded to in the FSOR, and the Board must approve the final version of the regulation text. Additionally, the Board must make all proposed modifications to the regulation text available to the director of the Department of Consumer Affairs prior to resubmitting this regulatory action to OAL for review. If you have any questions, please contact me at (916) 323-6820.

FISH AND GAME COMMISSION
Recreational Dungeness and Rock Crab Fisheries

This is the second readopt of prior emergency regulatory actions (OAL file nos. 2015-1105-01E and 2016-0421-02EE) by the Fish and Game Commission to prohibit recreational take and possession of Dungeness and all rock crab from certain designated ocean waters, including bays and estuaries. This action includes modifications to the prior emergency text to reflect that certain ocean waters have been changed for recreational fishing based on the recommendations of the Director of the Office of Environmental Health Hazard Assessment (OEHHA), in consultation with the Director of the California Department of Public Health (CDPH). Designation of the other fisheries shall remain in effect until the Director of OEHHA, in consultation with the Director of CDPH, determines that domoic acid levels in these crabs no longer pose a significant risk to public health. The Department of Fish and Wildlife shall maintain a list of closed ocean waters of the state and update that list on Wednesday of each week by 1:00 p.m. It shall be the responsibility of any person prior to taking Dungeness crab or rock crab to call the Department's hotline or visit the Department's website to obtain the current status of any ocean water ((831) 649-2883 or www.wildlife.ca.gov/Fishing/Ocean/Health-Advisories).
