INFORMATIVE DIGEST/PLAIN ENGLISH  
OVERVIEW

Existing law provides requirements for the labeling of nursery stock sold in the state. The Secretary may create exceptions for the individual labeling of each plant when shipped, delivered, or transported to any purchaser by regulation (Sections 53481-53483, Food and Agricultural Code).

The proposed amendment of Section 3061 pertaining to Labeling of Nursery Stock will correct an apparent contradiction between the regulation and authorizing statute. The effect of this regulation will be to clarify the rules for plant labeling for nurseries, regulatory officials, and the public, and to help maintain an orderly marketplace for nursery stock in California.

The Department considered any other possible related regulations in this area, and we find that these are the only regulations dealing in this subject area, and the only State agency which can implement this proposed regulation regarding labeling of nursery stock. As required by Government Code (GC) Section 11346.5(a)(3)(D), the Department has conducted an evaluation of this regulation and has determined that it is not inconsistent or incompatible with existing state regulations.

Anticipated Benefits from This Regulatory Action

The proposed amendments to the regulation will help to increase consumers' confidence and maintain an orderly marketplace for nursery stock by helping ensure nurseries, regulatory officials, and the public have a clear understanding of the rules regarding plant labeling.

There are no known specific benefits to the worker safety or the health or public safety of California residents. The proposed regulations would help maintain an orderly marketplace for nursery stock for California consumers.

AMENDED TEXT

The amendment of this regulation will correct an apparent contradiction between the regulation and authorizing statute in order to clarify the rules for labeling of nursery stock when it is shipped, delivered, or transported to a purchaser.

DISCLOSURES REGARDING THE  
PROPOSED ACTION

*The Department has made the following initial determinations:*

Mandate on local agencies or school districts: None.

Cost or savings to any state agency: None.

Cost to any local agency or school district that must be reimbursed in accordance with Government Code

Sections 17500 through 17630: None and no nondiscretionary costs or savings to local agencies or school districts.

Cost or savings in federal funding to the state: None.

Significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states: None.

Cost impacts on a representative private person or business: The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Small Business Determination:

The Department has determined that the proposed regulations may affect small business.

Significant effect on housing costs: None.

#### ASSESSMENT

The Department has made an assessment that the proposed amendment to the regulation would not: 1) create or eliminate jobs within California; 2) create new business or eliminate existing businesses within California; or, 3) affect the expansion of businesses currently doing business within California.

There are no known specific benefits to worker safety or the health of California residents. The Department is not aware of any specific benefits the amendment of this regulation will have to the protection of public safety of California residents or worker safety. Based upon the economic analysis, the Department believes the amendment of this regulation benefits the general welfare of California residents (GC Section 11346.3(b)).

#### ALTERNATIVES CONSIDERED

The Department must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law than the proposal described in this notice. The Department considered taking no action. If no action is taken, an apparent contradiction between the regulation and authorizing statute will remain, resulting in confusion between nurseries, regulatory officials, and the public, decreased consumer confidence, and a less orderly marketplace for nursery stock in California.

#### AUTHORITY

The Department proposes to amend Section 3061 pursuant to the authority vested by Sections 407, 53391, and 53482 of the Food and Agricultural Code of California.

#### REFERENCE

The Department proposes this action to implement, interpret and make specific Sections 53481 through 53483 of the Food and Agricultural Code.

**TITLE 5. CALIFORNIA STATE  
TEACHERS' RETIREMENT SYSTEM**

**NOTICE OF INTENTION TO AMEND THE  
CONFLICT-OF-INTEREST CODE OF THE  
CALIFORNIA STATE TEACHERS'  
RETIREMENT SYSTEM**

NOTICE IS HEREBY GIVEN that the California State Teachers' Retirement System (CalSTRS), pursuant to the authority vested in it by section 87306 of the Government Code, proposes amendments to its Conflict-of-Interest Code. The purpose of these amendments is to implement the requirements of sections 87300 through 87302, and section 87306 of the Government Code.

CalSTRS proposes to amend its Conflict-of-Interest Code to include employee positions that involve the making or participation in the making of decisions that may foreseeably have a material effect on any financial interest, as set forth in subdivision (a) of section 87302 of the Government Code.

The amendments include changes to branch titles, addition and deletion of designated positions and revisions to disclosure categories. The amendments also make other technical changes to reflect the current organizational structure of CalSTRS. Copies of the amended code are available and may be requested from the Contact Person set forth below.

Any interested person may submit written statements, arguments, or comments relating to the proposed amendments by submitting them in writing no later than December 5, 2016, or at the conclusion of the public hearing, if requested, whichever comes later, to the Contact Person set forth below.

At this time, no public hearing has been scheduled concerning the proposed amendments. If any interested person or the person's representative requests a public hearing, he or she must do so no later than November 18, 2016, by contacting the Contact Person set forth below.

CalSTRS has prepared a written explanation of the reasons for the proposed amendments and has available the information on which the amendments are based. Copies of the proposed amendments, the written explanation of the reasons, and the information on which the

amendments are based may be obtained by contacting the Contact Person set forth below.

CalSTRS has determined that the proposed amendments:

1. Impose no mandate on local agencies or school districts.
2. Impose no costs or savings on any state agency.
3. Impose no costs on any local agency or school district that are required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
4. Will not result in any nondiscretionary costs or savings to local agencies.
5. Will not result in any costs or savings in federal funding to the state.
6. Will not have any potential cost impact on private persons, businesses or small businesses.

In making these proposed amendments, CalSTRS must determine that no alternative considered by the agency would be more effective in carrying out the purpose for which the amendments are proposed or would be as effective and less burdensome to affected persons than the proposed amendments.

**TITLE 13. CALIFORNIA HIGHWAY  
PATROL**

**TITLE 13 CALIFORNIA CODE OF  
REGULATIONS, DIVISION 2, CHAPTER 6  
AMEND ARTICLE 2.7, SECTION 1159**

**ROUTES FOR THE THROUGH  
TRANSPORTATION OF HIGHWAY ROUTE  
CONTROLLED QUANTITY SHIPMENTS OF  
RADIOACTIVE MATERIALS  
(CHP-R-16-01)**

The California Highway Patrol (CHP) proposes to amend Title 13 of the California Code of Regulations related to designated routes for the transportation of Highway Route Controlled Quantity (HRCQ) shipments of Radioactive Materials (RAM).

INFORMATIVE DIGEST/POLICY STATEMENT  
OVERVIEW

Pursuant to Section 33000 of the California Vehicle Code (CVC), Division 14.5, the CHP shall adopt regulations specifying the routes to be used in the Through Transportation of HRCQ RAM. Proposed changes are developed to enhance the public health and safety by adding 35.6 miles of highway sections into designated routes for highway commercial vehicles transporting HRCQ RAM to and from the Long Beach/Los Angeles Ports. The additional routes will present a better network of designated routes and reduce potential risks of transporting HRCQ RAM through the densely populated downtown area of Los Angeles. Consistent with the legislative intent and the purpose of existing regulations, the proposed amendment will continue to provide benefits which include a nonmonetary benefit to the protection and safety of public health for residents and workers, and the protection and safety to the environment by providing a regulatory basis for enforcement efforts.

During the process of developing these regulations and amendments, the CHP has conducted a search of any similar regulations on this topic and has concluded that these regulations are neither inconsistent nor incompatible with existing state regulations. For the proposed regulation amendments, the CHP conducted consultation and received concurrence from the State Fire Marshall, California Department of Public Health, California Department of Transportation, Southern California Association of Governments, and major HRCQ RAM manufacturers and carriers.

After contacting the Long Beach Unified School District three times for a consultation of this proposal without receiving any responses over a period of one month, the CHP is moving this proposal forward without further delay in order to enhance the public safety and security by prohibiting HRCQ RAM commercial vehicles traversing through the Los Angeles downtown area. Since these highway sections proposed to be added into the designated routes for the transportation of HRCQ RAM via the Long Beach and Los Angeles Ports have been used for a long time already, no opposition is anticipated.

Any interested person may submit written comments on the proposed action via facsimile at (916) 322-3154, by electronic mail to [cvsregs@chp.ca.gov](mailto:cvsregs@chp.ca.gov), or by writing to:

PUBLIC HEARINGS

No public hearing has been scheduled. If any person desires a public hearing, a written request must be received by the CHP, Commercial Vehicle Section (CVS) no later than 15 days prior to the close of the written comment period.

Any person desiring to obtain a copy of the adopted text and a final statement of reasons may request them at the above noted address. Copies will be posted on the CHP website.

CONTACT PERSON

Any inquiries concerning the written materials pertaining to the proposed regulations or the substance of the proposed regulations should be directed to Dr. Tian-Ting Shih or Sergeant Josh Clements at (916) 843-3400.

ADOPTION OF PROPOSED REGULATIONS

After consideration of public comments, the CHP may adopt the proposal substantially as set forth with-

out further notice. If the proposal is modified prior to adoption and the change is not solely grammatical or is non-substantive in nature, the full text of the resulting regulation, with the changes clearly indicated, will be made available to the public for at least 15 days prior to the date of adoption.

#### FISCAL AND RESULTS OF ECONOMIC IMPACT

The CHP has made an initial determination that this proposed regulatory action: (1) will have no effect on housing costs; (2) will not impose any new mandate upon local agencies or school districts; (3) will involve no non-discretionary or reimbursable costs or savings to any local agency, school district, state agency, or federal funding to the state; (4) will neither create nor eliminate jobs in the State of California nor result in the elimination of existing businesses or create or expand businesses in the State of California; (5) will continue to provide benefits which include, a nonmonetary benefit to the protection and safety of public health for residents and workers, and the protection and safety to the environment by providing a regulatory basis for enforcement efforts as they relate to safety compliance ratings; and (6) will not have a significant statewide adverse economic impact directly affecting businesses including the ability of California businesses to compete with businesses in other states. The regulated community is encouraged to respond during the comment period of this regulatory process if significant impacts are identified.

#### COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

The CHP is not aware of any cost impacts that a representative private person, or business would necessarily incur in reasonable compliance with the proposed action.

#### EFFECT ON SMALL BUSINESSES

The CHP has determined that the proposed regulatory action will not affect small businesses. The action is intended to clarify and update the routes for highway commercial vehicles transporting HRCQ RAM. As a result, no small business will be affected by the update.

#### ALTERNATIVES

In accordance with Government Code Section 11346.5(a)(13), the CHP must determine that no reasonable alternative it considered or, that has otherwise

been identified and brought to the attention of the CHP, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law. The CHP invites interested parties to present statements or arguments with respect to alternatives to the proposed regulations during the written comment period.

#### AUTHORITY

This regulatory action is being taken pursuant to Section 33000 CVC.

#### REFERENCE

This action implements, interprets, or makes specific Section 33000 CVC.

AUTHORITY AND REFERENCE

The Department is proposing to amend the proposed rulemaking under the authority provided in sections 81000 et seq. of the Government Code.

The Department is proposing to implement, interpret, and make specific sections 87300 through 87302, and 87306 of the Government Code.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The Political Reform Act (Gov. Code, § 81000 et seq.) requires each government agency to adopt a COIC, and agency personnel covered by the code to periodically file a financial disclosure statement known as a Statement of Economic Interests (Form 700). (See Gov. Code, §§ 87300 and 87302.)

Among other things, an agency’s COIC must enumerate employee positions with the agency that involve the making of, or participation in the making of, decisions that may foreseeably have a material financial effect on any economic interest of the employee and, for each enumerated position, the specific types of investments, business positions, interests in real property, and sources of income and gifts that are required to be disclosed on the statement of economic interests. (Gov. Code, § 87302.)

The proposed amendments and the reasons therefore, are as follows.

NEWLY DESIGNATED JOB CLASSIFICATIONS TO ADD/REMOVE

1. Add Information Technology (IT) Classifications relating to software and programmer activities.

After adoption of the Department’s COIC, which was effective August 20, 2014, feedback was received from staff that the designations related to information technology were deficient in the software and programmer areas (the current code focuses on hardware job classifications). The proposed amendment would add the IT classifications identified, and would assign to these newly-designated classifications the existing disclosure category 8, which relates specifically to information technology.

The proposed additional IT job classifications are listed below, along with the appropriate state Cal-HR identification number:

- 1587 Systems Software Specialist I (Technical)
- 1558 Systems Software Specialist II (Supervisory)
- 1373 Systems Software Specialist II (Technical)
- 1559 Systems Software Specialist III (Supervisory)
- 1367 Systems Software Specialist III (Technical)
- 1479 Assistant Information Systems Analyst
- 1382 Programmer I

2. Add Public Health Nutrition Consultant II/III (Specialist) and Public Health Nutrition Consultant III (Supervisory).

The existing Appendix A lists only “Public Health Nutrition Consultant II/III” and does not specify “Supervisor” or “Specialist” for the Public Health Nutrition Consultant III. The Department proposes to amend the

code to list both the supervisor and specialist classifications.

3. Add job classifications in the Health Program series.

Feedback from Department staff recommended adding two (2) health program–related classifications, but only to the extent that the employee is in a position that involves contract, procurement, or grant activity. The existing Appendix A already contains a number of such duty–driven listings, and the Department agrees that adding the identified classifications is appropriate. Thus, the classifications (and their related Cal–HR number) to be added to Appendix A are:

- 8427 Health Program Manager I
- 8428 Health Program Manager II
- 8429 Health Program Manager III

This group of Health Program Manager classifications will be added to the code as: “Health Program Manager I, II, III: only those who are regularly assigned tasks (above a clerical level) involving the development, review, or award of bids/contracts/grants.”

- 8338 Health Program Specialist I
- 8336 Health Program Specialist II

This group of Health Program Specialist classifications will be added to the code as: “Health Program Specialist I and II: only those who are regularly assigned tasks (above a clerical level) involving the development, review, or award of bids/contracts/grants.”

4. Delete obsolete job classifications relating to the Department’s Drinking Water program.

Effective July 1, 2014, the Department’s Drinking Water program was moved to the State Water Resources Control Board. Thus the Department proposes to delete the four (4) related classifications as follows:

- Sanitary Engineer
- Senior Sanitary Engineer
- Principle Sanitary Engineer
- Supervising Sanitary Engineer

**PROPOSED DISCLOSURE  
CATEGORY AMENDMENTS**

1. Change required disclosure for Assistant Directors to match disclosure required of the Department’s Director.

The current COIC assigns category 3, 5, and 7 to the classification of Assistant Directors. (Currently, the Department has only one Assistant Director.) This was an error, and the proposed amendment would change the applicable disclosure to be the same as the category 1 disclosure assigned to the Department’s Director. The scope of potential work assignments for an Assistant Director would generally be as diverse as that of the Director, and thus the disclosure for both classifications should be the same.

2. Remove “real property” from Disclosure Category 1.

Disclosure Category 1 is the broadest category, and is assigned only to the Department’s Director, Chief Deputies, and as discussed above, the Assistant Directors. The Department’s current COIC includes “Interests in real property in the State of California,” which historically had been a common component of what is generally referred to as “full disclosure.” However, the nature of a public health agency makes it highly unlikely that a specific piece of real property would be uniquely impacted by a Department decision. In order to avoid unreasonably broad and unnecessary disclosure, the proposed amendment would remove “Interests in real property in the State of California” from Disclosure Category 1.

3. Narrow Disclosure Categories 3, 5, and 7, tied to “the employee’s division.”

For the Department, a “Division” is an organizational unit that is generally quite large, diverse, and high in the organization chart. Most Divisions within the Department are broken down by branches and sections.

After adoption of the Department’s current COIC, it was found that referencing the employee’s “division” was overly broad, since most employees are instead under a subordinate branch or section that focuses on subject matters unique to that branch/section.<sup>1</sup> Requiring disclosure of financial interests tied to an entire division was found to be extremely burdensome, unreasonably broad, and unnecessary. Although an employee or his/her supervisor would know, or would be able to easily determine by simple inquiry the types of contracts or grants in which his or her branch or section is involved, it is much more difficult to determine the types of contracts/grants that are instead under other sections, branches, or the division level of the organization. Employees designated under categories 3, 5, and 7 are seldom involved, if at all, in contracts or grants from other sections or branches from elsewhere in their Division. Nonetheless, such employees, when preparing their Form 700, have had to engage in inquiries “up the chain of command” to identify the universe of contractors or grant recipients from throughout the employee’s entire division, despite the fact that the employee would seldom, if ever, be involved substantively with those other contracts or grants. That extra research and related administrative burden lacks any reasonably foreseeable benefit, and as discussed above, would not identify contractors or grantees with which the designated employee would usually be involved, either as a decision–maker or advice–giver.

In light of the above, the Department proposes to amend Disclosure Categories 3, 5, and 7 by changing

<sup>1</sup> There are organizational units below “section,” e.g. “unit,” but a unit is quite small.

“by the employee’s division” to “by the employee’s office<sup>2</sup>/section; if there is no section, then the reporting scope is the employee’s branch, and if there is no branch, the reporting scope is the employee’s division.”

### ADVISORY COMMITTEES

As part of this amendment, the Department proposes to add one (1) advisory committee, and delete another that has been disbanded. Currently, there are thirteen (13) departmental advisory committees that are designated to file a Form 700. The committee to be added, the AIDS Drug Assistance Program Medical Advisory Committee (ADAP–MAC), has been determined to meet the standard under which members of such committees are designated to file a Form 700, under the authority of Title 2, California Code of Regulations section 18701(a)(1) which applies to:

“ . . . salaried or unsalaried members of committees, boards or commissions with decision–making authority. A committee, board or commission possesses decision–making authority whenever:

- (i) It may make a final governmental decision;
- (ii) It may compel a governmental decision; or it may prevent a governmental decision either by reason of an exclusive power to initiate the decision or by reason of a veto that may not be overridden; or
- (iii) It makes substantive recommendations that are, and over an extended period of time have been, regularly approved without significant amendment or modification by another public official or governmental agency.”

#### 1. AIDS Drug Assistance Program Medical Advisory Committee (ADAP–MAC).

Based upon an express statute, the ADAP–MAC clearly meets the definition of a group that needs to file; approval by the ADAP–MAC is required prior to the Department’s Office of AIDS adding any new drug to its formulary.

California Health and Safety Code, section 120966 provides in pertinent part as follows:

- (a)(1) The program established under this chapter shall make available to any eligible person under this chapter any antiviral drug that is approved by the federal Food and Drug Administration for treatment of human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS), prescribed by the beneficiary’s medical care provider, and approved by the AIDS Drug Assistance Program Medical Advisory Committee of the Office of AIDS . . . .

<sup>2</sup> For the Department’s Directorate, “office” is used and generally synonymous with “section” or “branch.”

The Department interprets this statute as mandating approval by the ADAP–MAC as a mandatory step, and without such approval, cannot add any drug to the formulary.

For the ADAP–MAC, the proposed amendment would establish a separate and unique disclosure category tailored to potential financial interests that could be impacted by decisions or recommendations made by the ADAP–MAC. Since the ADAP–MAC deals only with approved pharmaceuticals, the Department proposes to adopt the following Disclosure Category 20:

Investments, business positions in business entities, and all sources of income (including receipt of loans, gifts, and travel payments) from pharmaceutical companies and retail drug stores.

#### 2. Delete WIC Program Local Agency Task Force.

The last meeting of this advisory group was held January 21–22, 2015, and the Department officially disbanded this group on August 12, 2015. As a result, the proposed amendment to the COIC deletes the WIC Program Local Agency Task Force from Appendix A, which lists the designated advisory committees, and the related Disclosure Category 20 for this group, contained in Appendix B.

### EVALUATION OF INCONSISTENCY AND INCOMPATIBILITY WITH EXISTING STATE REGULATIONS

The Department evaluated this proposal and determined that it, if adopted, will not be inconsistent or incompatible with existing state regulations. This evaluation included a review of the Department’s existing general regulations and those regulations specific to the implementation of the Political Reform Act.

### MANDATE ON LOCAL AGENCY OR SCHOOL DISTRICT

The Department has determined that the regulation would not impose a mandate on local agencies or school districts, nor are there any costs for which reimbursement is required by part 7 (commencing with section 17500) of division 4 of the Government Code.

### FISCAL IMPACT ESTIMATE

The Department has determined that the proposed code:

- (1) Imposes no cost or savings on any state agency.
- (2) Will not result in any other nondiscretionary cost or savings to local agencies.
- (3) Will not result in any cost or savings in federal funding to the state.

- (4) Will not have any potential cost impact on private persons, businesses or small businesses.

SIGNIFICANT STATEWIDE ADVERSE  
ECONOMIC IMPACT DIRECTLY AFFECTING  
BUSINESS, INCLUDING THE ABILITY  
TO COMPETE

The Department has made an initial determination that the proposed code would not have a significant, statewide adverse economic impact directly affecting California business enterprises or individuals, including the ability of California businesses to compete with businesses in other states.

RESULTS OF THE ECONOMIC  
IMPACT ASSESSMENT

The Department has determined that the regulation would not significantly impact the creation or elimination of jobs, the creation of new businesses or the elimination of existing businesses, or the expansion of businesses currently doing business within the State of California. This regulation does not affect worker safety or California's environment.

ALTERNATIVES INFORMATION

In proposing to adopt this conflict of interest code amendment, the Department must determine that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the amendment is proposed, would be as effective and less burdensome to affected private persons than the proposed amendment, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

AVAILABILITY OF STATEMENT OF REASONS  
AND TEXT OF REGULATIONS

The Department has prepared and has available for public review an initial statement of reasons for the proposed code and the text of the proposed amendment to the code. The Office of Regulations, at the address noted above, will be the location of public records related to the proposed code (rulemaking file).

**NOTICE OF PUBLIC COMMENT PERIOD  
PROPOSED CONSENT DECREE FOR  
SETTLEMENT REGARDING SUPERIOR  
PLATING SITE**

30-Day Public Comment Period:  
**October 21–November 20, 2016**

**WHAT IS BEING PROPOSED** — The California Department of Toxic Substances Control (DTSC) invites public comment on a proposed Consent Decree for settlement between the State of California Department of Toxic Substances Control (DTSC) and Su-Dale-Co, Inc. doing business as Superior plating company, Kenneth Jeffers, Adrienne Forester, and Leonard Forester (collectively, "Settling Defendants") regarding the Superior Plating Site (the "Site"). The Site is located at 389 East End Avenue, Pomona, California.

The Proposed Consent Decree resolves DTSC's claims against the Settling Defendants under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), 42 U.S.C. § 9601, et seq., and Hazardous Waste Control Law (HWCL) for the

Site. The Settling Defendants owned and/or operated the Site from approximately 1988 to 2009. Mr. Jeffers is the current owner of the Site.

DTSC filed a lawsuit pursuant to CERCLA and the HWCL to recover DTSC's costs of investigating and cleaning up hazardous substance releases at the Site against the Settling Defendants. Under the proposed Consent Decree, the Settling Defendants will pay \$168,000 to reimburse DTSC for part of DTSC's past response costs incurred at the Site, subject to certain conditions and reservations. Upon completion of their obligations under the Consent Decree, the Settling Defendants are entitled to contribution protection as provided by CERCLA.

**HOW CAN I GET INVOLVED?** DTSC will consider public comments on the proposed Consent Decree that are postmarked or received by November 20, 2016. Comments should include the phrase "Superior Plating CD Comments" in the subject line of the letter or e-mail. DTSC may withdraw its consent to the proposed Consent Decree if it receives comments that disclose facts or considerations that indicate the proposed Consent Decree is inappropriate, improper, or inadequate. Comments should be addressed to: Ms. Poonam Acharya, DTSC Project Manager, 5796 Corporate Avenue, Cypress, CA 90630-4732, E-mail: Poonam.Acharya@dtsc.ca.gov.

 OCTOBER 21, 2016

 TO CAUSE CANCER:  
 PENTACHLOROPHENOL AND  
 BY-PRODUCTS OF ITS SYNTHESIS  
 (COMPLEX MIXTURE)**

Effective **October 21, 2016**, the Office of Environmental Health Hazard Assessment (OEHHA) is adding *pentachlorophenol and by-products of its synthesis (complex mixture)* to the list of chemicals known to the state to cause cancer for purposes of Proposition 65<sup>1</sup>.

The listing of *pentachlorophenol and by-products of its synthesis (complex mixture)* is based on formal identification by the National Toxicology Program (NTP), an authoritative body<sup>2</sup>, that the chemical causes cancer. The criteria used by OEHHA for the listing of chemicals under the “authoritative bodies” mechanism can be found in Title 27, Cal. Code of Regs., section 25306.

The documentation supporting OEHHA’s determination that the criteria for administrative listing have been satisfied for *pentachlorophenol and by-products of its synthesis (complex mixture)* is included in the “Notice of Intent to List Pentachlorophenol and By-Products of its Synthesis (Complex Mixture)” posted on OEHHA’s website and published in the October 30, 2015 issue of the California Regulatory Notice Register (Register 2015, No. 44-Z). The publication of the notice initiated

a public comment period that closed on November 30, 2015. OEHHA received three public comments on *pentachlorophenol and by-products of its synthesis (complex mixture)*. The comments and OEHHA’s responses are posted with the Notice of Intent to List.

The chemical pentachlorophenol has been listed under Proposition 65 as known to cause cancer since January 1, 1990. This listing pertains to the complex mixture containing both pentachlorophenol and one or more compounds formed as by-products of pentachlorophenol synthesis.

A complete, updated chemical list is published in this issue of the *California Regulatory Notice Register* and is available on the OEHHA website at <http://oehha.ca.gov/proposition-65/proposition-65-list>.

In summary, *pentachlorophenol and by-products of its synthesis (complex mixture)* is listed under Proposition 65 as known to the state to cause cancer, as follows:

Chemical	CAS No.	Endpoint	Listing Mechanism*
<i>Pentachlorophenol and by-products of its synthesis (complex mixture)</i>	—	Cancer	AB (NTP)

\* Listing mechanism: AB — “authoritative bodies” mechanism (Title 27, Cal. Code of Regs. section 25306)

The Safe Drinking Water and Toxic Enforcement Act of 1986 requires that the Governor revise and republish at least once per year the list of chemicals known to the State to cause cancer or reproductive toxicity. The identification number indicated in the following list is the Chemical Abstracts Service (CAS) Registry Number. No CAS number is given when several substances are presented as a single listing. The date refers to the initial appearance of the chemical on the list. For easy reference, chemicals which are shown underlined are newly added. Chemicals which are shown with a strikethrough were placed on the list with the date noted, and have subsequently been removed.

**BOARD OF FORESTRY AND FIRE PROTECTION**  
 Listed Anadromous Salmonid Amendments, 2016

The Board of Forestry and Fire Protection (BOFFP) filed this action to amend sections 895.1 and 898.2 of title 14 of the California Code of Regulations. The amendment to section 895.1 clarifies that existing anadromous salmonid protection (ASP) regulations do not apply to those portions of watersheds that are upstream of natural or manmade barriers that are permanent and preclude anadromous fish passage. The amendment to section 898.2 will relieve the director of the Department of Forestry and Fire Protection from disapproving timber harvest plans in watersheds where anadromous salmonids that are listed on either the federal or state endangered species acts are present, which is currently required by section 898.2, to allow timber harvesting in watersheds where listed anadromous salmonids are present if a “take” is authorized by the appropriate federal or state wildlife agency in accordance with the federal or state endangered species acts, even when there are no barriers to fish passage.

OFFICE OF ENVIRONMENTAL HEALTH  
HAZARD ASSESSMENT  
Proposition 65 Bisphenol A — Warning Requirements

On May 11, 2015, the Office of Environmental Health Hazard Assessment (OEHHA) added bisphenol A (BPA) to the list of chemicals known to the state to

cause reproductive toxicity pursuant to the Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65). OEHHA submitted this emergency action to readopt the amendments to section 25603.3 of title 27 of the California Code of Regulations made in OAL File No. 2016-0408-02E. The amendments to section 25603.3 add provisions that, if followed, are deemed to comply with the Proposition 65 warning requirements for BPA.

The amendments provide for specified persons to either affix a label to canned and bottled food or beverage products that satisfies the warning requirements specified in title 27, California Code of Regulations, section 25603.2(a)2. or provide notices to retailers of exposure to BPA from specifically identified canned and bottled foods and beverages. They also contain a provision for retailers to post a specific warning sign at point-of-sale locations, which, as defined, includes electronic check-out functions on internet websites. The specific warning for BPA also provides the public with supplemental information through a link to OEHHA's website. The amendments also include a "right to cure" provision, which allows a retailer to cure minor deviations from the BPA warning requirement in specified circumstances. The amendments also include sunset provisions that make the BPA warning regulations inoperative one year after the date of adoption.

BPA is commonly used in linings of metal cans and lids of glass bottles containing food and beverages to prevent corrosion and microbial contamination. BPA can migrate into the food or beverage from the linings and lids of cans and bottles.
