

# California Regulatory Notice Register

REGISTER 2016, NO. 47-Z

PUBLISHED WEEKLY BY THE OFFICE OF ADMINISTRATIVE LAW

NOVEMBER 18, 2016

## PROPOSED ACTION ON REGULATIONS

### TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

*Conflict-of-Interest Code — Notice File No. Z2016-1107-01* ..... 2009

*Amendment*

Multi-County: Sacramento Area Flood Control Agency

### TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

*Conflict-of-Interest Code — Notice File No. Z2016-1108-01* ..... 2010

*Amendment*

Multi-County: Sierra-Plumas Joint Unified School District

### TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

*Conflict-of-Interest Code — Notice File No. Z2016-1108-02* ..... 2011

*Amendment*

Multi-County: Las Virgenes Unified School District  
BETA Healthcare Group Risk Management Authority

### TITLE 3. DEPARTMENT OF PESTICIDE REGULATION

*Copper-Based Antifouling Paints and Coatings — Notice File No. Z2016-1108-05* ..... 2012

### TITLE 13. DEPARTMENT OF MOTOR VEHICLES

*Business Partners Automation — Notice File No. Z2016-1108-03* ..... 2015

### TITLE 14. FISH AND GAME COMMISSION

*Use of Dogs for Pursuit/Take of Mammals — Notice File No. Z2016-1108-06* ..... 2018

## GENERAL PUBLIC INTEREST

### DEPARTMENT OF HEALTH CARE SERVICES

*Nursing Facility / Acute Hospital (NF/AH) Transition and Diversion Waiver Renewal* ..... 2020

(Continued on next page)

*Time-Dated  
Material*

FISH AND GAME COMMISSION

*Flat-Tailed Horned Lizard Final Consideration* ..... 2021

**DISAPPROVAL DECISION**

COMMISSION ON PEACE OFFICER STANDARDS AND TRAINING

*Training and Testing Specifications* ..... 2021

**SUMMARY OF REGULATORY ACTIONS**

Regulations filed with the Secretary of State ..... 2022

Sections Filed, June 8, 2016 to November 9, 2016 ..... 2025

---

The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (USPS 002-931), (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$205.00 (annual price). To order or make changes to current subscriptions, please call (800) 888-3600. "Periodicals Postage Paid in Saint Paul, MN." **POSTMASTER:** Send address changes to the: CALIFORNIA REGULATORY NOTICE REGISTER, Barclays, a subsidiary of West, a Thomson Reuters Business, P.O. Box 2006, San Francisco, CA 94126. The Register can also be accessed at <http://www.oal.ca.gov>.

**PROPOSED ACTION ON  
REGULATIONS**

*Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.*

**TITLE 2. FAIR POLITICAL  
PRACTICES COMMISSION**

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest codes of the following:

**CONFLICT-OF-INTEREST CODES**

**AMENDMENT**

**MULTI-COUNTY:** Sacramento Area Flood Control Agency

A written comment period has been established commencing on November 18, 2016, and closing on January 2, 2017. Written comments should be directed to the Fair Political Practices Commission, Attention Cynthia Jones, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict-of-interest code(s) will be submitted to the Commission's Executive Director for her review, unless any interested person or his or her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict-of-interest code(s), proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director of the Commission, upon her or its own motion or at the request of any interested person, will approve, or revise and approve, or return the proposed code(s) to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments or comments, in writing to the Executive Direc-

tor of the Commission, relative to review of the proposed conflict-of-interest code(s). Any written comments must be received no later than January 2, 2017. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

**COST TO LOCAL AGENCIES**

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

**EFFECT ON HOUSING COSTS  
AND BUSINESSES**

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

**AUTHORITY**

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code-reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code and approve it as revised, or return the proposed code for revision and re-submission.

**REFERENCE**

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

**CONTACT**

Any inquiries concerning the proposed conflict-of-interest code(s) should be made to Cynthia Jones, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

**AVAILABILITY OF PROPOSED  
CONFLICT-OF-INTEREST CODES**

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the re-

spective agency. Requests for copies from the Commission should be made to Cynthia Jones, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

## **TITLE 2. FAIR POLITICAL PRACTICES COMMISSION**

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest codes of the following:

### **CONFLICT-OF-INTEREST CODES**

#### **AMENDMENT**

**MULTI-COUNTY:** Sierra-Plumas Joint Unified School District

A written comment period has been established commencing on November 18, 2016, and closing on January 2, 2017. Written comments should be directed to the Fair Political Practices Commission, Attention Cynthia Jones, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict-of-interest code(s) will be submitted to the Commission's Executive Director for her review, unless any interested person or his or her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict-of-interest code(s), proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director of the Commission, upon her or its own motion or at the request of any interested person, will approve, or revise and approve, or return the proposed code(s) to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict-of-interest code(s). Any written comments must be received no later than January 2, 2017. If

a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

### **COST TO LOCAL AGENCIES**

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

### **EFFECT ON HOUSING COSTS AND BUSINESSES**

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

### **AUTHORITY**

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code-reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code and approve it as revised, or return the proposed code for revision and re-submission.

### **REFERENCE**

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

### **CONTACT**

Any inquiries concerning the proposed conflict-of-interest code(s) should be made to Cynthia Jones, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

### **AVAILABILITY OF PROPOSED CONFLICT-OF-INTEREST CODES**

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commission should be made to Cynthia Jones, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

**TITLE 2. FAIR POLITICAL PRACTICES COMMISSION**

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest codes of the following:

**CONFLICT-OF-INTEREST CODES**

**AMENDMENT**

**MULTI-COUNTY:** Las Virgenes Unified School District  
BETA Healthcare Group Risk Management Authority

A written comment period has been established commencing on November 18, 2016, and closing on January 2, 2017. Written comments should be directed to the Fair Political Practices Commission, Attention Ivy Branaman, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict-of-interest code(s) will be submitted to the Commission's Executive Director for her review, unless any interested person or his or her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict-of-interest code(s), proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director of the Commission, upon her or its own motion or at the request of any interested person, will approve, or revise and approve, or return the proposed code(s) to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict-of-interest code(s). Any written comments must be received no later than January 2, 2017. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

**COST TO LOCAL AGENCIES**

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

**EFFECT ON HOUSING COSTS AND BUSINESSES**

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

**AUTHORITY**

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code-reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code and approve it as revised, or return the proposed code for revision and re-submission.

**REFERENCE**

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

**CONTACT**

Any inquiries concerning the proposed conflict-of-interest code(s) should be made to Ivy Branaman, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

**AVAILABILITY OF PROPOSED CONFLICT-OF-INTEREST CODES**

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commission should be made to Ivy Branaman, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

### TITLE 3. DEPARTMENT OF PESTICIDE REGULATION

Copper-Based Antifouling Paint and Coating Products  
DPR Regulation No. 16-005

#### NOTICE OF PROPOSED REGULATORY ACTION

The Department of Pesticide Regulation (DPR) proposes to adopt 3 CCR section 6190. In summary, the proposed action requires registrants of all new copper-based antifouling paint and coating (AFP) products to submit estimated daily mean copper release rate (also referred to as leach rate) data as a requirement for registration. In addition, effective July 1, 2018, the proposed action establishes a maximum allowable copper leach rate for copper-based AFP products registered in California for use on recreational vessels and states that currently registered products exceeding the leach rate will be subject to cancellation. This proposed action also defines “recreational vessel” and “commercial vessel.”

#### SUBMITTAL OF COMMENTS

Any interested person may present comments in writing about the proposed action to the agency contact person named below. Written comments must be received no later than 5:00 p.m. on January 4, 2017. Comments regarding this proposed action may also be transmitted via e-mail to <dpr16005@cdpr.ca.gov> or by facsimile at 916-324-1491.

A public hearing is not scheduled. However, one will be scheduled if any interested person submits a written request to DPR no later than 15 days prior to the close of the written comment period.<sup>1</sup>

#### EFFECT ON SMALL BUSINESS

DPR has determined that the proposed regulatory action does affect small businesses.

#### INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

DPR protects human health and the environment by regulating pesticide sales and use and by fostering reduced-risk pest management. DPR’s strict oversight

includes: product evaluation and registration; statewide licensing of commercial and private pesticide applicators, pest control businesses, dealers, and advisers; environmental monitoring; and residue testing of fresh produce. This statutory scheme is set forth primarily in Food and Agricultural Code (FAC) Divisions 6 and 7.

Pesticides must be registered (licensed for sale and use) with the U.S. Environmental Protection Agency (U.S. EPA) before they can be registered in California. DPR’s preregistration evaluation is in addition to, and complements, U.S. EPA’s evaluation. Before a pesticide can be sold or used, both agencies require data on a product’s toxicology and chemistry — how it behaves in the environment; its effectiveness against targeted pests and the hazards it poses to nontarget organisms; its effect on fish and wildlife; and its degree of worker exposure.

DPR continues to evaluate pesticides after they are registered. DPR’s continuous evaluation program includes evaluating potential adverse effects resulting from the use of pesticide products and monitoring surface water for compliance with aquatic benchmarks.

In 2006, DPR initiated a study to sample water and sediment from 23 marinas in California to assess the geographical scope and severity of pollution stemming from the use of AFP products containing copper, zinc, and Irgarol®. During this multi-regional scientific investigation of AFP pollution across freshwater, brackish water, and saltwater marinas in California, DPR found that dissolved copper concentrations in saltwater and brackish water marinas often exceeded the U.S. EPA’s California Toxics Rule (CTR) copper water quality standards set forth in Title 40 Code of Federal Regulations section 131.38. Specifically, DPR detected dissolved copper concentrations exceeding the CTR chronic water quality standard of 3.1 micrograms per liter (µg/L) in more than half of these water samples, and exceeding the CTR acute water quality standard of 4.8 µg/L in about one third of these water samples. DPR also observed toxicity to aquatic test organisms in some marina samples that was likely caused by high dissolved copper concentrations.

Based on the results of the study, DPR concluded that copper-based AFP products applied to recreational vessels are likely a major source of dissolved copper in salt and brackish water marinas, particularly during dry weather periods. In addition, DPR found that the main pathway of copper contamination in marinas appears to be from passive leaching of copper-painted recreational vessel hulls and in-water hull cleaning of copper-painted recreational vessels.

Due to the frequent detections of dissolved copper concentrations above CTR standards in California saltwater marinas and the study findings, DPR placed copper AFP products containing the active ingredients cop-

<sup>1</sup> If you have special accommodation or language needs, please include this in your request for a public hearing. TTY/TDD speech-to-speech users may dial 7-1-1 for the California Relay Service.

per oxide, copper hydroxide, and cuprous thiocyanate into reevaluation in 2010. When a pesticide enters the reevaluation process, DPR reviews existing data and has the authority to require new data to determine the nature or the extent of the potential hazard and identify appropriate mitigation measures, if needed. Pursuant to the reevaluation, DPR required copper-based AFP registrants to generate and submit specific data including each product's paint type (e.g., ablative, epoxy, and vinyl) and copper leach rate.

Specifically, DPR required registrants of copper-based AFPs to submit an estimated copper leach rate for each product calculated using the International Organization for Standardization (ISO) method 10890:2010, as well as the supporting data used for the calculation. The ISO method describes a mass-balance calculation that estimates the mean biocide leach rate over the lifetime of an AFP, based on product specific data provided in the safety data sheet, technical data sheet, or confidential statement of formulation. Although the ISO method 10890:2010 is one of the most reliable methods to calculate a product leach rate, it tends to overestimate the actual release of copper into the environment. The ISO method strongly recommends the use of a correction factor to generate a more accurate real-world leach rate.

After DPR initiated its reevaluation, Assembly Bill (AB) 425 (Chapter 587, Statutes of 2013) required DPR "to determine a leach rate for copper-based AFPs used on recreational vessels and to make recommendations for appropriate mitigation measures that may be implemented to protect aquatic environments from the effects of exposure to that paint if it is registered as a pesticide."

Therefore, DPR is proposing to adopt section 6190 to address copper contamination in surface water from copper-based AFPs. DPR proposes to require registrants of all new copper-based AFP products submitted for registration to submit product-specific copper leach rate data calculated using ISO method 10890:2010.

For new products submitted for registration, DPR will verify the ISO calculation submitted by the registrant. As previously mentioned, since the ISO calculation tends to overestimate the real-world release of copper, DPR proposes using a recommended correction factor of 2.9 to calculate an adjusted daily mean copper leach rate.

DPR determined that a maximum allowable leach rate of 9.5 micrograms per square centimeter per day ( $\mu\text{g}/\text{cm}^2/\text{day}$ ) for copper-based AFP products used on recreational vessels would effectively reduce copper contamination of surface waters. Proposed subsection (c) establishes that the maximum allowable copper leach rate of  $9.5 \mu\text{g}/\text{cm}^2/\text{day}$  will apply to copper-based AFP products labeled to allow use on recreational vessels in California. Proposed subsection (c) provides

definitions for the terms "recreational vessel" and "commercial vessel."

DPR proposes to deny registration of any new copper-based AFP product that is labeled to allow use on recreational vessels in California if it exceeds the adjusted daily mean copper release rate of  $9.5 \mu\text{g}/\text{cm}^2/\text{day}$ , as calculated by DPR. Also, this proposed action specifies that any currently registered copper-based AFP product that exceeds the adjusted daily mean copper release rate of  $9.5 \mu\text{g}/\text{cm}^2/\text{day}$ , as calculated by DPR, and is labeled to allow use on a recreational vessel in California, will be subject to cancellation pursuant to FAC section 12825. DPR proposes to delay the effective date for implementing the maximum allowable copper leach rate for use on recreational vessels until July 1, 2018, to ensure there is adequate time for registrants impacted by these regulations to make modifications to their product and/or product label.

Adoption of this regulation will be a benefit to the environment. It will increase protection of aquatic organisms from potential adverse impacts by ensuring that all copper-based AFP products allowed for use on recreational vessels comply with a copper leach rate requirement that is intended to reduce the amount of copper in surface water.

During the process of developing these regulations, DPR conducted a search of any similar regulations on this topic and concluded that the proposed regulation is not inconsistent or incompatible with existing state regulations. DPR is the only agency that has the authority to regulate the sale and use of pesticides.

#### IMPACT ON LOCAL AGENCIES OR SCHOOL DISTRICTS

DPR determined that the proposed regulatory action does not impose a mandate on local agencies or school districts. DPR also determined that there are no costs to any local agency or school district requiring reimbursement pursuant to Government Code section 17500 et seq. There are no other nondiscretionary costs or savings imposed upon local agencies that are expected to result from the proposed regulatory action.

#### COSTS OR SAVINGS TO STATE AGENCIES

DPR determined that no savings or increased costs to any state agency will result from the proposed regulatory action.

#### EFFECT ON FEDERAL FUNDING TO THE STATE

DPR determined that no costs or savings in federal funding to the state will result from the proposed action.

### EFFECT ON HOUSING COSTS

DPR made an initial determination that the proposed action will have no effect on housing costs.

### SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT DIRECTLY AFFECTING BUSINESSES

DPR made an initial determination that adoption of this regulation will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

### COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

DPR is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action. DPR recognizes that the cost of modifying labels is more than the DPR application fee of \$25 and includes printing, repackaging, and other fees. Label amendments are a common part of standard business operations for pesticide registrants, and therefore, DPR is assuming that all copper-based AFP labels will be modified with other changes prior to the effective date of this regulation, which DPR intends to delay by six months.

### RESULTS OF THE ECONOMIC IMPACT ANALYSIS

Impact on the Creation, Elimination, or Expansion of Job/Businesses: DPR determined it is not likely the proposed regulatory action will impact the creation or elimination of jobs, the creation of new businesses or the elimination of existing businesses, or the expansion of businesses currently doing business with the State of California because the additional registration requirement imposed can be handled by existing registrant's staff as part of standard business operations. It would not impact those using AFPs on recreational vessels because there are many copper-based AFPs already in compliance with the proposed leach rate.

Adopting a maximum allowable copper leach rate limit for AFP products used on recreational vessels will benefit the environment by reducing the potential for adverse impacts to aquatic organisms in California marinas.

### CONSIDERATION OF ALTERNATIVES

DPR must determine that no reasonable alternative considered by the agency, or that has otherwise been identified and brought to the attention of the agency, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed regulatory action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of the law.

### AUTHORITY

This regulatory action is taken pursuant to the authority vested by FAC sections 11456, 12781, and 12976.

### REFERENCE

This regulatory action is to implement, interpret, or make specific FAC sections 11501, 12824, 12825, and 14012.

### AVAILABILITY OF STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATIONS

DPR prepared an Initial Statement of Reasons and is making available the express terms of the proposed action, all of the information upon which the proposal is based, and a rulemaking file. A copy of the Initial Statement of Reasons and the proposed text of the regulation may be obtained from the agency contact person named in this notice. The information upon which DPR relied in preparing this proposal and the rulemaking file are available for review at the address specified below.

### AVAILABILITY OF CHANGED OR MODIFIED TEXT

After the close of the comment period, DPR may make the regulation permanent if it remains substantially the same as described in the Informative Digest. If DPR does make substantial changes to the regulation, the modified text will be made available for at least 15 days prior to adoption. Requests for the modified text should be addressed to the agency contact person named in this notice. DPR will accept written comments on any changes for 15 days after the modified text is made available.

### AGENCY CONTACT

Written comments about the proposed regulatory action; requests for a copy of the Initial Statement of Rea-

sons, and the proposed text of the regulation; and inquiries regarding the rulemaking file may be directed to:

Linda Irokawa–Otani, Regulations Coordinator  
 Department of Pesticide Regulation  
 1001 I Street, P.O. Box 4015  
 Sacramento, California 95812–4015  
 916–445–3991

Note: In the event the contact person is unavailable, questions on the substance of the proposed regulatory action may be directed to the following back–up person at the same address as noted below:

Ann Hanger, Senior Environmental Scientist  
 (Specialist)  
 Registration Branch  
 916–324–3535

This Notice of Proposed Action, the Initial Statement of Reasons, and the proposed text of the regulation are also available on DPR’s Internet Home Page <<http://www.cdpr.ca.gov>>. Upon request, the documents can be made available in another language, or an alternate form as a disability–related accommodation.

AVAILABILITY OF FINAL STATEMENT OF REASONS

Following its preparation, a copy of the Final Statement of Reasons mandated by Government Code section 11346.9(a) may be obtained from the contact person named above. In addition, the Final Statement of Reasons will be posted on DPR’s Internet Home Page and accessed at <<http://www.cdpr.ca.gov>>.

TITLE 13. DEPARTMENT OF MOTOR VEHICLES

I. NOTICE IS HEREBY GIVEN

The Department of Motor Vehicles (department) proposes to amend sections 225.00, 225.03, 225.09, 225.12, 225.15, 225.30, 225.35, 225.39, and 225.42, in Article 3.6, Chapter 1, Division 1, Title 13 of the California Code of Regulations, relating to the Business Partner Automation (BPA) Program.

- **Public Hearing:** A public hearing regarding this proposed regulatory action is not scheduled. However, a public hearing will be held if any interested person or his or her duly authorized representative requests a public hearing to be held relevant to the proposed action by submitting a written request to the contact person identified in this notice no later than 5:00 p.m., fifteen (15) days prior to the close of the written comment period.
- **Deadline for Written Comments:** Any interested party or his or her duly authorized representative may submit written comments relevant to the proposed regulations to the contact person identified in this notice. All written comments must be received at the department no later than 5:00 p.m., January 2, 2017, the final day of the written comment period, in order for them to be considered by the department before it adopts the proposed regulation.
- **Authority and Reference:** The department proposes to adopt these regulations under the authority granted by Vehicle Code sections 1651 and 1685 in order to implement, interpret, or make specific Vehicle Code section 1685.

II. INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Vehicle code section 1685 authorizes the Department of Motor Vehicles (department) to enter into contracts with private industry business partners to facilitate electronic registration and titling transactions required for vehicles and vessels under the Vehicle Code. The department created the Business Partner Automation (BPA) program pursuant to the authority granted in Vehicle Code section 1685. The contracts are governed by the Public Contracting Code and regulations implementing that Code adopted by the Department of General Services. The department regulates non–contract aspects of the program to ensure department records remain accurate and to ensure the vehicle–owning public experiences the convenience of electronic registration and titling transaction being completed without the need to visit a department field office. Upon completion of an application process, payment of fees and meeting specified financial responsibility requirements, the department issues a permit to business partners. The program has grown to accommodate millions of registration and titling transactions per year securely and accurately.

Vehicle Code section 1685 creates three types of business partners. The statute recognizes a first–line business partner who may contract with the department directly to retrieve and submit electronic registration and titling information to the department for its own trans-

actions. A first-line service provider interfaces directly with the department to retrieve and submit registration and titling information electronically, and to submit fees associated with those transactions electronically, on behalf of their customers. Third, the first-line service provider's customers are second-line business partners, such as vehicle dealers, dismantlers, salvage yards, etc., who submit registration and titling transactions to the first-line service provider for vehicle and vessel owners.

The department relies on contracts and permits to regulate these business partners as permitted by Vehicle Code section 1685. Regulations governing the contracting and permitting procedures have been in place for many years. As the industry grows, the department periodically needs to update regulations.

**Problems the Department Intends to Address Through These Proposals:**

The department has identified one main area in which a problem exists. The current BPA fee structure is not sufficient to allow the department to adequately recoup the costs associated with processing original or renewal applications. Vehicle Code section 1685 subdivision (b)(2)(A) requires the filing of an application and the payment of an application fee. Business partners currently pay a fee of \$324 for their principal place of business and a fee of \$130 for each site added with the application. The renewal application fee is \$198 for a principal place of business and there is no renewal fee for each site location. The department has found that, at the time of original application, business partners with several sites are paying a site fee that does not adequately cover the costs to the department for processing each site application. Further, the department is recovering no costs associated with the site renewal. This proposed action will adjust fees in an amount sufficient to cover the costs of the application review process.

**Effect of the Proposed Rulemaking:**

The proposed amendments will ensure that fees cover the costs of permit applications and ensure that fingerprinting is conducted cost effectively for the owner, employee applicants and the department.

**Anticipated Benefits and Broad Objectives of the Proposals:**

These changes create the benefit of adjusting costs so the department recoups expenses associated with issuing permits, and eliminating unnecessary fingerprint submissions and the expenses associated with that activity. These adjustments help maintain a successful program that provides rapid registration services to the vehicle purchasing community conveniently and accu-

rately. Other changes correct typographical or grammatical errors in the regulations.

Specific changes are as follows:

**Amended Section 225.00**

The definition of the term "BPA permit" or "permit" is revised. The essential contents of the adopted permit form are included in the new definition, and the form itself is no longer adopted into the regulation. This change does not have a regulatory effect.

**Amended Section 225.03**

The application fee for an original permit is reduced from \$324 to \$305 for a principal place of business, and is increased from \$130 to \$232 for a site.

**Amended Section 225.09**

The bond form version date is changed to reflect an updated bond form is used. The updates remove discrepancies between the earlier version and the current regulations. This change does not have a regulatory effect.

**Amended Section 225.12**

Remove version date so that the current version of STD 213 adopted by Department of General Services is the required form. This change does not have regulatory effect.

**Amended Section 225.15**

Changes without regulatory effect conform the reference to the BPA permit to the revised definition in section 225.00 and remove reference to a repealed section of the Government Code.

**Amended Section 225.30**

Change without regulatory effect corrects the name of a form.

**Amended Section 225.35**

The renewal application fee is reduced from \$198 to \$144 for a principal place of business, and a fee of \$134 is added for a site. Revision of existing language regarding the renewal application due date without regulatory effect.

**Amended Section 225.39**

Grammatical corrections are made to clarify the first-line service provider has a continuing duty to implement and maintain the required policies and practices. These are required by contract and for permit renewal, but the duty is made explicit. Other grammatical changes are made. These are all non-substantive changes.

**Amended Section 225.42**

The permit application fee for adding a site location is increased from \$175 to \$232.

**Additional Determinations:**

- **Consistency and Compatibility with State Regulations:** The department conducted a review of other regulations and concludes that no other regulations adjust BPA fees, establish fingerprint requirement for BPAs, or any other change in these proposals.
- **Comparable Federal Statutes or Regulations:** There are no comparable federal statutes or regulations.
- **Documents Incorporated by Reference:** None.
- **Federal Law or Regulation Mandate:** These regulations are not mandated by federal law or regulations.
- **Local Agency/School District Mandate:** The proposed regulatory action will not impose a mandate on local agencies or school districts, or a mandate that requires reimbursement pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code.

III. IMPACT ASSESSMENTS

**Economic and Fiscal Impact Determinations:**

The department has made the following initial determinations concerning the proposed regulatory action:

- **Cost or Savings to Any State Agency:** None.
- **Other Non-Discretionary Cost or Savings to Local Agencies:** None.
- **Costs or Savings in Federal Funding to the State:** None.
- **Effects on Housing Costs:** None.
- **Impacts Directly Affecting Businesses:** The proposed regulations are not anticipated to have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states. The fee increase is less than \$200 per 3-year-period, on average, for participants with site locations.
- **Cost Impact on Representative Private Persons or Businesses:** The department is aware of the following cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action: Business partners with site locations may pay additional annual application/permit fees if the reduced fee for the principal location application does not offset the site increase. Participants with only a principle place of business permit will realize a savings.

- **Small Business Impact:** This proposed regulation will have a positive economic or fiscal impact on small business second-line business partners because of a reduction in the application fees for original and renewal applications for a principal place of business without sites in the BPA program.

**Results of the Economic Impact Statement:**

The department has made the following determinations when assessing the economic impact associated with this proposed regulation:

- **Creation or elimination of jobs or creation of new businesses or elimination of existing businesses within the State of California:** As these proposed regulations establish a readjustment of administrative fees, the department has determined that this proposed action will neither create nor eliminate jobs within the State of California, nor will the proposal create new businesses or eliminate existing businesses within California.
- **The Expansion of Businesses Currently Doing Business Within the State of California:** These regulations are unlikely to expand businesses within the State of California.
- **Benefits of the Regulations to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:** This proposed action will continue to impact the health and welfare of California residents by ensuring the fewest number of unregistered vehicles are operated on California roadways.

IV. ADDITIONAL INFORMATION

- **Public Discussion of Proposed Regulations:** A pre-notice workshop, pursuant to Government Code section 11346.45, is not required because the issues addressed in the proposal are not so complex or large in number that they cannot easily be reviewed during the comment period.
- **Alternatives Considered:** The department must determine that no reasonable alternative considered by the department or that has otherwise been identified and brought to the attention of the department would be more effective in carrying out the purpose for which the action is proposed, or would be effective as and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provisions of law.

- **Contact Person:** Any inquiries or comments concerning the proposed rulemaking action may be addressed to:

Tracy Brazil, Regulations Analyst  
Department of Motor Vehicles  
Legal Affairs Division  
P.O. Box 932382, MS C-244  
Sacramento, CA 94232-3820

Any inquiries or comments concerning the proposed rulemaking action requiring more immediate response may use:

Telephone: (916) 657-8919  
Facsimile: (916) 657-6243  
E-Mail: LADRegulations@dmv.ca.gov

In the event the contact person is unavailable, inquiries should be directed to the following back-up person:

Randi Calkins, Regulations Analyst  
Department of Motor Vehicles  
Telephone: (916) 657-6469

- **Availability of Statement of Reasons and Text of Proposed Regulations:** The department has prepared an Initial Statement of Reasons for the proposed regulatory action, and has available all the information upon which the proposal is based. The contact person identified in this notice shall make available to the public upon request the Express Terms of the proposed regulatory action using underline or italics to indicate additions to, and strikeout to indicate deletions from the California Code of Regulations.

The contact person identified in this notice shall also make available to the public, upon request, the Final Statement of Reasons and the location of public records, including reports, documentation and other materials related to the proposed action. In addition, the above-cited materials (the Notice of Proposed Regulatory Action, the Initial Statement of Reasons, the revised handbook and Express Terms) may be accessed at [www.dmv.ca.gov/about/lad/regactions.htm](http://www.dmv.ca.gov/about/lad/regactions.htm).

- **Availability of Modified Text:** Following the written comment period, and the hearing if one is held, the department may adopt the proposed regulations substantially as described in this notice. If modifications are made which are sufficiently related to the originally proposed text, the fully modified text, with changes clearly indicated, shall be made available to the public for at least 15 days prior to the date on which the department adopts the resulting regulations. Request for copies of any modified regulations

should be addressed to the department contact person identified in this notice. The department will accept written comments on the modified regulations for 15 days after the date on which they are first made available to the public.

## TITLE 14. FISH AND GAME COMMISSION

**NOTICE IS HEREBY GIVEN** that the Fish and Game Commission (Commission), pursuant to the authority vested by Sections 200, 202, 203, 3960, 3960.2 and 3960.4 of the Fish and Game Code and to implement, interpret or make specific Sections 3960, 3960.2 and 3960.4 of said Code, proposes to amend Section 265, Title 14, California Code of Regulations, relating to Use of Dogs for Pursuit/Take of Mammals or for Dog Training.

### INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW — INLAND FISHERIES

In April 2016, the Fish and Game Commission adopted changes to Section 265, Title 14, California Code of Regulations authorizing the use of GPS collars and treeing switches for dogs aiding a hunter. The Public Interest Coalition filed a petition in Superior Court in Sacramento County (Case No. 34-2016-80002350) seeking a Writ of Mandate invalidating the Fish and Game Commission's action. That petition alleges that the Commission failed to comply with the procedural requirements of CEQA. The Commission has determined that further rulemaking may be necessary to resolve that litigation. The rulemaking and the related CEQA analysis will also help to further inform the Commission about the issues related to regulating the use of dogs as an aid in hunting and associated equipment for those dogs. The proposed amended language would be necessary for such purposes.

Amend Section 265, Title 14, CCR, by adding new subsections (d)(1) and (d)(2) to prohibit the use of treeing switches and GPS collar equipment for dogs used in the taking of mammals.

### BENEFITS OF THE REGULATIONS

The regulation prohibits the use of treeing switches or GPS-equipped collars on dogs used for the pursuit/take of mammals.

### CONSISTENCY AND COMPATIBILITY WITH STATE REGULATIONS

The Fish and Game Commission, pursuant to Fish and Game Code Sections 200, 202 and 203, has the sole

authority to regulate hunting in California. Commission staff has searched the California Code of Regulations and has found no other agency with the authority to regulate the use of dogs for hunting mammals. Therefore the Commission has determined that the proposed amendments are neither inconsistent nor incompatible with existing State regulations.

**NOTICE IS GIVEN** that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in the Hilton Garden Inn San Diego Mission Valley/Stadium, 3805 Murphy Canyon Road, San Diego, California, on Thursday, December 8, 2016 at 8:00 a.m.; or as soon thereafter as the matter may be heard.

**NOTICE IS ALSO GIVEN** that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in Santa Rosa, California, on February 8, 2017, at 8:00 a.m., or as soon thereafter as the matter may be heard (a specific location will be determined and provided to interested and affected parties). It is requested, but not required, that written comments be submitted on or before 5:00 p.m. on January 19, 2017 at the address given below, or by email to [FGC@fgc.ca.gov](mailto:FGC@fgc.ca.gov). Written comments mailed, or emailed to the Commission office, must be received before 12:00 noon on February 3, 2017. All comments must be received no later than February 8, 2017, at the hearing in Santa Rosa, California. If you would like copies of any modifications to this proposal, please include your name and mailing address.

#### AVAILABILITY OF DOCUMENTS

The Initial Statement of Reasons, text of the regulations, as well as all related documents upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Valerie Termini, Executive Director, Fish and Game Commission, 1416 Ninth Street, Box 944209, Sacramento, California 94244-2090, phone (916) 653-4899. Please direct requests for the above-mentioned documents and inquiries concerning the regulatory process to Valerie Termini or Jon Snellstrom at the preceding address or phone number. **Craig Stowers, Environmental Program Manager, Department of Fish and Wildlife, phone (916) 445-3553**, has been designated to respond to questions on the substance of the proposed Use of Dogs for Pursuit regulations. Copies of the Notice of Proposed Action, the Initial Statement of Reasons, and the text of the regulation in underline and strikeout can be accessed through our website at <http://www.fgc.ca.gov>.

#### AVAILABILITY OF MODIFIED TEXT

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Circumstances beyond the control of the Commission (e.g., timing of Federal regulation adoption, timing of resource data collection, timelines do not allow, etc.) or changes made to be responsive to public recommendation and comments during the regulatory process may preclude full compliance with the 15-day comment period, and the Commission will exercise its powers under Section 202 of the Fish and Game Code. Regulations adopted pursuant to this section are not subject to the time periods for adoption, amendment or repeal of regulations prescribed in Sections 11343.4, 11346.4 and 11346.8 of the Government Code. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

#### IMPACT OF REGULATORY ACTION/RESULTS OF THE ECONOMIC IMPACT ASSESSMENT

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

- (a) Significant Statewide Adverse Economic Impact Directly Affecting Businesses, Including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. The proposed regulations will affect a limited number of hunters who pursue mammals with dogs. These hunters may still use other, non-GPS radio collar technology to track and retrieve dogs during the hunt.

- (b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:

The proposed action will not have significant impacts on the creation or elimination of jobs within the state, the creation of new businesses or the elimination of existing businesses, or the expansion of businesses in California. Sales of GPS collars are not anticipated to decrease as a result of the proposed regulation because GPS collars can still be used by dog owners in a wide variety of applications other than hunting. The Commission does not anticipate benefits to the health and welfare of California Residents, benefits to worker safety, nor to the State's environment.

- (c) Cost Impacts on Representative Private Persons/Businesses:  
The Commission is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.
- (d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.
- (e) Other Nondiscretionary Costs/Savings to Local Agencies: None.
- (f) Programs Mandated on Local Agencies or School Districts: None.
- (g) Costs Imposed on Any Local Agency or School District that is Required to be Reimbursed under Part 7 (commencing with Section 17500) of Division 4: None.
- (h) Effect on Housing Costs: None.

**EFFECT ON SMALL BUSINESS**

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in Plain English pursuant to Government Code Sections 11342.580 and 11346.2(a)(1).

**CONSIDERATION OF ALTERNATIVES**

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

**GENERAL PUBLIC INTEREST**

**DEPARTMENT OF HEALTH CARE SERVICES**

**Notice of 30-Day Public Comment Period  
November 21–December 23, 2016  
Nursing Facility / Acute Hospital Transition and  
Diversion Waiver Renewal**

**NOTICE IS HEREBY GIVEN** that the Department of Health Care Services (DHCS) intends to submit a 1915(c) Home and Community–Based Services Nursing Facility / Acute Hospital Transition and Diversion (NF/AH) Waiver renewal. This notice provides information of public interest with respect to DHCS seeking approval from the federal Centers for Medicare and Medicaid Services (CMS) to allow DHCS to renew the NF/AH Waiver. This proposal will be effective upon approval from CMS.

All comments and input received during this new public comment period, the public meetings, and the technical workgroups, as well as the first 30-day public comment period will still be considered for incorporation into the NF/AH Waiver.

**WRITTEN PUBLIC COMMENT PERIOD**

Any interested person or his or her authorized representative may submit written comments to the Department relevant to the changes described in this notice.

The draft NF/AH Waiver renewal and full waiver application discussed above will be posted on November 21, 2016, on the DHCS NF/AH Waiver Renewal webpage at: [http://www.dhcs.ca.gov/services/ltc/Pages/Nursing-Family-Acute-Hospital-\(NF--AH\)-Waiver-Renewal.aspx](http://www.dhcs.ca.gov/services/ltc/Pages/Nursing-Family-Acute-Hospital-(NF--AH)-Waiver-Renewal.aspx).

**Written public comments will be accepted from November 21, 2016 through 5:00 p.m. on December 23, 2016.**

Mail Delivery:

ATTN: Gopinath Vijayalakshmi  
Department of Health Care Services  
Long-Term Care Division  
1501 Capitol Avenue, MS 4502

The written comment period closes at 5:00 p.m. on December 23, 2016; any written comments regardless

of the method of transmittal must be received electronically by 5:00 p.m. or postmarked on this date, for consideration.

**FISH AND GAME COMMISSION**

**NOTICE OF FINAL CONSIDERATION  
OF PETITION**

NOTICE IS HEREBY GIVEN that, pursuant to the provisions of Fish and Game Code Section 2078, the California Fish and Game Commission (Commission), will consider potential listing of flat-tailed horned lizard (*Phrynosoma mcallii*) under the California Endangered Species Act at a hearing to be held on December 7–8, 2016, at 8:00 a.m., or as soon thereafter as the matter may be heard. The hearing is to be held at the Hilton Garden Inn San Diego Mission Valley/Stadium, 3805 Murphy Canyon Road, San Diego, California.

The full agenda, once published, and the video archive of previous meetings where actions were taken on flat-tailed horned lizard are available online at <http://www.fgc.ca.gov/meetings/>.

Pursuant to the provisions of Fish and Game Code sections 2075 and 2075.5, the Commission will consider the petition and all other information in the record before the Commission to determine whether listing flat-tailed horned lizard as an endangered species is warranted.

The petition, the California Department of Fish and Wildlife status review report, and other information in the record before the Commission are posted on the Commission website at <http://www.fgc.ca.gov/CESA/index.aspx#fthl>.

**DISAPPROVAL DECISION**

**DECISION OF DISAPPROVAL OF  
REGULATORY ACTION**

Printed below is the summary of an Office of Administrative Law disapproval decision. The full text of the disapproval decision is available at [www.oal.ca.gov](http://www.oal.ca.gov) under the “Publications” tab. You may also request a copy of a decision by contacting the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814–4339, (916) 323–6225 — FAX (916) 323–6826. Training**

**Regulatory Action:**

**Title 11, California Code of Regulations**

**Amend sections: 1005, 1007 1008**

**DECISION OF DISAPPROVAL OF  
REGULATORY ACTION**

**Government Code Section 11349.3**

**OAL Matter Number: 2016–0921–03**

**OAL Matter Type: Regular (S)**

**SUMMARY OF REGULATORY ACTION**

On September 21, 2016, the Commission on Peace Officer Standards and Training (Commission) submitted to the Office of Administrative Law (OAL) its proposed regulatory action to amend the California Code of Regulations, Title 11, sections 1005, 1007, and 1008. These amendments update the *Training and Testing Specifications for Peace Officer Basic Courses*, which is a document incorporated by reference. The update makes changes to several learning domains, such as the investigative report writing, vehicle operation, use of force, crimes in progress, crimes against the justice system, and first aid, CPR and AED.

On November 2, 2016, OAL notified the Commission that OAL disapproved the proposed regulations for failure to comply with the necessity standard of Government Code section 11349.1. This Decision of Disapproval of Regulatory Action explains the reasons for OAL’s action.

**DECISION**

OAL disapproved the above-referenced regulatory action because the proposed regulations failed to comply with the necessity standard of Government Code section 11349.1, subdivision (a)(1), and title 1 of the California Code of Regulations (CCR), section 10, subdivision (b).

**CONCLUSION**

For these reasons, OAL disapproved the above-referenced rulemaking action. Pursuant to Government

Code section 11349.4(a), the Commission may resubmit this rulemaking action within 120 days of its receipt of this Decision of Disapproval. If you have any questions, please do not hesitate to contact me at (916) 323-6824.

**SUMMARY OF REGULATORY  
ACTIONS**

**REGULATIONS FILED WITH  
SECRETARY OF STATE**

This Summary of Regulatory Actions lists regulations filed with the Secretary of State on the dates indicated. Copies of the regulations may be obtained by contacting the agency or from the Secretary of State, Archives, 1020 O Street, Sacramento, CA 95814, (916) 653-7715. Please have the agency name and the date filed (see below) when making a request.

File# 2016-0929-01  
BOARD OF ACCOUNTANCY  
Peer Review — Exclusions

In this rulemaking action, the Board of Accountancy amends Title 16, section 42, of the California Code of Regulations. The amendment adds to the list of services that are excluded from peer review. The regulation now includes firms that, as their highest level of work only perform preparation engagements, with or without disclaimer reports.

 STATE WATER RESOURCES CONTROL BOARD  
 Policy in Support of Restoration in the North Coast Region

This action by the State Water Resources Control Board amends the Water Quality Control Plan — North Coast Region to incorporate narrative amendment language from the Policy in Support of Restoration in the North Coast Region (Restoration Policy). The Restoration Policy recognizes the importance of restoration as well as the barriers to implementing restoration projects. The policy also describes work being done by the North Coast Water Board and describes the regulatory requirements for permitting projects as well as direction on how the North Coast Water Board and its staff will continue to promote and support restoration in the future. These amendments were adopted by the North Coast Regional Water Quality Control Board on January 29, 2015 pursuant to Resolutions No. R1-2015-0001 and R1-2015-0004 and approved by the State Water Resources Board on May 19, 2015 pursuant to Resolution No. 2015-00034.

 STATE WATER RESOURCES CONTROL BOARD  
 Emergency Regulation Amending FY 2016-17 Water Rights Fee Schedule

In this emergency rulemaking, the State Water Resources Control Board is amending sections 1062, 1064, and 1066 in title 23 of the California Code of Regulations. These changes (1) increase annual water right fees to conform to amounts appropriated by the Legislature from the Water Rights Fund and (2) adjust the caps on application and petition filing fees based on the consumer price index.
