SUMMARY OF REGULATORY ACTIONS

Regulations filed with the Secretary of State	1922
Sections Filed, July 5, 2017 to December 6, 2017	1924

The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$205.00 (annual price). To order or make changes to current subscriptions, please call (800) 328-4880. The Register can also be accessed at <http://www.oal.ca.gov>.

PROPOSED ACTION ON REGULATIONS

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission (the “Commission”), under the authority vested in it under the Political Reform Act (the “Act”)¹ by Section 83112 of the Government Code, proposes to adopt, amend, or repeal regulations in Title 2, Division 6 of the California Code of Regulations. The Commission will consider the proposed regulation at a public hearing on or after **January 18, 2018**, at the offices of the Fair Political Practices Commission, 1102 Q Street, Suite 3000, Sacramento, California, commencing at approximately **10:00 a.m.** Written comments must be received at the Commission offices no later than **5:00 p.m.** on **January 16, 2018**.

BACKGROUND/OVERVIEW

On October 7, 2017, Governor Brown signed AB 249 (Stats. 2017, Ch. 546) (“AB 249”) into law. The substantive provisions of the bill go into effect on January 1, 2018. AB 249 significantly changed various provisions in the Act. These changes include an overhaul of the Act’s advertising disclosure provisions.

In light of AB 249, staff is proposing amendments to implement the bill including harmonizing existing language and removing redundant language. The first phase of regulatory amendments will be proposed at the Commission’s December meeting followed by a second phase of amendments in January. This notice is for the second phase of regulatory amendments. Regulatory amendments scheduled for discussion in January include the following proposals as well as minor grammatical and technical changes to each of the regulations identified:

¹ The Political Reform Act is contained in Government Code Sections 81000 through 91014. All statutory references are to the Government Code, unless otherwise indicated. The regulations of the Fair Political Practices Commission are contained in Sections 18110 through 18997 of Title 2 of the California Code of Regulations. All regulatory references are to Title 2, Division 6 of the California Code of Regulations, unless otherwise indicated.

Regulation 18401 — Required Recordkeeping.

Existing Section 84104 requires each candidate, treasurer, principal officer, and elected officer to maintain detailed accounts, records, bills, and receipts necessary to prepare campaign statements, to establish that they were properly filed and to otherwise comply with the Act. Regulation 18401 further clarifies these record-keeping requirements.

AB 249 amends Section 84305 to include a definition of mass electronic mailing as well as sender identification requirements for mass electronic mailings. AB 249 also includes amendments to Section 84501 that reference the intermediary requirements of Section 84302, adding a requirement to disclose the names, and street addresses, in addition to occupation and employer information, of the contributors who earmarked funds, along with the amount of the earmarked contribution, when an earmarked contribution is received by a primarily formed committee from another primarily formed committee.

Staff proposes requiring committees to keep original source documentation for electronic mass mailings that must include information about the time and date any such mailings were sent, along with a sample of the electronic mass mailing. This is similar to the record-keeping requirements for non-electronic mass mailings. Staff also proposes adding recordkeeping requirements for primarily formed committees that receive earmarked contributions from other primarily formed committees. The staff proposal also includes clarification that retention of the last four digits of a credit card number, rather than the full number, is sufficient when keeping records of contributions received via electronic transactions. Finally, staff proposes adding a provision to this regulation requiring committees to keep a copy of campaign statements and reports filed as part of their records.

Regulation 18420.1 — Payments by State or Local Agencies for a Campaign Related Communication.

Current Regulation 18420.1 clarifies when a payment of public moneys by a governmental agency for a communication that expressly advocates for or against a candidate or measure is a contribution under Section 82015 or an independent expenditure under Section 82013. The regulation also contains examples of “mass media advertising” that include only television or radio spots.

Staff proposes amending Regulation 18420.1 to replace a reference to Regulation 18225 with a reference to Section 82025 because AB 249 has moved the provisions found in Regulation 18225 into Section 82025. Staff has noticed repeal of Regulation 18225 for this reason. Additionally, staff proposes modernizing this

regulation's examples of "mass media advertising" to include electronic media.

Regulation 18432.5 — Intermediary.

Existing Section 84302 prohibits any person from making a contribution on behalf of another person, or from acting as an intermediary or agent of another, without providing to the recipient of the contribution the full name, address, occupation and employer of the true source of the contribution as well as his or her own name, address, occupation and employer. The recipient of such a contribution must disclose both the intermediary and the true source of the contribution.

AB 249 amends Section 85704 to incorporate intermediary disclosure requirements of Section 84302 for earmarked contributions.

Staff proposes amendments to Regulation 18432.5 to incorporate this change.

Regulation 18440 — Telephone Advocacy.

Existing Section 84310 prohibits a "candidate, committee, or slate mailer organization" from expending campaign funds to pay for telephone calls that are similar in nature and aggregate 500 or more in number if those calls advocate support of, or opposition to, a candidate, ballot measure, or both, unless the organization that authorized or paid for the call is disclosed to the recipient of the call.

AB 249 amends Section 84310 so that the prohibition applies to a "candidate, candidate controlled committee established for an elective office for the controlling candidate, political party committee, or slate mailer organization" rather than a "candidate, committee, or slate mailer organization." AB 249 also amends Section 84310 by adding new subdivision (d) to that section, which provides that "[t]his section does not apply to a telephone call that is paid for by an independent expenditure."

Staff proposes amendments to Regulation 18440 to incorporate the changes to Section 84310 under AB 249, which include specifying the types of committees the regulation now applies to and adding that the regulation does not apply to a telephone call paid for by an independent expenditure.

Regulation 18450.4 — Contents of Disclosure Statements. Advertisement Disclosure.

Current Regulation 18450.4 clarifies the disclosure requirements in existing Sections 84503, 84504, 84506 and 84506.5 for video, audio, print media and electronic media advertisements.

AB 249 redefines criteria for disclosure statements on radio, telephone, television, video, print, and electronic media advertisements. (See Sections 84501 through 84504.5.) Therefore, most of the provisions of Regulation 18450.4 are no longer applicable or needed. A reference to the use of aggregation rules in Regula-

tion 18215.1 to determine when a contributor has reached the \$50,000 disclosure threshold is one piece of existing regulation 18450.4 that is not covered by AB 249. This provision is being proposed to be moved to Regulation 18450.1, which will be heard before the Commission at its December meeting.

Staff proposes the repeal of Regulation 18450.4.

Regulation 18531.10 — Communications Identifying State Candidates.

Section 85310 requires any person who makes a payment of \$50,000 or more for a communication disseminated within 45 days of an election that clearly identifies a candidate for elective state office, but does not expressly advocate for the election or defeat of the candidate, to file a report with the Secretary of State within 48 hours. Regulation 18531.10 defines terms used in Section 85310 and includes a reference to Regulation 18225, which defines the term "expenditure" under the Act. Regulation 18225 is proposed to be repealed in light of AB 249.

Staff proposes amending Regulation 18531.10 to replace a reference to Regulation 18225 with a reference to Section 82025, which now contains the substance of Regulation 18225.

Regulation 18533 — Contributions from Joint Checking Accounts.

Section 82015 of the Political Reform Act defines the term "contribution" to mean a payment, a forgiveness of a loan, a payment of a loan by a third party, or an enforceable promise to make a payment except to the extent that full and adequate consideration is received, unless it is clear from the surrounding circumstances that it is not made for political purposes. Regulation 18533 specifies the person or persons to whom a specific contribution is attributed when the contribution is made from a joint bank account. AB 249 sets forth specific statutory disclosure requirements when a contribution is earmarked.

Staff proposes amendments to Regulation 18533 to incorporate a reference to AB 249's earmarking provisions as they relate to contributions made from joint checking accounts.

Regulation 18901.1 — Campaign Related Mailings Sent at Public Expense.

Current Section 89001 states that no newsletter or mass mailing shall be sent at public expense. Regulation 18901.1 further defines when this prohibition applies.

Regulation 18901.1 includes a reference to Regulation 18225, which defines the term "expenditure" under the Act. However, Regulation 18225 is proposed to be repealed in light of AB 249. The regulation also contains examples of "mass media advertising" that include only television or radio spots.

Staff proposes amendments to Regulation 18901.1 to replace a reference to Regulation 18225 with a reference to Section 82025, which now contains the substance of Regulation 18225. Staff also proposes deleting a reference to Regulation 18901 and replacing it with a reference to Section 89002 because Senate Bill 45 (Stats. 2017, Ch. 827), signed by the Governor on October 15, 2017, moves relevant provisions of existing Regulation 18901 into Section 89002. Finally, staff proposes modernizing the regulation's examples of "mass media advertising" to include electronic media.

REGULATORY ACTION

Amend 2 Cal. Code Regs. Section 18401 — Required Recordkeeping

This regulation is being amended to specify required recordkeeping for electronic mass mailings sent by a candidate or committee, and source documentation required when an earmarked contribution is received by a primarily formed committee from another primarily formed committee. This proposal also clarifies that committees may keep records of only the last four digits of credit card numbers for contributions received electronically and requires committees to keep a copy in their records of filed campaign reports and statements.

Amend 2 Cal. Code Regs. Section 18420.1 — Payments by State or Local Agencies for a Campaign Related Communication

This regulation is being amended to correct an outdated reference to Regulation 18225 and replace it with a reference to Section 82025. It is also being amended to add electronic media to its listed examples of mass media advertising.

Amend 2 Cal. Code Regs. Section 18432.5 — Intermediary

This regulation is being amended to include a reference to Section 84302's disclosure requirements now applicable to earmarked contributions under AB 249.

Amend 2 Cal. Code Regs. Section 18440 — Telephone Advocacy

This regulation is being amended to incorporate amendments made to Section 84310 regarding the types of committees the section applies to as amended by AB 249 and to clarify that the section no longer applies to telephone calls paid for by independent expenditures.

Repeal 2 Cal. Code Regs. Section 18450.4 — Contents of Disclosure Statements. Advertisement Disclosure

This regulation is being repealed.

Amend 2 Cal. Code Regs. Section 18531.10 — Communications Identifying State Candidates

This regulation is being amended to correct an outdated reference to Regulation 18225 and replace it with a reference to Section 82025.

Amend 2 Cal. Code Regs. Section 18533 — Contributions from Joint Checking Accounts

This regulation is being amended to incorporate reference to Government Code Section 85704(b), defining earmarked contributions.

Amend 2 Cal. Code Regs. Section 18901.1 — Campaign Related Mailings Sent at Public Expense

This regulation is being amended to correct outdated references to Regulation 18225 and 18901 by replacing them with references to Section 82025 and Regulation 18901, respectively. The proposal also adds electronic media to its listed examples of mass media advertising.

SCOPE

The Commission may adopt the language noticed herein, or it may choose new language to implement its decisions concerning the issues identified above or related issues.

FISCAL IMPACT STATEMENT

Fiscal Impact on Local Government. This regulation will have no fiscal impact on any local entity or program.

Fiscal Impact on State Government. This regulation will have no fiscal impact on any state entity or program.

Fiscal Impact on Federal Funding of State Programs. This regulation will have no fiscal impact on the federal funding of any state program or entity.

AUTHORITY

Government Code Section 83112 provides that the Fair Political Practices Commission may adopt, amend, and rescind rules and regulations to carry out the purposes and provisions of the Political Reform Act.

REFERENCE

The purpose of these regulations is to implement, interpret, and make specific Government Code Sections 82013, 82015, 82031, 82041.5, 84104, 84100–84400, 84501–84504.5, 84506, 84506.5, 85301, 85303, 85700, 85704, and 89001.

CONTACT

Any inquiries should be made to Sukhi K. Brar, Fair Political Practices Commission, 1102 Q St., Suite 3000,

Sacramento, CA 95811; telephone (916) 322-5660 or 1-866-ASK-FPPC. Proposed regulatory language can be accessed at <http://www.fppc.ca.gov/the-law/fppc-regulations/proposed-regulations-and-notice.html>.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest codes of the following:

CONFLICT-OF-INTEREST CODES

AMENDMENT

STATE AGENCY: Teacher Credentialing Commission
MULTI-COUNTY: Metropolitan Transportation Commission
Bay Area Schools Insurance Cooperative

A written comment period has been established commencing on December 15, 2017, and closing on January 29, 2018. Written comments should be directed to the Fair Political Practices Commission, Attention Cesar Cuevas, 1102 Q Street, Suite 3000, Sacramento, California 95811.

At the end of the 45-day comment period, the proposed conflict-of-interest code(s) will be submitted to the Commission's Executive Director for her review, unless any interested person or his or her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict-of-interest code(s), proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director of the Commission, upon her or its own motion or at the request of any interested person, will approve, or revise and approve, or return the proposed code(s) to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the pro-

posed conflict-of-interest code(s). Any written comments must be received no later than January 29, 2018. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

EFFECT ON HOUSING COSTS AND BUSINESSES

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code-reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code and approve it as revised, or return the proposed code for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict-of-interest code(s) should be made to Cesar Cuevas, Fair Political Practices Commission, 1102 Q Street, Suite 3000, Sacramento, California 95811, telephone (916) 322-5660.

AVAILABILITY OF PROPOSED CONFLICT-OF-INTEREST CODES

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commis-

sion should be made to Cesar Cuevas, Fair Political Practices Commission, 1102 Q Street, Suite 3000, Sacramento, California 95811, telephone (916) 322-5660.

TITLE 2. STATE PERSONNEL BOARD

Notice is hereby given that the State Personnel Board (Board) proposes to adopt the regulatory changes described below. The Board will consider any and all comments, objections, or recommendations that may be timely submitted regarding this proposed action.

PUBLIC HEARING

A public hearing regarding the proposed regulatory action will be held on February 1, 2018, at 10:00 a.m. in Room 150 at 801 Capitol Mall, Sacramento, California.

WRITTEN COMMENT PERIOD

The written comment period closes on January 29, 2018, at 5:00 p.m. Any interested party, or his or her duly authorized representative, may submit written comments relevant to the proposed regulatory action to the contact person listed below.

Jeanne R. Wolfe
Senior Attorney
State Personnel Board
801 Capitol Mall, MS 53
Sacramento, CA 95814
Fax: (916) 653-4256
Email: jeanne.wolfe@spb.ca.gov

Comments must be received by the contact person no later than 5:00 p.m. on January 29, 2018.

AUTHORITY AND REFERENCE

The Board proposes to adopt the proposed action under the authority granted by the California Constitution, article VII, section 3, and Government Code sections 18502 and 18701 in order to implement, interpret, and make specific the provisions of California Constitution, article VII, section 3, and Government Code sections 19170 and 19173.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

A. Summary of Existing Laws and Regulations Related to the Proposed Action

The Board is a constitutional body responsible for enforcing California's civil service statutes and the merit

principle in the state civil service system. (Cal. Const., art. VII, §§ 1, subd. (b) & 3; Gov. Code, § 18660.) In addition, the Board, by majority vote of all its members, prescribes probationary periods. (Cal. Const., art. VII, § 3.) By rule, the Board may (1) increase the length of individual probationary periods by adding periods of time to any periods of time an employee, while serving as a probationer, is absent from his or her position; and (2) require an additional probationary period not to exceed the length of the probationary period of the class in which the probationer was appointed when the probationary employee returns after an extended period of absence and the remainder of the probationary period is insufficient to evaluate his or her current performance. (Gov. Code, § 19170.)

Regulations adopted by the Board are exempt from the Administrative Procedure Act (APA), except as expressly specified. (Gov. Code, §§ 18211, 18215, & 18216.) The Board's regulations concerning selection, examinations, and classification may be adopted by the Board without public notice or comment; however, regulations related to selection and examinations shall be reasonably available to all interested parties. (Gov. Code, § 18213.) The rulemaking procedures set forth in Government Code section 18214 apply to the adoption of Board regulations concerning other matters.

In this instance, the subject matter of the proposed regulations relates to probation, which is the final step in the civil service selection process. (Merit Selection Manual (Oct. 2003) § 1200, p. 1200.2; Personnel Management Policy and Procedures Manual (Jan. 15, 1986) § 320, p. 1.) These regulations are thus exempt from the APA process; however, the Board finds that a public comment period would be appropriate for this regulatory package.

B. Comparable Federal Regulations or Statutes

The Board has conducted a review of federal regulations and statutes and determined there are no comparable federal regulations or statutes.

C. Policy Statement Overview

This proposed regulatory action concerns extensions of probationary periods where the probationer has not worked the required number of hours for the probationary period. The proposal maintains the same amount of hours that must be served for probation, depending upon the required length of the probationary period, i.e., 840 hours for a six-month probationary period, 1260 hours for a nine-month probationary period, and 1680 hours for a one-year probationary period. The proposal also maintains an automatic extension of the probationary period until the probationer has worked the required number of hours. Where an extension of the probationary period is needed to provide the probationer with reasonable accommodation, the proposed regulatory ac-

tion maintains the current requirements but makes stylistic and technical changes for improved clarity and consistency.

In addition, the proposed regulatory action promotes fairness and transparency by requiring that where a probationary period is automatically extended the probationer shall be notified in writing of the extension. Where a probationer is continuously absent from work for a period of time that is one-third or more of the length of the probationary period and the appointing power finds that the automatic extension provides insufficient time to properly evaluate the probationer's job performance, the proposed action will simplify the one-third calculation by equating it to hours, e.g., one-third of the six-month probationary period equals 280 hours. The proposed regulatory action also simplifies the calculation for such an extension as not to exceed the length of time, calculated in hours, that the probationer was continuously absent.

Further, the proposed action clarifies the process the appointing power must follow where there is a continuous absence by a probationer. This change is also intended to promote a consistent, uniform, and fair procedure. The appointing power must submit to the California Department of Human Resources (the Department) a written request for the extension, as specified. After submission of all documents, the Department must promptly prepare for and submit to the Executive Officer a written evaluation of the request with a recommendation of whether to approve, modify, or deny the requested extension. Other changes to the regulation are stylistic and technical.

D. Evaluation of Consistency and Compatibility with Existing State Regulations

In reviewing other state regulations, the Board found that the instant regulatory proposal is consistent and compatible with existing state regulations.

DETERMINATION OF FISCAL IMPACT ON PUBLIC AGENCIES

The Board has made the following initial determinations:

- Mandate on local agencies and school districts: None.
- Cost to any local agency or school district that must be reimbursed in accordance with Government Code sections 17500 through 17630: None.

- Cost or savings to any State agency: This proposed regulatory package is intended to simplify, update, and make more efficient the procedures related to extensions of probationary periods. Therefore, the Board expects that any costs or savings to State agencies will be minimal, if any.
- Other nondiscretionary cost or savings imposed on local agencies: None.
- Cost or savings in federal funding to the State: None.

SIGNIFICANT EFFECT ON HOUSING COSTS

None.

ECONOMIC IMPACT ON BUSINESS

- Significant, statewide adverse economic impact directly affecting businesses including the ability of California businesses to compete with businesses in other states: None.
- Effect on small business: The proposed regulations only set standards related to state civil service extension of probationary periods. Accordingly, it has been determined that the adoption of the proposed regulation would not affect small businesses in any way.

DESCRIPTION OF COST IMPACT

The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

RESULTS OF ECONOMIC IMPACT ASSESSMENT

Adoption of these regulations will not:

1. Create or eliminate jobs within California.
2. Create new businesses or eliminate existing businesses within California.
3. Affect the expansion of businesses currently doing business within California.
4. Affect worker safety or the state's environment.

It is expected that the adoption of this regulatory package will have a positive impact on the general health and welfare of California residents in that the benefits of this proposed regulatory action include simplifying and improving procedures related to the extension of probationary periods in state civil service.

AUTHORITY AND REFERENCE

Education Code section 44225 authorizes the Commission to adopt these proposed regulation amendments. The proposed regulations interpret and make specific Education Code sections 44203, 44227, 44252, and 44259.2 pertaining to accreditation requirements for degrees, course work, and private school teaching experience used for certification purposes in California.

OBJECTIVES AND ANTICIPATED BENEFITS OF THE PROPOSED REGULATIONS

The proposed regulations have two key objectives:

1. To fully define and clarify accreditation requirements for degrees, course work, and private school teaching experience as it relates to certification requirements; and
2. To add the option for individuals to use a degree for certification purposes when that was earned during the time that their institution was under review for full accreditation, but had not yet been granted official accreditation status.

The Commission anticipates that the proposed amendments will promote fairness and prevent discrimination by removing barriers related to teacher certification and provide additional opportunities for individuals to qualify for credentials without the increased

expense of completing a second bachelor's degree. The Commission does not anticipate that the proposed regulations will result in an increase in openness and transparency in government, the protection of public health and safety, worker safety, or the environment, the prevention of social inequity, or an increase in openness and transparency in business.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Summary of Existing Laws and Regulations

This rulemaking action proposes amendments to Title 5 of the California Code of Regulations (CCR) section 80457 related to accreditation requirements for degrees, course work, and K-12 private school experience used for certification purposes as approved by the Commission at the June and September 2017 meetings.

Objective 1: Define "regional accreditation" and "accredited private school":

Several sections of the Education Code (EC) and Title 5 Regulations reference "regional accreditation" as a standard for course work and degrees that can be used for California teacher certification. As well, EC section 44259.2 provides a pathway for individuals with "accredited" K-12 private school teaching experience to qualify for certification. While these sections of statute clearly show that accreditation is a required qualifier for degrees, course work, and K-12 private school teaching experience, they do not fully define these terms.

The proposed amendments seek to clarify and make specific the reference to both "regional accreditation" and an "accredited private school" in the Education Code by defining them as accreditation granted by a regional accreditor as approved by the U.S. Department of Education. The U.S. Department of Education's website defines accrediting agencies as "organizations (or bodies) that establish operating standards for educational or professional institutions and programs, determine the extent to which the standards are met, and publicly announce their findings."¹ The U.S. Department of Education recognizes six agencies as regional accreditors, all of which are governed by the same section of federal regulations and therefore have similar standards for accrediting degree-granting colleges and universities.

The proposed definition assures the Commission that a college, university, or K-12 private school meets certain standards in relation to educational effectiveness, student learning, and institutional capacity. The proposed definition also aligns the private school experience requirement under Education Code section

¹ FAQs about Accreditation, U.S. Department of Education, <https://ope.ed.gov/accreditation/FAQAccr.aspx>.

44259.2 with other credential pathways that allow private school teaching experience. Title 5 sections 80413.3(c)(2) and 80048.3.1(c)(1) state that any private school teaching experience used towards certification must occur at a regionally accredited private school when qualifying based on out-of-state teaching experience. Title 5 §80509, which allows educators to submit an appeal to waive the student teaching component of a teacher preparation program based on teaching experience, also references regional accreditation as a requirement for acceptable experience.

Objective 2: Allow individuals to use a degree for certification purposes when that was earned during the time that their institution was under review for full accreditation, but had not yet been granted official accreditation status:

The current regulatory language in Title 5, section 80457(a) does not include an option for individuals to use their degree for certification purposes if their college degree was earned prior to their institution's official determination of accreditation. As well, regulations do not allow the Commission to accept an Institution of Higher Education's (IHE) determination of equivalency when a graduate's degree was granted prior to the IHE holding regional accreditation, despite the fact that many academic programs offered during an institution's preaccreditation/candidacy period are virtually the same or equivalent to the programs offered at the point of accreditation. This blocks individuals from obtaining any type of California certification that requires a degree, or from enrolling in a teacher preparation program, because they earned their degree from an institution prior to official regional accreditation.

The proposed amendments would provide an option for individuals who have earned their degree during an institution's period of candidacy/preaccreditation to use their degree(s) for certification purposes if the following conditions are met:

- a. The institution's period of candidacy/preaccreditation immediately preceded official accreditation; and
- b. The degree-granting institution provides a written statement that the degree conferred during candidacy/preaccreditation is equivalent to the same degree conferred during the period of accreditation.

An institution that has reached preaccreditation/candidacy status with a regional accrediting agency has demonstrated compliance with the requirements and standards set forth in the application for accreditation and is progressing towards full accreditation. The U.S. Department of Education's standards for regional accreditors include a preaccreditation status period of no more than five years. Preaccreditation is often referred

to as "candidacy" by many regional accrediting agencies, including the Western Association of Schools and Colleges (WASC) Senior College and University Commission, which is the regional accrediting body for California and other western states. The section of federal law that defines preaccreditation can be found in The Secretary's Recognition of Accrediting Agencies, 34 C.F.R. §602.3:

Preaccreditation means the status of public recognition that an accrediting agency grants to an institution or program for a limited period of time that signifies the agency has determined that the institution or program is progressing towards accreditation and is likely to attain accreditation before the expiration of that limited period of time.²

The U.S. Department of Education requires that accrediting agencies have sufficiently rigorous standards for preaccreditation status that are appropriately related to the agency's accreditation standards. As an example, the Western Association of Schools and Colleges (WASC), which is the regional accreditor for California institutions, defines their candidacy period as:

A status of preliminary affiliation with the Senior College and University Commission, awarded for a maximum of five years following a procedure for institutional review that includes self-study and on-site visitation. Candidacy indicates that the institution meets all or nearly all the Standards at a minimum level.³

A WASC determination of candidacy status occurs after an initial visit to the institution and signifies that the institution has the capacity to achieve the goal of substantial compliance needed for full accreditation in the near future. Oftentimes, course work or degree programs completed during the candidacy period are generally comparable to those offered after an institution is granted full accreditation; however, degrees conferred during the candidacy do not currently satisfy the degree requirement for certification.

The proposed changes regarding candidacy/preaccreditation are intended to provide additional opportunities to individuals whose degrees are essentially comparable to those issued by their institution after a recognition of regional accreditation. Such individuals who wish to pursue teacher certification can do so under these proposed regulations without having to pursue a new Bachelor's degree. This change will increase the number of individuals that meet the degree require-

ments set forth in regulations, making them eligible to enroll in a teacher preparation program.

DETERMINATION OF INCONSISTENCY/INCOMPATIBILITY WITH EXISTING STATE REGULATIONS

The Commission has determined that the proposed regulations are not inconsistent or incompatible with existing regulations. After conducting a review for any regulations that would relate to or affect this area, the Commission has concluded that 5 CCR section 80457 is the only regulatory section that defines accreditation requirements for degrees and course work to be used for certification purposes in California. No regulations currently define accredited private school teaching experience to be used for certification purposes in California.

DISCLOSURES REGARDING THE PROPOSED ACTIONS

The Commission has made the following initial determinations:

Mandate to local agencies or school districts: None.

Other non-discretionary costs or savings imposed upon local agencies: None.

Cost or savings to any state agency: None.

Cost or savings in federal funding to the state: None.

Significant effect on housing costs: None.

Significant statewide adverse economic impact directly affecting businesses including the ability of California businesses to compete with businesses in other states: None.

These proposed regulations will not impose a mandate on local agencies or school districts that must be reimbursed in accordance with Part 7 (commencing with section 17500) of the Government Code.

Cost impacts on a representative private person or business: The Commission is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Statement of the Results of the Economic Impact Assessment [Govt. Code § 11346.5(a)(10)]: The Commission concludes that it is (1) unlikely that the proposal will create any jobs within the State of California; (2) unlikely that the proposal will eliminate any jobs within the State of California; (3) unlikely that the proposal will create any new businesses within the State of California; (4) unlikely that the proposal will eliminate any existing businesses within the State of California; and (5) unlikely the proposal would cause the expansion of businesses currently doing business within the State of California.

Benefits of the Proposed Action: The Commission anticipates that the proposed amendments will promote fairness and prevent discrimination by removing barriers related to teacher certification and provide additional opportunities for individuals to qualify for credentials without the increased expense of completing a second bachelor's degree.

The Commission does not anticipate that the proposed regulations will result in an increase in openness and transparency in government, the protection of public health and safety, worker safety, or the environment, the prevention of social inequity, or an increase in openness and transparency in business.

Effect on small businesses: The proposed regulations will not have a significant adverse economic impact upon business. The proposed regulations apply only to individuals seeking to add additional teaching or content areas to existing California general education credentials.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code section 11346.5, subdivision (a)(13), the Commission has determined that no reasonable alternative considered by the agency or that has otherwise been identified and brought to the attention of the agency would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

The Commission invites interested persons to present statements or arguments with respect to alternatives to the proposed regulations during the written comment period or at the public hearing.

CONTACT PERSON/FURTHER INFORMATION

General or substantive inquiries concerning the proposed action may be directed to Erin Skubal by telephone at (916) 323-9596 or via written correspondence to Erin Skubal, Commission on Teacher Credentialing, 1900 Capitol Avenue, Sacramento, CA 95811. General inquiries may also be directed to David Crable (back-up contact) at (916) 323-5119 or at the address mentioned in the previous sentence. Upon request, a copy of the express terms of the proposed action and a copy of the initial statement of reasons will be made available. This information is also available on the Commission's website at www.ctc.ca.gov. In addition, all the information on which this proposal is based is available for inspection and copying.

AVAILABILITY OF THE INITIAL STATEMENT OF REASONS, TEXT OF PROPOSED REGULATIONS, DOCUMENT INCORPORATED BY REFERENCE, AND DOCUMENTS RELIED UPON

The entire rulemaking file is available for inspection and copying throughout the rulemaking process at the Commission office at the above address. Copies may be obtained by contacting Erin Skubal at the address or telephone number provided above.

MODIFICATION OF PROPOSED ACTION

If the Commission proposes to modify the actions hereby proposed, the modifications (other than nonsubstantial or solely grammatical modifications) will be made available for public comment for at least 15 days before they are adopted.

AVAILABILITY OF FINAL STATEMENT OF REASONS

The Final Statement of Reasons is submitted to the Office of Administrative Law as part of the final rulemaking package, after the public hearing. Upon its completion, copies of the Final Statement of Reasons may be obtained by contacting Erin Skubal at (916) 323-9596.

TITLE 19. STATE FIRE MARSHAL

NOTICE OF PROPOSED RULEMAKING

California Code of Regulations, Title 19, Division 1, Chapter 1, Section 3.28

Plans and Specifications

The State Fire Marshal (SFM) is providing notice to adopt proposed regulations related to correlation of existing statutory mandates. These proposed changes provide clarity to the State Fire Marshal's authority and function for state and local agencies or private entities.

WRITTEN COMMENT PERIOD

The SFM will accept written comments regarding this proposed regulatory action for at least 45 days beginning December 15, 2017 until 5:00 p.m. on January 29, 2018.

Comments may be submitted to the SFM via:

- Email: diane.arend@fire.ca.gov; or
- Facsimile: (916) 445-8459; or
- US Mail (postmarked no later than January 29, 2018):

Cal Fire/Office of the State Fire Marshal
P.O. Box 944246
Sacramento, CA 94244-2460
Attn: Diane Arend, Code Development & Analysis

PUBLIC HEARING

The SFM has not scheduled a public hearing on this proposed action. However, the SFM will hold a public hearing to accept comments if a written request is received from any interested party or their authorized representative no later than 15 days prior to the end of the 45-day written comment period, pursuant to Government Code Section 11346.8. Requests should be sent to the contact person at the address indicated above.

AVAILABILITY OF CHANGED OR MODIFIED TEXT

Following the 45-day comment period, the SFM may adopt the proposed regulations substantially as described in this notice. If modifications are made which are sufficiently related to the originally proposed text, the modified text — with changes indicated — shall be made available to the public for at least 15 days before the SFM adopts, amends, or repeals the regulations as revised. The SFM will accept written comments on the modified regulations for 15 days after the date on which they are made available. To be notified of any modifications, you must submit written/oral comments or request that you be notified of any modified regulations. Requests should be sent to the contact person at the address indicated above.

AUTHORITY AND REFERENCE

The State Fire Marshal is proposing this regulatory action pursuant to Health and Safety Code Sections 13108 and 13138(a), with reference to Section 13108 Health and Safety Code. These amendments are necessary to clarify the statutory mandate that the State Fire Marshal enforce building standards adopted by the

Building Standards Commission in all state-owned or state-occupied buildings and facilities, or portions thereof consistently throughout the state.

INFORMATIVE DIGEST — POLICY
STATEMENT OVERVIEW

The broad objective of the proposed action is to better define the regulatory requirements of the Office of the State Fire Marshal (OSFM) Fire and Life Safety Program.

The regulations proposed in this rulemaking action would specify and define the regulatory requirements of the OSFM Fire and Life Safety Program by making the following changes:

- Provide editorial updates, changes without regulatory effect, identified in California Code of Regulations, Title 19, Section 3.28.
- Provide reference to billing authority as mandated by the Health and Safety Code, Section 13138.
- Reflect the existing statutory authority transferred to Division of the State Architect as referenced in Government Code, Section 14963.

Summary of Existing Laws

Health and Safety Code Section 13108(c) requires the State Fire Marshal to enforce regulations adopted in California Code of Regulations relating to fire and panic safety in all state-owned buildings, state-occupied buildings, and state institutions. The enforcement of this law is accomplished through effective plan review and construction inspection conducted by the Office of the State Fire Marshal, Fire and Life Safety Division.

Health and Safety Code Section 13138 requires the State Fire Marshal to recover reasonable costs for the enforcement of the laws and regulations associated with building, renovating or remodeling of state-owned, leased or occupied buildings, or portions thereof.

Summary of Existing Regulations

Existing regulations regarding the proposed changes establish the requirements in California Code of Regulations, Title 19, Division 1, Chapter 1 for Plans and Specifications. The State Fire Marshal is proposing to amend CCR, Title 19, Chapter 1, Section 3.28.

Summary of Effect

These changes will have negligible effect on the State Building system. The largest effect these regulations have are to adjust and update business practices that are already firmly established and in-place in Statute.

Comparable Federal Statute or Regulations

There are no comparable federal regulations or statutes.

Evaluation of Consistency

The OSFM determined this proposed regulation is not inconsistent or incompatible with existing state regulations. After conducting a review for any regulations that would relate to or affect these areas, the OSFM has concluded that these are the only regulations that concern plans and specifications related to State-owned, leased or occupied buildings, or portions thereof, or the billing practices of the Fire and Life Safety Division within the Office of the State Fire Marshal for the purposes cited in the Health and Safety Code Sections 13108 and 13138(a).

Objective and Anticipated Benefits

With the passage of AB 1338 (added by Stats. 1991, Ch. 865, Sec 5) Section 14963 was added to the Government Code. This section transferred the duties and functions formerly conducted by the State Fire Marshal that relate to construction, school plan checking, and construction inspection to the Office of the State Architect. This package will clearly define the authority for submittal of school projects to the Office of the State Architect.

Pursuant to Health and Safety Code, Section 13108, these amendments also define the authority to the Office of the State Fire Marshal for state-owned and state-occupied buildings related to construction, building plan review and inspection.

Pursuant to Health and Safety Code, Section 13138(a), included are amendments to clearly define the ability to charge an amount sufficient to recover the costs incurred for fire and life safety building code inspections and related fire and life safety activities, such as plan review, construction, consulting, fire watch and investigation for state or local agencies or private entities.

The broad objective of the proposed action is to further define and clarify the statutory authority in the regulations for the SFM fire and life safety program. The specific benefit anticipated from the regulation is the consistent application and enforcement of regulations and business practices for the State Fire Marshal.

OTHER MATTERS PRESCRIBED BY STATUTE
APPLICABLE TO THE AGENCY OR ANY
SPECIFIC REGULATION OR CLASS
OF REGULATIONS

There are no other matters prescribed by statute applicable to the Office of the State Fire Marshal, or to any specific regulation. There are no other matters to identify.

DISCLOSURES REGARDING THE
PROPOSED ACTION

The State Fire Marshal has made the following initial determinations:

1. Mandate on local agencies and school districts: **None.**
2. Cost or savings to any other State agency: **None.**
3. Cost to any local agency or school district which must be reimbursed in accordance with Government Code, Sections 17500–17630: **None.**
4. Other non–discretionary cost or savings imposed upon local agencies: **None.**
5. Cost or savings in federal funding to the State: **None.**
6. Significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other States: **None.**
7. Significant effect on housing costs: **None.**

COST IMPACTS ON REPRESENTATIVE PERSON
OR BUSINESS

8. There is no cost impact that a representative private person or business would necessarily incur in reasonable compliance with the proposed action. The proposed regulations only clarify both practices and policies already implemented to ensure compliance with existing laws.

DECLARATION OF EVIDENCE

The OSFM has not relied on any other facts, evidence, documents, testimony or other evidence to make its initial determination of no statewide adverse economic impact.

RESULTS OF THE ECONOMIC IMPACT
ANALYSIS/ASSESSMENT

Adoption of these regulations *will not*:

- a) Create or eliminate jobs within California;
- b) Create new businesses or eliminate existing businesses within California; or
- c) Affect the expansion of businesses currently doing business within California.

The State Fire Marshal has assessed that this regulatory proposal:

- d) Will benefit the public health and welfare of California residents, worker safety, and the environment by clarifying the existing laws throughout the state.

EFFECT ON SMALL BUSINESS

The State Fire Marshal has made the initial determination that the proposed amendments to these regulations will have no effect on small businesses and the State Fire Marshal has not identified any alternatives that would lessen any adverse impact, if any, on small businesses. These changes only clarify existing statutory mandates already implemented by the Office of the State Fire Marshal.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5, subdivision (a)(13), OSFM must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action described in this Notice, or would be more cost–effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

The State Fire Marshal invites interested persons to present statements or arguments with respect to alternatives to the proposed regulations during the written comment period.

BUSINESS REPORT

This regulatory proposal does not mandate any new reporting or recordkeeping requirements beyond the business practice that has already been established by the SFM.

GENERAL PUBLIC INTEREST

DEPARTMENT OF SOCIAL SERVICES

NOTICE OF CORRECTION TO THE
CONFLICT-OF-INTEREST CODE
OF THE CALIFORNIA DEPARTMENT OF
SOCIAL SERVICES

Original notice number: Z-2017-1024-01
Original notice publication date: November 3, 2017

Updated notice publication date: December 15, 2017
Updated deadline: January 29, 2018

Correction needed to allow CDSS management the opportunity to review and approve this notice.

NOTICE IS HEREBY GIVEN that the **California Department of Social Services (CDSS)**, pursuant to the authority vested in it by section 87306 of the Government Code, proposes amendment to its conflict-of-interest (COI) code. A comment period has been established commencing on Friday, December 15, 2017 and closing on Monday, January 29, 2018. All inquiries should be directed to the contact listed below.

CDSS proposes to amend its conflict-of-interest code to include employee positions that involve the making or participation in the making of decisions that may foreseeably have a material effect on any financial interest, as set forth in subdivision (a) of section 87302 of the Government Code. The amendment carries out the purposes of the law and no other alternative would do so and be less burdensome to affected persons.

Changes to the conflict-of-interest code include:

- Updates to position names to reflect specific working titles instead of generic classifications;
- Adding a new disclosure category (Category 4) to report investments or positions with sources that are subject to CDSS regulatory, permit or licensing authority;
- Removing positions from the code that should not be designated as COI filers.

Any interested person may submit written comments relating to the proposed amendment by submitting them no later than Monday, January 29, 2018 or at the conclusion of the public hearing, if requested, whichever comes later. At this time, no public hearing is scheduled. A person may request a hearing no later than Monday, January 29, 2018.

CDSS has determined that the proposed amendments:

1. Impose no mandate on local agencies or school districts.
2. Impose no costs or savings on any state agency.
3. Impose no costs on any local agency or school district that are required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
4. Will not result in any nondiscretionary costs or savings to local agencies.
5. Will not result in any costs or savings in federal funding to the state.
6. Will not have any potential cost impact on private persons, businesses or small businesses.

All inquiries concerning this proposed amendment and any communication required by this notice should be directed to the CDSS Conflict-of-Interest help desk at conflictofinterest@dss.ca.gov.

NOTICE TO INTERESTED PARTIES

**CHEMICALS LISTED EFFECTIVE
DECEMBER 15, 2017
AS KNOWN TO THE STATE OF CALIFORNIA
TO CAUSE
REPRODUCTIVE TOXICITY:
CHLORPYRIFOS AND *n*-HEXANE**

Effective **December 15, 2017**, the Office of Environmental Health Hazard Assessment (OEHHA) is adding *chlorpyrifos* (CAS No. 2921-88-2) and *n-hexane* (CAS No. 110-54-3) to the list of chemicals known to the state to cause reproductive toxicity for purposes of the Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65¹). Chlorpyrifos and *n-hexane* were considered by the Developmental and Reproductive Toxicant Identification Committee (DARTIC) in its official capacity as the “state’s qualified experts” at a public meeting held on November 29, 2017. The DARTIC determined that chlorpyrifos was clearly shown through scientifically valid testing according to generally accepted principles to cause reproductive toxicity, based on the developmental endpoint. The committee also determined that *n-hexane* was clearly shown through scientifically valid testing according to generally accepted principles to cause reproductive toxicity, based on the male reproductive endpoint. Regulations for the listing of chemicals by the DARTIC are set out in Title 27, California Code of Regulations, section 25305(b)(1).

A complete, updated chemical list is available on the OEHHA website at http://www.oehha.ca.gov/prop65/prop65_list/Newlist.html and is published elsewhere in this issue of the *California Regulatory Notice Register*.

As indicated in the table below, chlorpyrifos is listed under Proposition 65 as known to the state to cause reproductive toxicity (developmental endpoint), and *n-hexane* is listed as known to cause reproductive toxicity (male reproductive endpoint), effective December 15, 2017.

The Safe Drinking Water and Toxic Enforcement Act

of 1986 requires that the Governor revise and republish at least once per year the list of chemicals known to the State to cause cancer or reproductive toxicity. The identification number indicated in the following list is the Chemical Abstracts Service (CAS) Registry Number. No CAS number is given when several substances are presented as a single listing. The date refers to the initial appearance of the chemical on the list. For easy reference, chemicals which are shown underlined are newly added. Chemicals which are shown with a strikethrough were placed on the list with the date noted, and have subsequently been removed.

**OFFICE OF ENVIRONMENTAL

**SAFE DRINKING WATER AND TOXIC
ENFORCEMENT ACT OF 1986
(PROPOSITION 65)**

NOTICE TO INTERESTED PARTIES

**ISSUANCE OF SAFE USE DETERMINATIONS
FOR DIISONONYL PHTHALATE (DINP) IN
INTERFACE GLASBAC® AND GLASBAC®RE
MODULAR CARPET TILES**

The California Environmental Protection Agency's Office of Environmental Health Hazard Assessment (OEHHA) is the lead agency for the implementation of the Safe Drinking Water and Toxic Enforcement Act of 1986¹. OEHHA received a request for a Safe Use Determination (SUD) for diisononyl phthalate (DINP)² in Interface GlasBac® and GlasBac®RE modular carpet tiles. The request was made by Interface, Inc. pursuant to Title 27 of the California Code of Regulations, section 25204(b)(3).

The only products covered by this request are Interface GlasBac® and GlasBac®RE modular carpet tiles that contain DINP only in the structural backing layer, with concentration limits specified by the requestor as follows: the concentration of DINP in the backing layer is no more than 9% by weight in GlasBac®RE modular carpet tiles and 16.06% by weight in GlasBac® modular carpet tiles. As the structural backing layer comprises 56% of the mass of the total tile, these concentrations are equivalent to a DINP concentration in the whole tile of 5.04% by weight in GlasBac®RE modular carpet tiles and 9% by weight in GlasBac® modular carpet tiles.

In accordance with the process set forth in Section 25204(f), OEHHA held a written public comment period on this request from May 19 to June 5, 2017. No public comments were received.

As provided in Sections 25204(a) and (k), OEHHA is issuing the following SUDs only to Interface, Inc. for DINP in Interface GlasBac® and GlasBac®RE modu-

lar carpet tiles with DINP content as specified in the request³:

1. OEHHA is issuing a safe use determination for *DINP exposures to professional carpet installers* from Interface GlasBac® and GlasBac®RE modular carpet tiles *that do not exceed the DINP content levels specified above.*
2. OEHHA is issuing a safe use determination for *DINP exposures to residents* of homes and other facilities from Interface GlasBac® and GlasBac®RE modular carpet tiles *that do not exceed the DINP content levels specified above.*

The essential elements and results of OEHHA's assessment are described in the supporting documentation available at: <http://oehha.ca.gov/proposition-65/proposition-65-safe-use-determinations-suds>.

Based on the screening level exposure analysis described in the supporting documentation, upper-end estimates of DINP exposures from Interface GlasBac® and GlasBac®RE modular carpet tiles with DINP content as specified above⁴ were made for professional carpet installers and residents of buildings where these products are installed. These estimates, 98.9 micrograms per day for professional installers and 93.1 micrograms per day for residents, were compared to the No Significant Risk Level (NSRL) for DINP of 146 micrograms per day. Thus, the estimated exposure to DINP from these Interface GlasBac® and GlasBac®RE modular carpet tiles is below the NSRL and corresponds to an excess cancer risk of less than one in 100,000 for both professional carpet installers and building residents. A warning is not required for workers (i.e., professional installers) for these specific products or for residents in buildings where these specific products are installed.

Supporting documentation for the Safe Use Determination is available on OEHHA's website at: <http://oehha.ca.gov/proposition-65/proposition-65-safe-use-determinations-suds>.

Questions regarding this notice should be directed to:

¹ The Safe Drinking Water and Toxic Enforcement Act of 1986, commonly known as Proposition 65, is codified at Health and Safety Code section 25249.5 *et seq.*

² DINP was listed under Proposition 65 as a chemical known to the state to cause cancer effective December 20, 2013.

³ DINP is present only in the structural backing layer of the tiles. The concentration of DINP in the backing layer is no more than 9% by weight in GlasBac®RE tiles and 16.06% by weight in GlasBac® tiles (equivalent to a DINP concentration in the whole tile of 5.04% by weight in GlasBac®RE tiles and 9% by weight in GlasBac® tiles).

PETITION DECISION

**DEPARTMENT OF BUSINESS
OVERSIGHT**

November 17, 2017
Mrs. Nancy B. Silberberg
President
Escrow Institute
P. O. Box 1069
Carlsbad, California 92018-1069

Re: Decision on Rulemaking Petition to Make Changes to Section 1740.2 of the California Code of Regulations to Redefine Liquid Assets and to Section 1740.3 of the California Code of Regulations to Redefine Current Liabilities

Dear Mrs. Silberberg:

The Department of Business Oversight (DBO) received and considered the Escrow Institute’s petition for rulemaking dated September 11, 2017 (Petition). The Petition requests:

1. With respect to the definition of “liquid assets,” that DBO update California Code of Regulations section 1740.2 to make the definition of liquid assets more consistent with generally accepted accounting principles.

2. With respect to the definition of “current liabilities,” that DBO amend California Code of Regulations section 1740.3 to exclude all leases for purposes of determining liquidity. The Petition states the proposed change is needed to ensure that licensees can continue to meet the liquidity requirement necessary to maintain licensure under the Escrow Law.

DBO appreciates the Escrow Institute’s interest in the new Financial Accounting Standards Board’s (FASB) lease accounting requirements potential impact on escrow agents in California and issues this decision on the Petition according to Government Code section 11340.7.

Section 11340.7 requires a decision on a petition for rulemaking to identify (1) the agency, (2) the party submitting the petition, (3) the provisions of the California Code of Regulations requested to be affected, (4) refer-

ence to authority to take the action requested, (5) the reasons supporting the agency determination, (6) an agency contact person, and (7) the right of interested persons to obtain a copy of the petition from the agency.

Agency Responding to the Petition

DBO hereby responds to the Petition, which seeks a decision on the rulemaking request from the Escrow Institute by the Commissioner of DBO. The Escrow Institute submitted copies of the Petition to DBO by mail on September 11, 2017. DBO acknowledged the petition on September 18, 2017, and at that time requested an extension of the 30-day response deadline of October 11, 2017. The Escrow Institute agreed to a 30-day extension, to allow for review by DBO, so the response deadline was changed to November 10, 2017. Thereafter, DBO convened a meeting to discuss the Petition and determined that the proposed regulatory changes within it were not necessary nor in the best interest of the public. Thus, DBO decided to deny the Petition.

Petitioner

Nancy B. Silberberg, President, submitted the Petition on behalf of the Escrow Institute.

California Code of Regulations Requested to be Affected

The Petition requests amendments to California Code of Regulations sections 1740.2 and 1740.3.

Authority to Take the Action Requested

DBO’s authority for the requested action is found under Financial Code section 17210, which requires escrow agent licensees to maintain a minimum of \$25,000 in liquid assets, in excess of liabilities, at all times and Section 17400, which authorizes the Commissioner to make, amend and rescind rules that are necessary to carry out the provisions of the Escrow Law and define any terms whose definitions are not inconsistent with the provisions of the Escrow Law.

Agency Determination and Supporting Reasons

Upon considering the Rulemaking Petition, DBO denies the Petition for the reasons that follow:

With respect to the request to update the definition of “liquid assets,” in California Code of Regulations section 1740.2, to make the definition more consistent with generally accepted accounting principles, DBO finds the changes are unnecessary. While the proposed changes would align the definition of “cash” with generally accepted accounting principles, the other proposed changes to the section would redefine “cash in transit” and “investments” without aligning them with generally accepted accounting principles.

With respect to the request to amend California Code of Regulations section 1740.3 to exclude all leases for the purpose of determining liquidity, DBO finds the change is not warranted nor in the interest of the public. The Petition states that the proposed change is needed to

ensure that licensees can continue to meet the liquidity requirement necessary to maintain licensure under the Escrow Law. However, DBO is concerned that excluding all leases for the purpose of determining liquidity would provide an incomplete view of a company's viability. DBO believes that the liquidity requirement is intended to be a sound measurement of a licensee's ability to meet its short-term financial obligations. If a licensee's lease obligations are excluded from its "liquid assets," the resulting amount will not provide DBO a good assessment of whether or not a company is financially sound. The DBO needs to know a company's complete financial status in order to help protect the public. If DBO determines that a company may be experiencing financial challenges based on its liquid assets, then DBO can attempt to avoid negative consequences to the public such as losses of consumers' funds. When companies are not financially viable, they may (1) use consumer funds to pay their own bills; or (2) go out of business. When consumers suffer such losses, they often only recover a portion of their funds. The new lease standard will require escrow companies to have additional assets, which will help ensure that escrow companies remain viable businesses.

Additionally, the new accounting standard will apply to all businesses that follow generally accepted accounting principles. DBO does not find that there is a convincing reason for escrow businesses to be exempted. The escrow industry has been aware of the new standard for several years, so escrow companies could have made — and still can make — alternate plans to meet their respective "liquidity requirements" in anticipation of its implementation on December 31, 2020.

Agency Contact Person

Sherri Kaufman, Senior Counsel in the Legal Division, is DBO's contact person for any inquiries involving the Petition and this decision.

**RESPONSE TO INFORMAL REQUEST FOR
AMENDING REGULATIONS AB 1000 —
PHYSICAL THERAPY DIRECT ACCESS
TITLE 22, CALIFORNIA CODE
OF REGULATIONS**

Dear Senator Wieckowski:

Thank you for contacting the California Department of Public Health (Department) requesting amendment of title 22 regulations to conform with changes implemented by passage of Assembly Bill 1000 (Ch. 620, St 2013). The Department accepts in part and denies in part your petition pursuant to Government Code section 11340.7, as detailed below.

Under Government Code section 11340.6, any interested person may petition the Department requesting the adoption, amendment, or repeal of a regulation. The petition must clearly and concisely state the substance or nature of the regulation, amendment, or repeal requested, the reason for the request, and reference to the authority of the state agency to take the action requested. The Department has interpreted your request as a rulemaking petition. Your petition for rulemaking was received by the Department on October 31, 2017.

With the assistance of the California Physical Therapy Association, you request amendments to California Code of Regulations, title 22, divisions 3 and 5. The request focuses on two issues: (1) due to a change in the scope of the Physical Therapy Practice Act, a consumer may directly initiate physical therapy treatment without a physician's referral, and (2) certain regulations no longer reflect the current status of the law or no longer make sense. For example, you note that current regulations refer to boards or committees that no longer exist.

Regarding the regulations that you state are now inconsistent with the amended statute, you have provided proposed text revisions for specific sections.

The Department has decided to accept in part and to deny in part the petition, as follows:

- Proposed amendments 1 through 6 pertain to the California Medi-Cal program within the Department of Health Care Services and are not

within the Department’s authority to initiate the rulemaking process. Thus, the Department denies this part of the petition.

- Proposed amendment 7 pertains to a number of the Department’s programs. The Department currently is developing revisions through the rulemaking process for the following: General Acute Care Hospitals—Definitions, Skilled Nursing Facilities, Intermediate Care Facilities, Home Health Agencies, and Intermediate Care Facilities for the Developmentally Disabled. The Department currently is in the early stages of development for revising Adult Day Health Centers and Correctional Treatment Centers through the rulemaking process. In developing these regulations, the Department will consider your comments.
- Proposed amendments 8 and 9 pertain to General Acute Care Hospitals—Supplemental Services. The Department currently is developing revisions through the rulemaking process and will consider your comments.
- Proposed amendment 10 pertains to Skilled Nursing Facilities. The Department currently is developing revisions through the rulemaking process and will consider your comments.
- Proposed amendments 11 and 12 pertain to Intermediate Care Facilities. The Department currently is developing revisions through the rulemaking process and will consider your comments.
- Proposed amendment 13 pertains to Home Health Agencies. The Department currently is developing revisions through the rulemaking process and will consider your comments.

If you have any questions, you may contact me at Keith.VanWagner@cdph.ca.gov or (916) 445–2012.

Sincerely,

/s/

In re:

Division of Labor Standards Enforcement

Regulatory Action:

Title 8, California Code of Regulations

Adopt sections: 11770, 11771, 11771.1, 11771.2, 11772, 11773

DECISION OF DISAPPROVAL OF REGULATORY ACTION

Government Code Section 11349.3

OAL Matter Number: 2017–1013–07

OAL Matter Type: Regular (S)

SUMMARY OF REGULATORY ACTION

On October 13, 2017, the Division of Labor Standards Enforcement (Division) within the Department of Industrial Relations submitted to the Office of Administrative Law (OAL) a proposed regulatory action to adopt various sections in Title 8 of the California Code of Regulations (CCR). This rulemaking action would have set standards for the child performer services permit program by interpreting, implementing, and making specific Labor Code section 1706, which prohibits any person from providing specified services if they are required to register as a sex offender pursuant to Penal Code sections 290 to 290.006. More specifically, the regulations prescribe who is required to comply with the permit requirements, set application fees, require application information, and establish standards for processing permit applications and permit renewals. The regulations also establish permit suspension and permit revocation procedures.

DECISION

On November 29, 2017, OAL notified the Division that OAL disapproved the proposed regulations because the regulations failed to comply with the clarity and necessity standards of Government Code section 11349.1 and the Division failed to follow procedural requirements of the California Administrative Procedure Act (APA). This Decision of Disapproval of Regulatory Action explains the reasons for OAL’s action.

CONCLUSION

For these reasons, OAL disapproved the above-referenced rulemaking action. Pursuant to Government

Code section 11349.4(a), the Division may resubmit this rulemaking action within 120 days of its receipt of this Decision of Disapproval. A copy of this Disapproval Decision will be emailed to the Division on the date indicated below.

Any changes made to the regulation text to address the issues discussed above must be made available for at least 15 days for public comment pursuant to Government Code section 11346.8 and section 44 of title 1 of the CCR prior to adoption. Additionally, any document relied upon and any supplement to the ISOR or other document the Division may create or otherwise propose to add to the record in order to address the necessity issue discussed above must be made available for at least 15 days for public comment pursuant to Government Code section 11347.1 prior to adoption. The Division must resolve all of the issues raised in this Decision of Disapproval, before resubmitting to OAL.

If you have any questions, please do not hesitate to contact me at (916) 323-6824.

CALIFORNIA DEBT LIMIT ALLOCATION
COMMITTEE
Request Process for December 2017

This emergency rulemaking by the California Debt Limit Allocation Committee (“CDLAC”) both adopts section 5259 and amends 17 sections in title 4 of the California Code of Regulations. Government Code section 8869.84, subdivision (c), states, “The committee shall prepare application forms and announce procedures for receipt and review of applications from state and local agencies desiring to issue private activity bonds.” The allocation system provides tax-exempt private activity bond allocation to state and local agencies. The changes in this emergency rulemaking (1) revise existing procedures and (2) allow for an additional allocation round at the end of December of 2017.

CALIFORNIA GAMBLING CONTROL
COMMISSION
Implementation of SB 112 (Chapter 363, Statutes of 2017)

This filing of changes without regulatory effect by the California Gambling Control Commission (Commission) amends sections in Title 4 of the California Code of Regulations regarding licensing requirements for licenses issued pursuant to the Gambling Control Act (Act). The Act previously required the Commission to deny a license to any applicant for various reasons, including, conviction of any state or federal felony that would constitute a felony if committed in California. SB 112, Chapter 363, Stats. 2017, amended Business and Professions Code section 19859, to exempt a conviction of a felony for possession of cannabis that would not constitute a felony or misdemeanor under California law on the date that the application for a license is submitted.

DEPARTMENT OF PARKS AND RECREATION
 Grants and Cooperative Agreements Program
 This filing of changes without regulatory effect by the Department of Parks and Recreation amends four sections in title 14 of the California Code of Regulations

and three documents incorporated by reference. The changes are in response to SB 249 (Stats. of 2017, ch. 459) that makes changes to the Off-Highway Motor Vehicle Recreation Act of 2003 that will be effective 1/1/18. These changes include adding Certified Community Conservation Corps and state recognized Native American tribes to the list of eligible applicants for the Grants and Cooperative Agreements Program. This action also lowers the match requirement for restoration projects from 25% to 10% of the total project cost.

 OCCUPATIONAL SAFETY AND HEALTH
 STANDARDS BOARD
 Airborne Contaminants — Benzyl Chloride

This rulemaking by the Occupational Safety and Health Standards Board (Standards Board) amends section 5155 in title 8 of the California Code of Regulations regarding exposure limits for airborne contaminants. The changes reduce the existing 8-hour time-weighted average Permissible Exposure Limits (PELs) of 1 ppm (5 mg/M3) to 0.03 ppm (0.16 mg/M3) for benzyl chloride. The amended PELs for benzyl chloride established by the Standards Board are more protective than the Federal Occupational Safety and Health Administration regulation.
