SUMMARY OF REGULATORY ACTIONS

Regulations filed with the Secretary of State 17
Sections Filed, July 26, 2017 to December 27, 2017 20

The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$205.00 (annual price). To order or make changes to current subscriptions, please call (800) 328-4880. The Register can also be accessed at <http://www.oal.ca.gov>.

**PROPOSED ACTION ON
REGULATIONS**

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

**TITLE 3. DEPARTMENT OF FOOD
AND AGRICULTURE**

The Department of Food and Agriculture (Department) amended subsection 3435(b) of the regulations in Title 3 of the California Code of Regulations pertaining to Asian Citrus Psyllid (ACP) Interior Quarantine as an emergency action which was effective on November 2, 2017. The Department proposes to continue the regulation as amended and to complete the amendment process by submission of a Certificate of Compliance no later than May 1, 2018.

This notice is being provided to be in compliance with Government Code Section 11346.4.

PUBLIC HEARING

A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Department no later than 15 days prior to the close of the written comment period.

WRITTEN COMMENT PERIOD

Any interested person or his or her authorized representative may submit written comments relevant to the proposed amendment to the Department. Comments may be submitted by mail, facsimile (FAX) at 916.651.2900 or by email to Dean.Kelch@cdfa.ca.gov. The written comment period closes at 5:00 p.m. on February 19, 2018. The Department will consider only comments received at the Department offices by that time. Submit comments to:

Dean Kelch
Department of Food and Agriculture
Plant Health and Pest Prevention Services

Sacramento, CA 95814
Dean.Kelch@cdfa.ca.gov
916.403.6650
916.651.2900 (FAX)

Following the public hearing if one is requested, or following the written comment period if no public hearing is requested, the Department, at its own motion, or at the instance of any interested person, may adopt the proposal substantially as set forth without further notice.

**INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW**

Existing law provides that the Secretary is obligated to investigate the existence of any pest that is not generally distributed within this state and determine the probability of its spread and the feasibility of its control or eradication (Food and Agricultural Code (FAC) Section 5321).

Existing law also provides that the Secretary may establish, maintain and enforce quarantine, eradication and other such regulations as she deems necessary to protect the agricultural industry from the introduction and spread of pests (FAC Sections 401, 403, 407 and 5322).

Anticipated Benefits from This Regulatory Action

Existing law, FAC Section 403, provides that the department shall prevent the introduction and spread of injurious insect or animal pests, plant diseases, and noxious weeds.

Existing law, FAC Section 407, provides that the Secretary may adopt such regulations as are reasonably necessary to carry out the provisions of this code that the Secretary is directed or authorized to administer or enforce.

Existing law, FAC Section 5321, provides that the Secretary is obligated to investigate the existence of any pest that is not generally distributed within this State and determine the probability of its spread, and the feasibility of its control or eradication.

Existing law, FAC Section 5322, provides that the Secretary may establish, maintain, and enforce quarantine, eradication, and such other regulations as are in her opinion necessary to circumscribe and exterminate or prevent the spread of any pest that is described in FAC Section 5321.

Existing law, CCR Section 3435, defines the state's interior quarantine area for ACP, articles and commodities covered by the quarantine, restrictions, and exemptions.

The existing law obligates the Secretary to investigate and determine the feasibility of controlling or eradicating pests of limited distribution, but establishes discretion with regard to the establishment and maintenance of regulations to achieve this goal. This amendment provides the necessary regulatory authority to prevent the artificial spread of a serious insect pest, which is a mandated statutory goal.

The amendment of this regulation benefits the citrus industries (nurseries, fruit growers, wholesalers, retailers, exporters) and the environment by expanding a quarantine program to prevent the artificial spread of ACP over long distances. Almost all of the commercial citrus fruit and nursery stock production in California is located outside this proposed quarantine area boundary.

National and international consumers of California citrus benefit by having high-quality fruit available at lower cost.

The amendment of this regulation benefits homeowners who grow citrus for consumption and host material that is planted as ornamentals in various rural and urban landscapes.

FAC Section 401.5 states, “the department shall seek to protect the general welfare and economy of the state and seek to maintain the economic well-being of agriculturally dependent rural communities in this state.” The amendment of this regulation is preventing the artificial spread of ACP to uninfested areas of the State. Huanglongbing (HLB) is generally distributed in Florida due to ACP being generally distributed there. The University of Florida Institute of Food and Agricultural Sciences Extension calculated the impact of HLB in Florida and concluded HLB had a total impact of \$3.64 billion and eliminated 0.08 percent of the total Florida workforce. The overall California economy benefits by the amendment of this regulation, which is intended to prevent ACP from becoming generally distributed in California, which would result in a similar effect on California’s economy as occurred in Florida. This amendment is now critical because HLB been introduced into California.

There is no existing, comparable federal regulation or statute regulating the intrastate movement of ACP hosts.

The Department considered any other possible related regulations in this area, and we find that these are the only regulations dealing in this subject area, and the only State agency that can implement plant quarantines. As required by Government Code Section 11346.5(a)(3)(D), the Department has conducted an evaluation of this regulation and has determined that it is not inconsistent or incompatible with existing state regulations.

AMENDED TEXT

The emergency rulemaking action expanded the quarantine area for ACP in Placer County by approximately 2 square miles. The effect of the amendment of

this regulation is to provide authority for the State to perform quarantine activities against ACP within this additional area. The total area that would be under regulation is now approximately 63,209 square miles.

DISCLOSURES REGARDING THE PROPOSED ACTION

The Department has made the following initial determinations:

Mandate on local agencies or school districts: None.

Cost or savings to any state agency: None.

Cost to any local agency or school district which must be reimbursed in accordance with Government Code Sections 17500 through 17630: None and no nondiscretionary costs or savings to local agencies or school districts.

Cost or savings in federal funding to the state: None.

The Department has made an initial determination that there will be no significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

Cost impacts on a representative private person or business: Most businesses will not be affected. There are zero citrus production nurseries in the affected area that will be impacted. There are zero retail nurseries in the affected area. There are zero citrus growers in the proposed area. There is no additional cost to growers who take their fruit to a packinghouse inside the current quarantine area. Growers choosing a packinghouse outside the quarantine area have three options: 1) conduct pre-harvest treatments with an approved pesticide while fruit is still on the trees, 2) field-clean the fruit to remove leaves and stems during harvest, 3) send the fruit to a packinghouse within the quarantine area to be cleaned. Pre-harvest treatments cost growers approximately \$60 per acre. Field cleaning the fruit will cost the grower approximately \$150–\$320 per acre depending on the citrus variety. Field-cleaned fruit can be moved within or from the quarantined area. Cleaning at a packinghouse within the quarantine area will cost the grower approximately \$300–400 per acre, and the fruit must remain within the quarantine area. There are zero citrus packinghouses located within this quarantine area.

Based on the preceding information, it was determined that, due to the amendment of Section 3435(b), the agency is not aware of any cost impact on a representative business or private person. For the vast majority of businesses within the regulated area, no additional costs will be incurred.

Small Business Determination

The Department has determined that the proposed regulations may affect small business.

Significant effect on housing costs: None.

Results of the Economic Impact Analysis

Amendment of these regulations will not:

- (1) Create or eliminate jobs within California;
- (2) Create new businesses or eliminate existing businesses within California; or
- (3) Affect the expansion of businesses currently doing business within California.

The Department is not aware of any specific benefits the amendment of this regulation will have on worker safety or the health of California residents. The Department believes the amendment of this regulation benefits the welfare of California residents by protecting the economic health of the entire citrus industry. In 2010 the estimated value was \$2.1 billion for citrus fruit and \$28.5 million for citrus nursery stock without all the upstream buyers and downstream retailers included (*Reference: John Gilstrap of California Citrus Nursery Board for citrus nursery stock value and USDA–National Agricultural Statistics Service 2010 data for citrus fruit*). This is a needed source of revenue for the State’s economic health and this amendment will help protect this source of revenue.

ALTERNATIVES CONSIDERED

The Department must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law than the proposal described in this Notice.

AUTHORITY

The Department proposes to amend Section 3435(b) pursuant to the authority vested by Sections 407, 5301, 5302 and 5322 of the FAC.

REFERENCE

The Department proposes this action to implement, interpret and make specific Sections 5301, 5302 and 5322 of the FAC.

CONTACT

The agency officer to whom written comments and inquiries about the initial statement of reasons, proposed actions, location of the rulemaking files, and request for a public hearing may be directed is: Dean Kelch, Department of Food and Agriculture, Plant Health and Pest Prevention Services, 1220 N Street, Room 210, Sacramento, California 95814, (916) 403–6650, FAX (916) 651–2900, E-mail: Dean.Kelch@cdfa.ca.gov. In his absence, you may contact Laura Petro at (916) 654–1017. Questions regarding the substance of the proposed regulation should be directed to Dean Kelch.

INTERNET ACCESS

The Department has posted the information regarding this proposed regulatory action on its Internet website (www.cdfa.ca.gov/plant/Regulations.html).

AVAILABILITY OF STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATIONS

The Department has prepared an initial statement of reasons for the proposed action, has available all the information upon which its proposal is based, and has available the express terms of the proposed action. A copy of the initial statement of reasons and the proposed regulations in underline and strikeout form may be obtained upon request. The location of the information on which the proposal is based may also be obtained upon request. In addition, when completed, the final statement of reasons will be available upon request. Requests should be directed to the contact named herein.

If the regulations adopted by the Department differ from, but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency officer (contact) named herein.

TITLE 3. DEPARTMENT OF FOOD AND AGRICULTURE

The Department of Food and Agriculture amended subsection 3591.15 of the regulations in Title 3 of the California Code of Regulations pertaining Melon Fruit Fly Eradication Area as an emergency action that was effective on October 10, 2017. The Department proposes to continue the regulation as amended and to complete the amendment process by submission of a Certificate of Compliance no later than April 16, 2018.

This notice is being provided in compliance with Government Code Section 11346.4.

PUBLIC HEARING

A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Department no later than 15 days prior to the close of the written comment period.

WRITTEN COMMENT PERIOD

Any interested person or his or her authorized representative may submit written comments relevant to the proposed amendment to the Department. Comments may be submitted by mail, facsimile (FAX) at 916.651.2900 or by email to Dean.Kelch@cdfa.ca.gov. The written comment period closes at 5:00 p.m. on February 19, 2018. The Department will consider only comments received at the Department offices by that time. Submit comments to:

INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW

Existing law provides that the Secretary is obligated to investigate the existence of any pest that is not generally distributed within this state and determine the probability of its spread and the feasibility of its control or eradication (FAC Section 5321).

Existing law also provides that the Secretary may establish, maintain and enforce quarantine, eradication and other such regulations as she deemed necessary to protect the agricultural industry from the introduction and spread of pests (FAC Sections 401, 403, 407 and 5322).

Anticipated Benefits from This Regulatory Action

Existing law, FAC section 403, provides that the department shall prevent the introduction and spread of injurious insect or animal pests, plant diseases, and noxious weeds.

Existing law, FAC section 407, provides that the Secretary may adopt such regulations as are reasonably necessary to carry out the provisions of this code which the Secretary is directed or authorized to administer or enforce.

Existing law, FAC section 5321, provides that the Secretary is obligated to investigate the existence of any pest that is not generally distributed within this State and determine the probability of its spread, and the feasibility of its control or eradication.

Existing law, FAC section 5322, provides that the Secretary may establish, maintain, and enforce quarantine, eradication, and such other regulations as are in the Secretary's opinion necessary to circumscribe and exterminate or prevent the spread of any pest which is described in FAC section 5321.

Existing law, CCR Section 3591.15, defines the state's eradication areas for melon fruit fly.

The existing law obligates the Secretary to investigate and determine the feasibility of controlling or eradicating pests of limited distribution, but establishes discretion with regard to the establishment and maintenance of regulations to achieve this goal. This amendment provides the necessary regulatory authority to prevent the artificial spread of a serious insect pest, which is a mandated statutory goal.

This regulation will benefit the public's general welfare by providing authority for the State to perform detection, control, and eradication activities against melon fruit fly in Santa Clara County.

The implementation of this regulation will prevent:

- direct damage to the agricultural industry growing host fruits
- indirect damage to the agricultural industry growing host fruits due to the implementation of quarantines by other countries and loss of export markets
- increased production costs to the affected agricultural industries
- increased pesticide use by the affected agricultural industries
- increased costs to the consumers of host fruits
- increased pesticide use by homeowners and others
- the need to implement a State interior quarantine
- the need to implement a federal domestic quarantine

There is no existing, comparable federal regulation or statute regulating the intrastate movement.

The Department considered any other possible related regulations in this area, and it found that these are the only regulations dealing in this subject area, and the Department is the only State agency which can implement these eradication areas for plant pests. As required by Government Code Section 11346.5(a)(3)(D), the Department has conducted an evaluation of this regulation and has determined that it is not inconsistent or incompatible with existing state regulations.

AMENDED TEXT

This emergency rulemaking action added Santa Clara County to the Melon Fruit Fly Eradication Area. The effect of the amendment of this regulation is to provide authority for the State to perform eradication activities against melon fruit fly in the county of Santa Clara.

DISCLOSURES REGARDING THE PROPOSED ACTION

The Department has made the following initial determinations:

Mandate on local agencies and school districts: None.

Cost or savings to any state agency: None.

Cost to any local agency or school district which must be reimbursed in accordance with Government Code sections 17500 through 17630: None and no nondiscretionary costs or savings to local agencies or school districts.

Cost or savings in federal funding to the state: None.

Significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states: None.

Cost impacts on a representative private person or business: The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Small Business Determination

The Department has determined that the proposed regulations may affect small businesses.

Significant effect on housing costs: None.

Results of the Economic Impact Analysis

Amendment of these regulations will not:

- (1) Create or eliminate jobs within California;
- (2) Create new businesses or eliminate existing businesses within California; or
- (3) Affect the expansion of businesses currently doing business within California

The Department has determined the amendment of this regulation would benefit:

- the general public
- homeowners and community gardens
- agricultural industry
- the State's general fund

There are no known specific benefits to worker safety or the health of California residents.

ALTERNATIVES CONSIDERED

The Department must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law than the proposal described in this Notice.

AUTHORITY

The Department proposes to amend subsection 3591.15(a)(1) pursuant to the authority vested by Sections 407 and 5322 of the Food and Agricultural Code.

REFERENCE

The Department proposes this action to implement, interpret and make specific Sections 407, 5322, 5761, 5762 and 5763 of the Food and Agricultural Code.

CONTACT

TITLE 4. CALIFORNIA SCHOOL FINANCE AUTHORITY

Article 1.5, Sections 10170.2 through 10170.10 Title 4, Division 15

NOTICE IS HEREBY GIVEN that the California School Finance Authority (Authority), to organize and operate pursuant to Sections 17170 through 17199.5 of the Education Code, proposes to amend the regulations described below after considering all comments, objections, and recommendations regarding the proposed action. Any person interested may present written statements or arguments relevant to the proposed action to the attention of the Contact Person as listed in this Notice no later than 5:00 p.m. on Tuesday, February 20, 2018. The Authority Board, upon its own motion or at the instance of any interested party, may thereafter adopt the proposal substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the excep-

tion of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person(s) designated in this notice as contact person and will be mailed to those persons who submit statements related to this proposal or who have requested notification of any changes to the proposal.

PROPOSED REGULATORY ACTION

The Authority proposes to adopt Sections 10170.2 through 10170.10 of Title 4 of the California Code of Regulations (Regulations) as permanent regulations. The Regulations implement the Authority's responsibilities related to the Charter School Facility Grant Program (Program).

AUTHORITY AND REFERENCE

Authority: Section 47614.5 of the Education Code. Section 47614.5(m) allows the Authority to adopt regulations in order to administer the Program.

Reference: Section 47614.5 of the Education Code, Section 47600, et seq., of the Education Code, Section 47605 of the Education Code, and Section 47612.5 of the Education Code. The Regulations include a number of the requirements of the Program contained in Section 47614.5. They also rely on specific provisions within the Charter Schools Act of 1992, commencing with Section 47600 of the Education Code.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The Authority was created in 1985 to assist school districts and community college districts in financing school construction projects (Education Code Section 17170, et seq.). The Authority is authorized to adopt by-laws for the regulation and conduct of its business, and is vested with all powers reasonably necessary to carry out its powers and responsibilities (Education Code Sections 17179 and 17180).

Pursuant to Education Code, Section 47614.5, the State Legislature directed the Authority to commence administration of the Program with the 2013-14 fiscal year and to adopt regulations to implement the statute. Effective July 1, 2013, the Authority initiated its administration of the Program, and pursuant to Section 47614.5(m), a Certificate of Compliance was approved on August 6, 2014 (OAL Regulatory Action #2014-0625-01C).

OAL approved a second permanent rulemaking action pursuant to Government Code, Section 11346.1(h) on May 3, 2016 (OAL Regulatory Action #2016-0401-02SR). A Certificate of Compliance was approved on May 6, 2016 (OAL Regulatory Action #2016-0401-02SR).

OAL approved a third permanent rulemaking action pursuant to Government Code, Section 11346.1(h) on August 24, 2017 (OAL Regulatory Action #2017-0719-02S). A Certificate of Compliance was approved on August 24, 2017 (OAL Regulatory Action #2017-0719-02S).

The Authority adopted a fourth emergency regulation packet through the Office of Administrative Law’s (OAL’s) Emergency Rulemaking procedures, and such emergency regulations were approved by OAL on November 2, 2017 (OAL Regulatory Action #2017-1023-02E). In order to establish permanent regulations for purposes of administration of the Program, the Authority is proposing permanent regulations through OAL’s permanent rulemaking process and through submission of a Certificate of Compliance.

The proposed regulations set forth the Authority’s policies and procedures for administering the Program, including: definitions; minimum eligibility requirements; eligible costs; application submission and content requirements; basis for determining estimated annual entitlement calculation; basis for final fiscal-year entitlement calculation; procedures for apportionment of grant funds and appeals; and policies governing Grantee obligations, responsibilities and approval of grant use change.

In order to be eligible for Program grant funds, Applicants are required to meet minimum eligibility requirements, which include, but are not limited to, the following: (1) applications are submitted by or on behalf of a Charter School; (2) a current charter has been awarded and is in place at the time of the application submission, or in the case of a first year charter, there is evidence that a charter petition has been submitted for approval to the Chartering Authority; and (3) either fifty-five percent (55%) or more of the student enrollment at the charter school site must be eligible for free or reduced-price meals (FRPM); or the charter school site for which grant funds are requested must be physically located in the local attendance area of a public elementary school that has fifty-five percent (55%) or more of its students eligible for FRPM.

Pursuant to Education Code, Section 47614.5(f), the Program provides assistance to charter schools with the following types of costs: costs associated with facilities, consistent with the definitions used in the California School Accounting Manual or regulations adopted

by the Authority; and costs associated with common area maintenance. For a description of further benefits, please see part “d” under the “Results of Economic Impact Assessment.”

After conducting an evaluation of any related regulations on this matter, the Authority has concluded that these are the only regulations dealing with the Program, and therefore, these proposed regulations do not present any inconsistencies or incompatibilities with existing state regulations.

The Regulations are briefly summarized below.

Section 10170.2 — “Definitions”:

This section amended the definition for Applicant and Invoice Expenditure Report. This section also added a definition for Average Daily Attendance Gap (ADA Gap) and Cost of Living Adjustment Index (COLA).

Section 10170.3 — “Eligible Applicant”:

This section removes (d)(4), the outdated 2015-16 additional funding round. In section (f)(1) there was a wrong letter sequence as the letters “a, b, and c” were replaced with the letters A, B and C.

Section 10170.4 — “Eligible Costs”:

In this section, amendments to (1)(A) and (B) provide further clarification on rent and lease costs beginning with the 2018-19 funding round. In subdivision (A) reimbursable facility rent or lease costs may not exceed prior year’s costs, adjusted to be consistent with the current year COLA Index, as defined in Section 10170.2. In subdivision (1)(B) applicants submitting new facility agreements shall submit an appraisal to validate rent or lease costs are at or below market rate. In subdivision (d) the amendment increases the current program award amount to \$1,117 per unit of “the ADA Cap as defined in Section 10170.2 (f).”

Section 10170.5 — “Application Submission”:

In subdivision (a) — This section has been amended in order to be consistent with the State Charter School Facilities Incentive Grants Program (Incentives) Section 10180 Application Submission language approved by OAL on November 29, 2017.

In subdivision (c) — The amendment removes entire section (c) as the information is outdated and only applied to the additional 2015-16 funding round pursuant to Section 10170.3(d)(4) which is being removed.

Section 10170.6 — “Content of the Application”:

The amended opening paragraph added “via the online application form (CSFA Form 740-01)” to promote the use of the new online application. The Authority has fully developed and implemented the use of the online application for applicants. This replaces the outdated application submission language.

Section 10170.9 — “Apportionment of Grant Funds”:

Amendments to clarify Apportionments of Grant Funds (Amendments to Section 10170.9). The amendments provide further clarification on the pro rata calculation to be used to determine disbursement amounts when the Program is oversubscribed.

In subdivision (f) — In accordance with Education Code Section 47614.5 (b), the Authority will have to disburse available funds on a pro-rata basis. Amendments to this section are necessary to provide a comprehensive methodology for pro rata share disbursements. The pro rata share methodology is outlined in (f) subsections (1) – (6).

In subdivision (h), this amendment removed “2016–17 Facility” and “updated March 2017” as this document is updated annually as defined in Section 10170.2 Definitions (p).

Section 10170.10 — “Notification of Grantee; Appeal Process”:

Section 10170.10 (f) — This amendment is necessary as it provides Grantees with extraordinary circumstances to receive a single extension.

Section 10170.10 (g) — This amendment is necessary as it provides clarification on how the eligibility or award notification is determined when the applicant does not meet the deadlines.

CSFA Form 740–01(Application)

Amendments were made to transition the paper application to an online application form. Question 2 was removed as the Authority is able to confirm because the Authority confirms the Free or Reduced–Price Meal Eligibility (FRPM) with the California Department of Education (CDE). Question 4 was added to determine the applicant’s eligibility status.

INCORPORATED BY REFERENCE FORMS

Charter School Facility Grant Program Application, CSFA Form 740–01 was updated (Revised December 2017) with the Facility Invoice Expenditure Report (CSFA Form 740–02; October 2017).

The Notice of Eligible Facility Costs (CSFA Form 740–03; October 2017) generated to provide a summary of the Grantee’s eligible facility costs and offer them the opportunity to appeal staff’s determination.

OTHER MATTERS PRESCRIBED BY STATUTES APPLICABLE TO THE SPECIFIC STATE AGENCY OR TO ANY SPECIFIC REGULATION OR CLASS OF REGULATIONS

No other matters prescribed by statute are applicable to the Authority or to any specific Regulation or class of Regulations pursuant to Section 11346.5(a)(4) of the California Government Code pertaining to the proposed Regulations or the Authority.

MANDATE ON LOCAL AGENCIES OR SCHOOL DISTRICTS

The Authority has determined that the Regulations do not impose a mandate on local agencies or school districts.

FISCAL IMPACT

The Authority has determined that the Regulations do not impose any additional cost or savings to any state agency, any costs to any local agency or school district requiring reimbursement under Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code, any other non–discretionary cost or savings to any local agency, or any cost or savings in federal funding to the State.

On an annual basis, the State Legislature will issue appropriations for purposes of the Program grant funds based on availability of funding and demand for the Program. For the current 2017–18 fiscal year, the State Legislature appropriated approximately \$112 million towards Program grant funds. The appropriation caused the Authority to apply the pro–rata share methodology since the ADA cost increased to \$1,117 for all eligible schools. There will be no cost or savings to any State Agency pursuant to Government Code Sections 11346.1(b) or 11346.5(a)(6).

INITIAL DETERMINATION REGARDING ANY SIGNIFICANT, STATEWIDE ADVERSE ECONOMIC IMPACT DIRECTLY AFFECTING BUSINESS

The Authority has made an initial determination that the Regulations will not have any significant, statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

EFFECT ON SMALL BUSINESSES

The Authority has determined that the adoption of the Regulations will not affect small business. The Pro-

gram is a voluntary Grant program available to charter schools to assist in the costs of charter school facilities.

COST IMPACTS

The Authority is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

ASSESSMENT OF EFFECT ON JOBS AND BUSINESS EXPANSION, ELIMINATION OR CREATION

Adoption of these regulations will not: (1) create or eliminate jobs within California; (2) create new businesses or eliminate existing businesses within California; or (3) affect the expansion of businesses currently doing business within California.

COST IMPACT ON HOUSING

The Regulations will not have any effect on housing costs.

RESULTS OF ECONOMIC IMPACT ASSESSMENT

The proposed regulations will unlikely have an impact on the creation or elimination of jobs within the State of California. In addition, the Authority is unaware of any reason providing Grant funds to awardees would result in the elimination of jobs. The purpose of the proposed regulations is to set forth administrative criteria and requirements for administering a Grant program that will disburse funds to existing charter schools in need across the State of California for per pupil facilities funding. There are no provisions within the proposed regulations which place additional burdens, obligations, or expenses on existing businesses such that jobs would be created or eliminated as a result.

The proposed regulations will unlikely have an impact on the creation or elimination of new businesses within the State of California. As noted above, the purpose of the proposed regulations is to set forth administrative criteria and requirements for administering a Grant program that provides per pupil facilities funding to existing charter schools in need. There are no provisions within the proposed regulations, which place additional burdens, obligations, or expenses on existing businesses such that businesses would be created or eliminated as a result of the proposed regulations.

The proposed regulations will unlikely have an impact on the expansion of businesses currently doing business within the State of California. The purpose of the proposed regulations is to set forth uniform and consistent criteria to administer a Grant program that will provide per pupil facilities funding to existing charter schools.

The proposed regulations are intended to provide per pupil facilities funding to existing charter schools in need, especially serving communities with low-income households. As such, to the extent that the awards benefit the long-term viability of charter schools, the Program and its proposed regulations have the potential to directly benefit economically vulnerable populations and communities throughout the State.

REASONABLE ALTERNATIVES

In accordance with Government Code Section 11346.5(a)(13), the Authority must determine that no reasonable alternative to the Regulations considered by the Authority or that has otherwise been identified and brought to the attention of the Authority, would be more effective in carrying out the purpose for which the Regulations are proposed or would be as effective and less burdensome to affected private persons than the Regulations, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law. The Authority invites interested persons to present statements with respect to alternatives to the Regulations during the written comment period.

AGENCY CONTACT PERSON(S)

WRITTEN COMMENT PERIOD

Any interested person, or his or her authorized representative, may submit written comments relevant to the Regulations to the Authority. The written comment period on the Regulations will end at 5:00 p.m. on Tuesday, February 20, 2018. All comments to be considered by the Authority must be submitted in writing to the Agency Contact Person identified in this Notice by that time. In the event that changes are made to the Regulations during the written comment period, the Authority will also accept additional written comments limited to any changed or modified Regulations for 15 calendar days after the date on which such Regulations, as changed or modified are made available to the public pursuant to Title 1, Chapter 1, Section 44 of the California Code of Regulations. Such additional written comments should be addressed to the Agency Contact Person identified in this Notice.

AVAILABILITY OF INITIAL STATEMENT OF REASONS, RULEMAKING FILE AND EXPRESS TERMS OF PROPOSED REGULATIONS

The Authority has established a rulemaking file for this regulatory action, which contains those items required by law. The file is available for inspection at the Authority's office at 915 Capitol Mall, Suite 101, Sacramento, California, during normal business hours. As of the date this Notice is published in the Notice Register, the rulemaking file consists of this Notice, the Initial Statement of Reasons, and the proposed text of the Regulations. Copies of these items are available upon request, from the Agency Contact Person designated in this Notice. The Sacramento address will also be the location for inspection of the rulemaking file and any other public records, including reports, documentation and other materials related to this proposed regulatory action. In addition, the rulemaking file, including the Initial Statement of Reasons and the proposed text, may be

viewed on the Authority's website at www.treasurer.ca.gov/csfa.

PUBLIC HEARING

No public hearing regarding the Regulations has been scheduled. Anyone wishing a public hearing must submit a request in writing, pursuant to Section 11346.8 of the Government Code, to the Authority at least 15 days before the end of the written comment period. Such request should be addressed to the Agency Contact Person identified in this Notice and should specify the Regulations for which the hearing is being requested.

15-DAY AVAILABILITY OF CHANGED OR MODIFIED TEXT

After the written comment period ends and following a public hearing, if any is requested, the Authority may adopt the Regulations substantially as described in this Notice, without further notice. If the Authority makes modifications that are sufficiently related to the originally proposed text, it will make the modified text (with the changes clearly indicated) available to the public (including through the Authority's website described above) for at least fifteen (15) calendar days before the Authority adopts the proposed Regulations, as modified. Inquiries about and requests for written copies of any changed or modified regulations should be addressed to the Agency Contact Person identified in this Notice.

AVAILABILITY OF FINAL STATEMENT OF REASONS

The Authority is required to prepare a Final Statement of Reasons pursuant to Government Code Section 11346.9. Once the Authority has prepared a Final Statement of Reasons, a copy will be made available to anyone who requests a copy and will be available on the Authority's website described above. Written requests for copies should be addressed to the Agency Contact Person identified in this Notice.

TITLE 14. FISH AND GAME COMMISSION

NOTICE IS HEREBY GIVEN that the Fish and Game Commission (Commission), pursuant to the authority vested by Sections 202 and 355 of the Fish and Game Code and to implement, interpret or make specific Sections 202, 355, and 356 of said Code, proposes to amend Section 502, Title 14, California Code of Regulations, relating to Waterfowl regulations.

INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW

Current regulations in Section 502, Title 14, California Code of Regulations (CCR), provide definitions, hunting zone descriptions, season opening and closing dates, and establish daily bag and possession limits for waterfowl hunting.

California, and other states, must set its waterfowl hunting regulations within the federal Frameworks. The Frameworks for the 2018–19 season have been approved by the Flyway Councils and will be considered for adoption at the United States Fish and Wildlife Service Regulation’s Committee meeting on October 17–18, 2017. The proposed Frameworks allow for a liberal duck season which includes a 107 day season, 7 daily duck limit including 7 mallards but only 2 hen mallards, 2 pintails, 2 canvasbacks, 2 redheads, and 3 scaup (during an 86–day season). Duck daily bag limit ranges, duck season length ranges and goose season length ranges have been provided to allow the Commission flexibility. Lastly, Federal regulations require that California’s hunting regulations conform to those of Arizona in the Colorado River Zone and with those of Oregon in the North Coast Special Management Area. Based on the Frameworks, the Department of Fish and Wildlife (Department) provides an annual recommendation to the Commission.

The Department’s recommendations are as follows:

1. Create the Klamath Basin Special Management Area in subsection 502(b)6. This change will cause the renumbering of subsequent special management areas in this section.
2. Allow the white–fronted goose season to be split into three segments in the Northeastern California Zone in subsection 502(d)(1)B.

Minor editorial changes are also proposed to clarify and simplify the regulations and to comply with existing federal Frameworks.

Non–monetary benefits to the public

The Commission does not anticipate non–monetary benefits to the protection of public health and safety, worker safety, the prevention of discrimination, the promotion of fairness or social equity, and the increase in openness and transparency in business and government.

Evaluation of incompatibility with existing regulations

The Commission has reviewed its regulations in Title 14, CCR, and conducted a search of other regulations on this topic and has concluded that the proposed amendments to Section 502 are neither inconsistent nor incompatible with existing State regulations. No other State agency has the authority to promulgate waterfowl hunting regulations.

Benefits of the regulations

The benefits of the proposed regulations are consistency with federal law and the sustainable management of the State’s waterfowl resources. Positive impacts to jobs and/or businesses that provide services to waterfowl hunters will be realized with the continued adoption of waterfowl hunting seasons in 2018–19.

Consistency and Compatibility with State Regulations

The Fish and Game Commission, pursuant to Fish and Game Code Sections 200, 202 and 203, has the sole authority to regulate hunting in California. Commission staff has searched the California Code of Regulations and has found no other agency with the authority to regulate the waterfowl hunting in California. Therefore the Commission has determined that the proposed amendments are neither inconsistent nor incompatible with existing State regulations.

NOTICE IS GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in the Resources Building, Auditorium, First Floor, 1416 Ninth Street, Sacramento, California, on Thursday, February 8, 2018 at 8:00 a.m., or as soon thereafter as the matter may be heard.

NOTICE IS ALSO GIVEN that any person interested may present statements, orally or in writing, relevant to

this action at a hearing to be held in Four Points by Sheraton Ventura Harbor Resort, 1050 Schooner Drive, Ventura, California, on Thursday, April 19, 2018, at 8:00 a.m., or as soon thereafter as the matter may be heard. It is requested, but not required, that written comments be submitted on or before 5:00 p.m. on April 5, 2018 at the address given below, or by email to FGC@fgc.ca.gov. Written comments mailed, or emailed to the Commission office, must be received before 12:00 noon on April 13, 2018. All comments must be received no later than April 19, 2018, at the hearing in Ventura, California. If you would like copies of any modifications to this proposal, please include your name and mailing address.

Availability of Documents

The Initial Statement of Reasons, text of the regulations, as well as all related documents upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Valerie Termini, Executive Director, Fish and Game Commission, 1416 Ninth Street, Box 944209, Sacramento, California 94244–2090, phone (916) 653–4899. Please direct requests for the above-mentioned documents and inquiries concerning the regulatory process to Valerie Termini or Jon Snellstrom at

the preceding address or phone number. **Melanie Weaver, Senior Environmental Scientist, (916) 445-3717**, has been designated to respond to questions on the substance of the proposed Waterfowl hunting regulations. Copies of the Notice of Proposed Action, the Initial Statement of Reasons, and the text of the regulation in underline and strikeout can be accessed through our website at <http://www.fgc.ca.gov>.

Availability of Modified Text

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Circumstances beyond the control of the Commission (e.g., timing of Federal regulation adoption, timing of resource data collection, timelines do not allow, etc.) or changes made to be responsive to public recommendation and comments during the regulatory process may preclude full compliance with the 15-day comment period, and the Commission will exercise its powers under Section 202 of the Fish and Game Code. Regulations adopted pursuant to this section are not subject to the time periods for adoption, amendment or repeal of regulations prescribed in Sections 11343.4, 11346.4 and 11346.8 of the Government Code. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

Impact of Regulatory Action/Results of the Economic Impact Assessment

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

- (a) Significant Statewide Adverse Economic Impact Directly Affecting Businesses, Including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

The proposed regulations would provide additional recreational opportunity to the public and could result in minor increases in hunting days and hunter spending on equipment, fuel, food and accommodations.

- (b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:

The Commission does not anticipate any impacts on the creation or elimination of jobs, the creation of new business, the elimination of existing businesses or the expansion of businesses in California. The proposed waterfowl regulations will set the 2018-19 waterfowl hunting season dates and bag limits within the federal Frameworks. Little to minor positive impacts to jobs and/or businesses that provide services to waterfowl hunters may result from the proposed regulations for the waterfowl hunting season in 2018-19.

The most recent U.S. Fish and Wildlife national survey of fishing, hunting, and wildlife associated recreation for California (2016 data has not been released as of October 2017), estimated that migratory bird hunters contributed about \$169,115,000 to businesses in California during the 2011 migratory bird hunting season. The impacted businesses are generally small businesses employing a few individuals and, like all small businesses, are subject to failure for a variety of causes. Additionally, the long-term intent of the proposed regulations is to sustainably manage waterfowl populations, and consequently, the long-term viability of these same small businesses.

The Commission anticipates benefits to the health and welfare of California residents. Hunting provides opportunities for multi-generational family activities and promotes respect for California's environment by the future stewards of the State's resources. The Commission anticipates benefits to the State's environment by the sustainable management of California's waterfowl resources. The Commission does not anticipate any impacts to worker safety because the proposed amendments will not affect working conditions.

- (c) Cost Impacts on a Representative Private Person or Business:

The Commission is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

- (d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.
- (e) Nondiscretionary Costs/Savings to Local Agencies: None.
- (f) Programs Mandated on Local Agencies or School Districts: None.
- (g) Costs Imposed on Any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code: None.
- (h) Effect on Housing Costs: None.

Effect on Small Business

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in Plain English pursuant to Government Code Sections 11342.580 and 11346.2(a)(1).

Consideration of Alternatives

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

GENERAL PUBLIC INTEREST

DEPARTMENT OF TOXIC SUBSTANCES CONTROL

**COAST WOOD PRESERVING
PROPOSED CONSENT DECREE**

30-Day Public Comment Period: January 5, 2018 –
February 4, 2018

WHAT IS BEING PROPOSED: The California Department of Toxic Substances Control (“DTSC”) invites the public to review and comment on a Consent Decree (“proposed Consent Decree”) regarding the Coast Wood Preserving (“CWP”) facility located at Plant Road and Taylor Drive in Ukiah, California (“Site”) as authorized by the Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”), 42 U.S.C. § 9601 et seq. On December

21, 2017 the State of California lodged the proposed Consent Decree in *The State of California Department of Toxic Substances Control, et al. v. Coast Wood Preserving, Inc., et al.*, Case No. 1:17-cv-01720, with the United States District Court for the Eastern District of California. The proposed Consent Decree resolves DTSC’s claims against certain individuals and personal estates and trusts associated with the Site, for their liability for the contamination at the Site as a result of their involvement with the Site.

The CWP facility has engaged in wood preserving operations at the Site since 1971. Wood preservation activities have been continuously conducted at the Site. In August 2006, DTSC and CWP entered into a Consent Decree to resolve issues regarding the funding of current and future costs associated with the remediation of the Site. The proposed Consent Decree will replace the 2006 Consent Decree while ensuring remaining work at the Site will be properly and promptly completed.

WHERE DO I GET MORE INFORMATION:

Copies of the proposed Consent Decree and other Site-related documents are available by contacting the DTSC Project Manager listed below; online at the DTSC EnviroStor website https://www.envirostor.dtsc.ca.gov/public/profile_report?global_id=23240013 on the Community Involvement tab; or at the DTSC Regional Records Office, File Room, Phone: 510-540-3800.

WHERE TO SEND COMMENTS: Comments concerning the proposed Consent Decree should include “CWP CD” in the subject line of your e-mail or letter. All comments must be postmarked or e-mailed by February 4, 2018, and submitted to: Tom Lanphar at tom.lanphar@dtsc.ca.gov or the address below.

DEPARTMENT OF TOXIC SUBSTANCES CONTROL

**VALLEY WOOD PRESERVING
PROPOSED CONSENT DECREE**

30-Day Public Comment Period: January 5, 2018 –
February 4, 2018

WHAT IS BEING PROPOSED: The California Department of Toxic Substances Control (“DTSC”) invites the public to review and comment on a Consent Decree (“proposed Consent Decree”) regarding the Valley Wood Preserving (“VWP”) facility located at

2237 South Golden State Blvd. in Turlock, California (“Site”) as authorized by the Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”), 42 U.S.C. § 9601 et seq. On December 21, 2017, The United States lodged the proposed Consent Decree in *The United States of America, et al. v. Valley Wood Preserving, Inc., et al.*, Civil Action No. 1:94–CV–5984 AWI SMS, with the United States District Court for the Eastern District of California. The proposed Consent Decree resolves DTSC’s claims against certain individuals and personal estates and trusts associated with the Site, for their liability for the contamination at the Site as a result of their involvement with the Site.

Between 1973 and 1979, VWP conducted wood-treating operations at the facility in Turlock using a solution of one to two percent chromate copper arsenate in a pressure treatment process. In March 1989, the U.S. EPA added the Site to the National Priorities List and began working with the facility and California State agencies to clean up the contamination. Several phases of soil and groundwater studies were conducted from 1985 to 2004. Currently, groundwater monitoring under the monitored natural attenuation phase of the remedy is continuing at the Site.

**RULEMAKING PETITION
 DECISION**

**BOARD OF FORESTRY AND FIRE
 PROTECTION**

Debra Cornez, Director
 Office of Administrative Law
 300 Capitol Mall, Ste 1250
 Sacramento, Ca. 95814

Director Cornez,

The California State Board of Forestry and Fire Protection (Board) received a “Petition for Administrative Rulemaking to Amend the Program for Licensing, Certification, and Discipline of Certified Rangeland Managers,” dated October 16, 2017 (Petition). The Petition was filed by Latham & Watkins LLP on behalf of Rancho Guejito.

The Petition requested that the Board adopt: new regulatory section California Code of Regulations, title 14, section 1650.1; amendments to California Code of Regulations, title 14, section 1650; amendments to an “unnamed section”; amendments to Professional Foresters Examining Committee (PFEC) Policy No 8; and amendments to the Board’s California Public Records Act policy.

On November 15, 2017, the Board notified the Petitioner, as well as the Office of Administrative Law (OAL), in writing of the Board’s decision to deny three (3) of the requested actions in the Petition, while scheduling a hearing (Hearing) before the Board on December 6, 2017 to allow the Petitioner to present information on the four (4) other requested regulatory actions in the Petition. (Gov. Code, § 11340.7.)

Specifically, at the Hearing, the Board considered four (4) requested regulatory actions, which the Petition describes as follows:

- Adoption of proposed new regulatory section California Code of Regulations, title 14, section 1650.1, to ensure enforcement of the requirement that licensees have “good moral character” and a “good reputation for honesty and integrity” as set forth in Public Resources Code section 769;

- Adoption of amendments to California Code of Regulations, title 14, section 1650, subsection (c)(2), to ensure better enforcement of the professional standards set by the independent society charged with administering the CRM certification program;
- Adoption of proposed new regulation, California Code of Regulations, title 14, section 1650.1, subsection (f), to oversee and maintain impartiality in all CRM disciplinary proceedings;
- Adoption of amendments to California Code of Regulations, title 14, section 1650, subsection (c)(4), to improve enforceability of the Professional Society Reporting Requirements, including the timely submission of annual reports by internal certification panels to the relevant professional societies and/or public agencies.

Upon completion of the Hearing on December 6, 2017, the Board determined that no regulatory action was warranted. The Board provided the Petitioner an alternative administrative remedy of working with the Professional Foresters Examining Committee (PFEC), which is an advisory committee of the Board that assists in the review, and develops recommendations regarding, the Registered Professional Foresters Rules. (Cal. Code Regs., tit. 14, § 1650 et seq.)

This notification constitutes the required notification to OAL of the Board’s decision regarding the Petition. (Gov. Code, § 11340.7, subd. (d).) Any interested person may contact me to obtain a copy of any of the aforementioned documents, including the Petition.

Best Regards,

/s/

CALIFORNIA DEPARTMENT OF TAX AND FEE ADMINISTRATION

Cannabis Excise and Cultivation Taxes

This emergency rulemaking action by the Department of Tax and Fee Administration (Department) adopts a new section in Title 18 of the California Code of Regulations to establish cannabis excise and cultivation taxes. The regulations set cultivation tax rates for cannabis flowers, cannabis leaves, and fresh cannabis plants. It also defines when the cultivation tax is collected, when the cannabis is presumed sold, and when the distributor is required to report and remit the cannabis excise tax due. The regulation further provides definitions for various terms and it reiterates the statutorily set penalties for failing to timely pay the cannabis excise and cultivation taxes.

DEPARTMENT OF FISH AND WILDLIFE
Fees for Lake and Streambed Alteration Agreements

This filing of changes without regulatory effect by the California Department of Fish and Wildlife (Department) amend section 699.5, in Title 14 of the California Code of Regulations, regarding fees for lake and streambed alteration agreements. These changes adjust the fees charged for processing applications for, and preparing lake and streambed alteration agreements, as required by Fish and Game Code section 1609. Section 1609 was amended, Stats. 2016, c. 340 (SB 839), which mandates the Department to adjust the fees annually. Fish and Game Code section 713 requires the Depart-

ment to adjust for inflation, fees it charges, using the method specified in that section.

Huanglongbing Interior Quarantine

This certificate of compliance was filed by the Department of Food and Agriculture to make permanent its prior emergency action that expanded the quarantine area for the Huanglongbing (HLB) disease by approximately 56 square miles in the La Habra area of Los Angeles and Orange counties in response to the confirmation of HLB on April 11, 2017 (OAL File Nos. 2017-0502-01; 2017-0911-01EE). The expansion of the quarantine area resulted in combining the Hacienda Heights and San Gabriel area quarantine with the Cerritos area quarantine. The effect of this amendment is to provide permanent authority for the state to perform quarantine activities against HLB within this additional area under quarantine.

DEPARTMENT OF MOTOR VEHICLES
Driver's Licenses and Identification Cards: Real ID

The Department of Motor Vehicles filed this action to amend sections 15.00 and 15.01 and to adopt sections

17.00, 17.02, 17.04, and 17.06 under title 13 of the California Code of Regulations. The amendments to sections 15.00 and 15.01 ease the requirements for proving California residency by requiring only one document instead of two, and to add documents that will make it easier for foster children and transient and homeless individuals to prove California residency. The adoption of sections 17.00, 17.02, 17.04, and 17.06 establish procedures and documentation requirements for Californians to obtain licenses or identification cards that comply with the federal Real ID Act of 2005 and the federal regulations that implement the Act.

 DEPARTMENT OF SOCIAL SERVICES
 Home Care Services Consumer Protection Act

This emergency file and print request by the Department of Social Services adopts a new division (section 130000 et seq.) in title 22 of the California Code of Regulations. These new regulations implement the Home Care Services Consumer Protection Act (AB 1217, Stats. 2013, ch. 790), and are exempt from OAL review pursuant to section 1796.63, subdivision (c), of the Health and Safety Code. These regulations ensure that

the home care services industry has a clear understanding of the responsibilities of applying for Home Care Organization (HCO) licensure, operating requirements, and requirement for biennial visits. Additionally, these regulations provide guidelines and standards for Home Care Aides (HCAs) who are either affiliated with HCOs or choose to apply for licensure independently.
