10182, and 10188**

**Title 4, Division 15, Article 2
California Code of Regulations**

NOTICE IS HEREBY GIVEN that the California School Finance Authority (Authority), organized and operating pursuant to Sections 17170 through 17199.6 of the Education Code, proposes to amend the regulations described below after considering all comments, objections, and recommendations regarding the proposed action. Any person interested may present written statements or arguments relevant to the proposed action to the attention of the Contact Person as listed in this Notice no later than 5:00 p.m. on Monday, April 8, 2019. The Authority, upon its own motion or at the instance of any interested party, may thereafter adopt the proposal substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its

adoption from the person(s) designated in this notice as contact person and will be mailed to those persons who submit statements related to this proposal or who have requested notification of any changes to the proposal.

PROPOSED REGULATORY ACTION

The Authority proposes to amend Sections 10177, 10178, 10179, 10181, 10182, and 10188 of Title 4 of the California Code of Regulations (Regulations) as permanent regulations. The amended Regulations implement the Authority's responsibilities related to the Charter School Facilities Incentive Grants Program (Program).

AUTHORITY AND REFERENCE

Authority: Section 17179 and 17180 of the Education Code Section 17179 provides the Authority with the ability to do all things reasonably necessary to carry out its responsibilities. Section 101780(a) provides the Authority the ability to adopt bylaws for the regulation of its affairs and the conduct of its business. Subdivision (d) authorizes the Authority to receive and accept grants from the federal government. Subdivision (o) allows the Authority the right to adopt guidelines for grants.

Reference: Education Code, Section 17180(d) of the Education Code; and Section 47600, et seq., of the Education Code. These Regulations implement the Program and include a number of the requirements of that Program contained in the reference code provisions and their implementing Regulations. They also rely on a number of provisions in the Charter Schools Act of 1992, commencing with Section 47600 of the Education Section. Section 17180(d) provides the Authority with the ability to receive grants from the federal government.

INFORMATIVE DIGEST/POLICY
STATEMENT OVERVIEW

The Authority was created in 1985 to assist school districts and community college districts in financing school construction projects (Education Code Section 17170, et seq.). The Authority is authorized to adopt bylaws for the regulation and conduct of its business, and is vested with all powers reasonably necessary to carry out its powers and responsibilities (Education Code Sections 17179 and 17180).

In 2004, 2009, and 2014, the United States Department of Education approved grant awards to the Authority pursuant to the State Charter School Incentive Grant (Grant), authorized under Title V, Part B, Subpart 1 of the Elementary and Secondary Education Act, as

amended by the No Child Left Behind Act of 2001. The Grant provided for \$49,250,000 in 2004, \$46,132,749 in 2009, and \$50,000,000 in 2014, to be awarded over five-year periods for the purposes of funding per-pupil facility aid programs for California charter schools. Grant funds are applied toward a charter school's annual costs of rent, lease, mortgage, debt service, or Proposition 39 pro-rata payments for facilities, or towards the costs of purchase, design, construction, and/or renovation of a new or existing facility.

Pursuant to the federal rules governing the Grant, an annual portion of funds must be allocated during each of five consecutive federal fiscal years. The first funding round began on June 28, 2005, when an emergency rulemaking file was approved by the Office of Administrative Law. The Authority adopted regular regulations through the Office of Administrative Law's (OAL) Rulemaking process, and the regulations were approved by OAL on March 24, 2006 (OAL Regulatory Action # 05-0907-02). A number of rulemakings have amended the regulations in the years since. The Authority is proposing permanent regulations through OAL's permanent rulemaking process and a Certificate of Compliance to make additional amendments to Program regulations.

The allocation of these grant funds to eligible charter schools is based on preference points assigned for certain factors including the low income population served by the school as reported by the percentage of students eligible to receive free and reduced price meals, the school's nonprofit status, whether a school is located in an overcrowded attendance area, whether the school has previously received a Program award, the school's academic performance and its academic performance in comparison to nearby schools as measured by its Smarter Balanced Assessment data as reported by the California Department of Education (CDE).

The amendments to the Regulations are briefly summarized below and are intended to address the following: (1) addition of language prohibiting charter schools, charter management organizations, education management organizations, or any operator of a charter school from being a for-profit organization; (2) addition of language prohibiting charter schools that receive lease or renovation costs under the Charter School Facility Grant Program (CSFGP) from receiving funds under this Program for the same site or project, (3) deletion of language which allowed schools to receive funds under CSFGP and this Program; (4) deletion of language related to the award calculation between CSFGP and this program; (5) addition of the word "location" for consistency with current language in Section 10188; (6) addition of clarifying language under the School Choice criteria; and (7) addition of the words "Proposi-

tion 39 pro-rata payments" to ensure consistency with current language under Section 10178.

ANTICIPATED BENEFITS OF THE PROPOSED REGULATION

These proposed amendments to the Regulations will establish consistency with Program policy and practice, reference correct Program references, and set forth clarifying language. As such, the proposed Regulations are expected to enhance efficiency and uniformity in the Program's administration. The Authority is proposing permanent regulations through OAL's permanent rulemaking process and through the submission of a Certificate of Compliance.

EVALUATION OF INCONSISTENCY/INCOMPATIBILITY WITH EXISTING STATE REGULATIONS

After conducting an evaluation for other regulations on this matter, the Authority has found that these are the only regulations concerning the Program. Therefore, the proposed Regulations are neither inconsistent nor incompatible with any existing state regulations.

The Regulations are briefly summarized below:

Section 10177 Eligible Applicant

- Addition of language prohibiting charter schools, charter management organizations, education management organizations, or any operator of a charter school from being a for-profit organization.

Section 10178 Eligible Costs

- Addition of language prohibiting charter schools that receive lease or renovation costs under the Charter School Facility Grant Program (CSFGP) from receiving funds under this Program for the same site or project.
- Deletion of language which allowed schools to receive funds under CSFGP and this Program.

Section 10179 Maximum Grant

- Deletion of language related to the award calculations that were made when schools participated in both the CSFGP and this Program for the same site or project.

Section 10181 Content of Application

- Addition of the word "location" under section (j)(7) to ensure consistency with current language under Section 10188 Release of Funds.

Section 10182 Evaluation Criteria

- Addition of clarifying language under the School Choice criteria.

Section 10188 Release of Funds

- Addition of the words “Proposition 39 pro-rata payments” to ensure consistency with current language under Section 10178 Evaluation Criteria.

**OTHER MATTERS PRESCRIBED BY
STATUTES APPLICABLE TO THE
SPECIFIC STATE AGENCY OR TO ANY
SPECIFIC REGULATION OR
CLASS OF REGULATIONS**

No other matters prescribed by statute are applicable to the Authority or to any specific regulation or class of regulations pursuant to Section 11346.5(a) (4) of the California Government Code pertaining to the proposed Regulations or the Authority.

**MANDATE ON LOCAL AGENCIES OR
SCHOOL DISTRICTS**

The Authority has determined that the Regulations do not impose a mandate on local agencies or school districts.

FISCAL IMPACT

The Authority has determined that the Regulations do not impose any additional cost or savings to any state agency, any costs to any local agency or school district requiring reimbursement under Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code, any other non-discretionary cost or savings to any local agency, or any cost or savings in federal funding to the State.

**INITIAL DETERMINATION REGARDING ANY
SIGNIFICANT, STATEWIDE ADVERSE
ECONOMIC IMPACT DIRECTLY
AFFECTING BUSINESS**

The Authority has made an initial determination that the Regulations will not have any significant, statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

EFFECT ON SMALL BUSINESSES

The Authority has determined that the adoption of the Regulations will not affect small business. The Pro-

gram is a voluntary grant program available to charter schools to assist with the costs of charter school facilities.

COST IMPACTS

The Authority is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

**RESULTS OF THE ECONOMIC
IMPACT ASSESSMENT**

The Authority has determined, pursuant to Government Code Section 11346.3(b)(1)(A)–(D), that the Regulations will not have an effect on jobs and business expansion, elimination, or creation. As such, to the extent that the awards benefit the long-term viability of charter schools and the expansion of charter schools, the Program and its proposed regulations have the potential to directly benefit economically vulnerable populations and communities throughout the State.

COST IMPACT ON HOUSING

The Regulations will not have any effect on housing costs.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5(a)(13), the Authority must determine that no reasonable alternative to the Regulations considered by the Authority or that has otherwise been identified and brought to the attention of the Authority, would be more effective in carrying out the purpose for which the Regulations are proposed or would be as effective and less burdensome to affected private persons than the Regulations, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

The Authority invites interested persons to present statements with respect to alternatives to the Regulations during the written comment period.

AUTHORITY AND REFERENCE

Welfare and Institutions Code Section 1712 provides that, commencing July 1, 2005, the Secretary is authorized to make and enforce all rules appropriate to the proper accomplishment of the functions of the Division of Juvenile Facilities, Division of Juvenile Programs, and Division of Juvenile Parole Operations. The rules shall be promulgated and filed pursuant to Chapter 4.5 (commencing with Section 11371) of Part 1 Division 3 of Title 2 of the Government Code, and shall, to the extent practical, be stated in language that is easily understood by the general public.

References cited pursuant to this regulatory action are as follows:

Welfare and Institutions Code Section 912 provides that, for any person committed to the Division of Juvenile Justice by a juvenile court on or after July 1, 2012, a county from which that person is committed shall pay to the state an annual rate of twenty-four thousand dollars (\$24,000) for the time the person remains in an institution under the direct supervision of the division. A county shall not pay the annual rate for a person who is 23 years of age or older for a person committed to the division by a juvenile court on or after July 1, 2018.

**INFORMATIVE DIGEST/POLICY
STATEMENT OVERVIEW**

The CDCR and DJJ proposed to amend sections 4143.1, 4143.2, 4143.3, 4143.4, 4143.5 and 4143.6, and repeal sections 4144.1, 4144.2, 4144.3, 4144.4, 4144.5,

4144.6, 4144.7 and 4144.8 of the California Code of Regulations (CCR), Title 15, Division 4, concerning county payments to the DJJ. Current law establishes an annual rate of twenty-four thousand dollars (\$24,000) for any person committed to the DJJ by a juvenile court and exempts a county from paying the annual rate for a person, committed on or after July 1, 2018, who is 23 years of age or older.

In 2011, Senate Bill 92 (Chapter 36, Statutes of 2011) eliminated the sliding scale fee and established an annual rate of \$125,000 for each person committed to the DJJ on or after January 1, 2012. In 2012, Senate Bill 1021 (Chapter 41, Statutes of 2012) reduced the annual fee to \$24,000 for each person committed to the DJJ on or after July 1, 2012.

In 2018, Assembly Bill 1812 (Chapter 36, Statutes of 2018) increased the jurisdiction from age 23 to age 25 for a person committed to the DJJ by a juvenile court pursuant to criminal proceedings. The bill further exempted counties from paying the annual fee for youth committed on or after July 1, 2018, who are age 23 or older.

Consistent with past practice, the DJJ will continue to charge counties for persons beyond the age of 23, if they have been ordered to further detention pursuant to Welfare and Institutions Code Section 1800. An extension of a youth’s commitment per Section 1800 is a two-year civil commitment.

Additionally, the following technical non-substantive changes modernize terms and references with current statutes and remove duplicative language.

This action provides the following:

- Ensures that counties will not be billed an annual fee for youth committed to the DJJ on or after July 1, 2018, who are age 23 or older.
- Specifies that youth extended for further detention pursuant to a civil commitment will continue to be billed an annual fee for so long as the youth is detained and supervised by the Department.
- Deletes outdated provisions related sliding scale fees which were eliminated as of January 1, 2012.
- Removes notes of authority and reference that were previously repealed.
- Removes duplicative definitions already contained in CCR Section 4004.
- Changes the term “Department” to “Division” for consistency with Welfare and Institutions Code Section 1703(c).
- Changes the term “ward” to “youth” for consistency with Welfare and Institutions Code Section 224.70(e).

BENEFITS ANTICIPATED BY THE PROPOSED REGULATIONS

The Department anticipates the proposed regulatory action will benefit the Division, probation departments, courts, and public by ensuring that the cost of committing a youth to the DJJ and billing processing is consistent with current law and applied consistently to all youth committed by the juvenile court.

EVALUATION OF CONSISTENCY/COMPATIBILITY WITH EXISTING REGULATIONS

Pursuant to Government Code 11346.5(a)(3)(D), the Department must evaluate whether the proposed regulations are inconsistent or incompatible with existing state regulations. Pursuant to this evaluation, the Department has determined these proposed regulations are not inconsistent or incompatible with any existing regulations within CCR, Title 15, Division 4.

LOCAL MANDATES

The proposed regulatory action imposes no mandates on local agencies or school districts, or a mandate which requires reimbursement pursuant to Government Code Sections 17500–17630.

FISCAL IMPACT STATEMENT

Cost to any local agency or school district that is required to be reimbursed:	<i>None.</i>
Cost or savings to any state agency:	<i>None.</i>
Other nondiscretionary cost or savings imposed on local agencies:	<i>None.</i>
Cost or savings in federal funding to the state:	<i>None.</i>

EFFECT ON HOUSING COSTS

The Department has determined that the proposed action will have no significant effect on housing costs because the proposed regulations effect only the internal management of the Division.

SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT ON BUSINESS

The Department has determined that the proposed action will not have a significant statewide adverse economic impact directly affecting businesses, including

the ability of California businesses to compete with businesses in other states because the proposed regulations effect only the internal management of the Division.

RESULTS OF ECONOMIC IMPACT ASSESSMENT

The Department has determined that the proposed regulations will have no impact on the creation of new or the elimination of existing jobs or businesses within California or affect the expansion of businesses currently doing business in California because the proposed regulations effect only the internal management of the Division.

The proposed regulatory action will benefit the Division, probation departments, courts, and public by ensuring that the cost of committing a youth to the DJJ and billing processing is consistent with current law and applied consistently to all youth committed by the juvenile court.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action

EFFECT ON SMALL BUSINESSES

The Department has determined that the proposed regulations will have no significant adverse economic impact on small businesses because the proposed regulations effect only the internal management of the Division.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code section 11346.5, subdivision (a)(13), the Department must determine that no reasonable alternative it considered or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provisions of law.

The Department invites interested persons to present statements or arguments with respect to alternatives to

the proposed regulations at the scheduled hearing or during the written comment period.

AVAILABILITY OF PROPOSED TEXT AND INITIAL STATEMENT OF REASONS

The Department has prepared, and will make available, the proposed text and the Initial Statement of Reasons (ISOR) of the proposed regulatory action. The rulemaking file for this regulatory action, which contains those items and all information on which the proposal is based (rulemaking file) is available to the public upon request directed to the contact person listed in this Notice. The proposed text, ISOR, and Notice of Proposed Action will also be made available on the Department's website at https://www.cdcr.ca.gov/Regulations/Juvenile_Justice.

AVAILABILITY OF THE FINAL STATEMENT OF REASONS

Following its preparation, a copy of the Final Statement of Reasons may be obtained from the contact person listed in this Notice.

AVAILABILITY OF CHANGES TO PROPOSED TEXT

After considering all timely and relevant comments received, the Department may adopt the proposed regulations substantially as described in this Notice. If the Department makes modifications which are sufficiently related to the originally proposed text, it will make the modified text (with the changes clearly indicated) available to the public for at least 15 calendar days before the Department adopts the regulations as revised. Requests for copies of any modified regulation text should be directed to the contact person listed in this Notice. The Department will accept written comments on the modified regulations for 15 calendar days after the date on which they are made available.

Authority and Reference: Pursuant to the authority vested by Sections 4980.60 and 4990.20 of the Business and Professions Code (BPC), and to implement, interpret or make specific Sections 4980.30, 4980.35, 4980.397(a), 4980.398, 4980.399, 4980.40, 4980.44, 4980.72, 4984.01, 4984.7, 4984.72, 4989.20, 4989.22(b), 4989.68, 4992, 4992.05(a), 4992.07, 4992.09, 4996.1, 4996.3, 4996.4, 4996.17, 4996.18, 4996.28, 4999.42, 4999.50, 4999.53, 4999.55, 4999.60, 4999.61, 4999.64, 4999.100, and 4999.120 of the BPC, the Board is considering changes to Division 18 of Title 16 of the California Code of Regulations as described in this Notice.

INFORMATIVE DIGEST/POLICY
 STATEMENT OVERVIEW

Adopt Section 1805.08 and Repeal Section 1816.3 — Examination Rescoring

Current statutes authorize the Board to charge candidates a \$20 fee to rescore an examination (*BPC §§4984.7(a)(5), 4989.68(a)(6), 4996.3(a)(5) and 4999.120(j)*). This fee is also listed in regulation (*Title 16, California Code of Regulations (16CCR) §1816.3*). However, neither the statutes nor the regulations set forth any criteria regarding “examination rescoring.”

Policy Statement Overview: This proposal would clarify the types of exams that may be rescored for the Licensed Marriage and Family Therapist (LMFT), Licensed Educational Psychologist (LEP), Licensed Clinical Social Worker (LCSW) and Licensed Professional Clinical Counselor (LPCC) professions. Currently, the vast majority of exams are administered electronically, all of which are automatically rescored. Candidates with a disability accommodation may be provided with a paper and pencil exam. The proposal allows for rescoring of exams administered via paper and pencil only. The proposal also limits rescoring to Board-developed exams only. This is because the Board uses two national exams, each of which has its own rescoring process.

This proposal would also require candidates to submit certain information with a request for rescoring, including the exam type and date taken. This will help staff identify and locate the candidate’s exam and to address the candidate’s concerns. The amendments would result in the Board’s regulations better matching the current exam system, and would provide clarity by striking a duplicate rescoring fee already set in statute.

Amend Section 1806 — Abandonment of Application

Current law specifies application and examination requirements for registration and licensure:

- LMFT: BPC §§ 4980.30, 4980.397–4980.399, 4980.40, 4980.44, 4980.72 and 4984.72; 16CCR §§ 1829.1–1829.3.
- LEP: BPC §§ 4989.20 and 4989.22.
- LCSW: BPC §§ 4992, 4992.05–4992.09, 4996.1, 4996.4, 4996.17 and 4996.18; 16CCR §§ 1877.1–1877.3.
- LPCC: BPC §§ 4999.42, 4999.50, 4999.53, 4999.55, 4999.60, 4999.61 and 4999.64; 16CCR §§ 1822.50–1822.52.

16CCR §1806 stipulates the following regarding application abandonment:

1. Applications shall be deemed abandoned when any of the following occur:
 - The application has not been completed by the applicant within one year after it has been filed.
 - The applicant does not submit information necessary to correct application deficiencies within one year from the date of the deficiency letter.
 - An applicant for licensure does not take a required examination within one year from the date he or she is notified of eligibility to take an exam, or within one year from the date he or she failed an exam.

- The applicant does not pay the initial license fee within one year after being notified of passing required exams.
2. Applicants who re-apply after abandonment shall be treated as new applicants, must pay the application fee, and meet current requirements.

Policy Statement Overview: This proposal would update, streamline and improve readability of the Board’s application abandonment criteria and process by emphasizing the repercussions of abandonment, deleting outdated subdivisions, and collapsing the paragraphs that refer to specific exams and required time frames for taking an exam into one statement that encompasses all of the exams and circumstances. These clarifying changes would result in an up-to-date regulation that matches current Board processes.

Amend Section 1816.1(e) — Initial License and Registration Fees

BPC § 4999.12.5 specifies that the title “professional clinical counselor intern” is renamed to “associate professional clinical counselor.”

BPC § 4999.42 specifies the requirements to be issued an associate professional clinical counselor registration number.

16CCR § 1816.1(e) specifies the fee required for “initial application” for a professional clinical counselor “intern” registration number.

Policy Statement Overview: This proposal would provide clarity by updating the language with the new “associate” registration title. It would also remove the term “initial” from subdivision (e), thereby clarifying that the fee applies to all applications for issuance of a professional clinical counselor registration number.

ANTICIPATED BENEFITS OF PROPOSAL

The amendments would benefit applicants by updating, streamlining and clarifying the Board’s regulations pertaining to applications and examinations, updating and providing clarity in the Board’s application processes, and helping candidates avoid application abandonment and its consequences.

CONSISTENCY OR COMPATIBILITY WITH EXISTING STATE REGULATIONS

During the process of developing these regulations and amendments, the Board of Behavioral Sciences has conducted a search of any similar regulations on this topic and has concluded that these regulations are neither inconsistent nor incompatible with existing state regulations.

FORMS INCORPORATED BY REFERENCE

No forms have been incorporated by reference.

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: The changes proposed by this regulation package are primarily technical and clarifying in nature. The proposed changes will not result in any new fiscal impacts.

Nondiscretionary Costs/Savings to Local Agencies: None.

Local Mandate: None.

Cost to Any Local Agency or School District for Which Government Code Section 17500–17630 Require Reimbursement: None.

Business Impact: The Board has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states, as the proposed changes are primarily technical and clarifying in nature.

Cost Impact on Representative Private Person or Business: The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action for the reasons described above.

Impact on Jobs/New Businesses: The Board has determined that this regulatory proposal will not have a significant impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California for the reasons described above.

Effect on Housing Costs: None.

EFFECT ON SMALL BUSINESS

The Board has determined that the proposed regulations do not affect small businesses because they only affect applicants who would not have their own business until they become licensed.

RESULTS OF ECONOMIC IMPACT ASSESSMENT/ANALYSIS

The Board has made an initial determination that the proposed regulatory action would not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California business-

es to compete with businesses in other states. This initial determination is based on the following facts:

- The proposed addition of section 1805.08 simply updates and clarifies the exam rescoring criteria and process, and requires certain basic information to be submitted with an exam rescoring request.
- The proposed amendments to section 1806 simply clarify the application abandonment criteria and process.
- The proposed amendments to section 1816.1 simply clarify that the application fee is required for any application for issuance of a professional clinical counselor registration number, whether it is for a first, second or third (etc.) number.
- Striking section 1816.3 simply deletes a section that duplicates the fee set in statute.
- **Analysis of creation/elimination of jobs:** This proposal will not create or eliminate any jobs within California for the reasons described above.
- **Analysis of creation/elimination of businesses:** This proposal will not create or eliminate any businesses in California for the reasons described above.
- **Analysis of expansion of business:** This proposal will not expand any businesses in California for the reasons described above.
- **Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:** This regulatory proposal will benefit the Board's applicants and licensees by updating, streamlining and clarifying the Board's regulations pertaining to applications and examinations, and by updating and providing clarity in the Board's application processes. The proposal will have no effect on worker safety or the State's environment.

As part of its Economic Impact Analysis, the Board has determined that its proposal will not affect the ability of California businesses to compete with other states by making it more costly to produce goods or services, and will not eliminate any jobs or occupations. This proposal does not impact multiple industries.

CONSIDERATION OF ALTERNATIVES

The Board must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affect-

ed private persons and equally effective in implementing the statutory policy or other provision of law. The alternatives considered were as follows:

1. Not adopt the regulations. This alternative was rejected for the following reasons:
 - Not changing section 1805.08 would result in a continuing lack of formal criteria regarding examination rescoring.
 - Not changing section 1806 would result in continuing to have outdated text that lacks in ease of readability.
 - Not changing section 1816.1 would result in a continuing lack of clarity regarding the professional clinical counselor registration application fee.
 - Not striking section 1816.3 would leave in place a section that duplicates statute.
2. Adopt the regulations. The Board determined that this alternative is the most feasible because it would benefit applicants by updating, streamlining and clarifying the Board's regulations pertaining to applications and examinations, and by updating and providing clarity in the Board's application processes.
