SUMMARY OF REGULATORY ACTIONS

Regulations filed with the Secretary of State1111
Sections Filed April 1, 2023, to June 30, 2023 1114

The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$205.00 (annual price). To order or make changes to current subscriptions, please call (800) 328-4880. The Register can also be accessed at <https://oal.ca.gov>.

PROPOSED ACTION ON REGULATIONS

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest codes of the following:

CONFLICT-OF-INTEREST CODES

AMENDMENT

MULTI-COUNTY: Tulare County of Education

ADOPTION

MULTI-COUNTY: Altus Schools Southern California

A written comment period has been established commencing on August 25, 2023 and closing on October 9, 2023. Written comments should be directed to the Fair Political Practices Commission, Attention Daniel Vo, 1102 Q Street, Suite 3000, Sacramento, California 95811.

At the end of the 45-day comment period, the proposed conflict-of-interest codes will be submitted to the Commission's Executive Director for his review, unless any interested person or his or her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed codes will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict-of-interest codes, proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director of the Commission, upon his or its own motion or at the request of any interested person, will approve, or revise and approve, or return

the proposed codes to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict-of-interest codes. Any written comments must be received no later than October 9, 2023. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

EFFECT ON HOUSING COSTS AND BUSINESSES

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code-reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code and approve it as revised, or return the proposed code for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict-of-interest codes should be made to Daniel Vo, Fair Political Practices Commission, 1102 Q Street, Suite 3000, Sacramento, California 95811, telephone (916) 323-9103.

AVAILABILITY OF PROPOSED
CONFLICT-OF-INTEREST CODES

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commission should be made to Daniel Vo, Fair Political Practices Commission, 1102 Q Street, Suite 3000, Sacramento, California 95811, telephone (916) 323-9103.

**TITLE 13. DEPARTMENT OF
MOTOR VEHICLES**

DIVISION 1, CHAPTER 1
ARTICLE 2.0 — DRIVER'S LICENSES AND
IDENTIFICATION CARDS

The Department of Motor Vehicles (department) proposes to amend Sections 20.04 in Article 2.0, Chapter 1, Division 1, Title 13 of the California Code of Regulations, related to a name change on a driver's license or identification card.

PUBLIC HEARING

A public hearing regarding this proposed regulatory action is not scheduled. However, a public hearing will be held if any interested person or his or her duly authorized representative requests a public hearing to be held relevant to the proposed action by submitting a written request to the contact person identified in this notice no later than fifteen (15) days prior to the close of the written comment period.

DEADLINE FOR WRITTEN COMMENTS

Any interested party or his or her duly authorized representative may submit written comments relevant to the proposed regulations to the contact person identified in this notice. All written comments must be received at the department no later than **October 9, 2023**, the final day of the written comment period, in order for them to be considered by the department before it adopts the proposed regulation.

AUTHORITY AND REFERENCE

The department proposes to adopt/amend/peel these regulations under the authority granted by Vehicle Code section 1651, in order to implement, interpret, or make specific Vehicle Code sections 12800, 12800.7, 12809 and 13000.

INFORMATIVE DIGEST/POLICY
STATEMENT OVERVIEW

Vehicle Code section 12801.5 authorizes the issuance of a federal non-compliant driver's license or identification card to an applicant who has submitted satisfactory proof of the applicant's legal presence and satisfactory proof of California residency. The department also issues federally compliant driver's licenses and identification cards, commonly referred to as a REAL ID card, to applicants who have appeared at a department field office and have provided their social security number, sufficient proof of their identity, and sufficient proof of their California residency. A federal REAL ID card allows the cardholder to board commercial flights within the United States and enter secure federal facilities, such as military bases or federal courthouses.

Vehicle Code section 12801.9 authorizes the department to issue a driver's license to an applicant who is unable to provide proof of legal presence but does meet other licensing requirements and is able to provide proof of their identity and California residency, commonly known as an AB 60 driver's license.

Vehicle Code section 12800 requires every driver license application to contain the applicant's true full name. Pursuant to Vehicle Code section 12800.7, the department is authorized to require a person applying for an original or duplicate driver license to produce necessary identification to ensure the name on the application is the applicant's true full name.

Throughout the COVID-19 pandemic, the department took steps to provide enhanced options for customers and temporary relief for at-risk populations. These efforts included digitizing the department's internal processes and customer-facing services. As technology continues to evolve, the expectations and preferences of the department's customers have also changed. Today's customers expect instantaneous service and information to be readily available. As part of the department's goal to deliver simpler, faster ways to fulfill customer needs through expanded digital services, the department offers programs such as:

- **DMV Express:** allows customers applying for a REAL ID driver's license and identification card to electronically submit their identity, residency, name change, and tracing documents for review and pre-approval.
- **Virtual Test Center:** provides customers the option to complete their knowledge test online.
- **Mobile Technician:** allows customers to apply for their REAL ID driver's license and identification card outside of a field office, using a mobile tablet.
- **Self-Service Kiosk Expansion:** allows customer to request a driver record, process a driver's

license and identification renewal, and request a duplicate driver’s license.

Although the department has implemented these digital services for its customers, the department wants to continue to modernize and use technology to reduce in-person field office visits. However, a driver’s license or identification card holder currently cannot request a name change through the department’s various digital services, and must complete that transaction in-person at a field office.

This proposed amendment will expand the department’s online request offerings while maintaining the reliability of the information contained on department issued driver’s licenses and identification cards.

CONSISTENCY AND COMPATIBILITY WITH STATE REGULATIONS

The department has conducted a review of other state regulations related to driver’s licenses and identification cards and have found that this proposed action is neither inconsistent nor incompatible with other state regulations.

DOCUMENTS INCORPORATED BY REFERENCE

There are no documents incorporated by reference.

ECONOMIC AND FISCAL IMPACT DETERMINATIONS

The department has made the following initial determinations concerning the proposed regulatory action:

- *Cost or Savings to Any State Agency:* None.
- *Other Non-Discretionary Cost or Savings to Local Agencies:* None.
- *Costs or Savings in Federal Funding to the State:* None.
- *Effects on Housing Costs:* None.
- *Cost to any local agency or school district requiring reimbursement pursuant to Government Code section 17500 et seq.:* None.
- *Cost Impact on Representative Private Persons or Businesses:* The applicant will be required to pay a fee for a duplicate driver’s license that reflects their new name, which as of January 1, 2023 is \$33. This action will not impact businesses.
- *Small Business Impact:* This proposed action will not impact small businesses. This proposed regulatory change only impacts drivers.
- *Local Agency/School District Mandate:* The proposed regulatory action will not impose a mandate on local agencies or school districts, or a

mandate that requires reimbursement pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code.

- *Significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states:* This proposed regulatory action allows for applicant’s with non-federal compliant driver’s licenses or identification cards to submit name change application and information online. The proposed amendments will have no significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

RESULTS OF THE ECONOMIC IMPACT STATEMENT

The department has made the following determinations when assessing the economic impact associated with this proposed regulation:

The department has made the initial determination that this action will not impact, 1) the creation or elimination of jobs within the State of California, 2) the creation or elimination of existing businesses within the State of California, 3) the expansion of businesses currently doing business within the State of California, or 4) worker safety or the state’s environment.

This action will benefit the welfare of California residents by potentially allowing them to avoid visiting a field office for a name change transaction, which will save them time and transportation costs.

PUBLIC DISCUSSIONS OF PROPOSED REGULATIONS

A pre-notice workshop, pursuant to Government Code section 11346.45, is not required because the issues addressed in the proposal are not so complex or large in number that they cannot easily be reviewed during the comment period.

ALTERNATIVES CONSIDERED

The department must determine that no reasonable alternative considered by the department or that has otherwise been identified and brought to the attention of the department would be more effective in carrying out the purpose for which the action is proposed, or would be effective as and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provisions of law.

CONTACT PERSON

Any inquiries or comments concerning the proposed rulemaking action may be addressed to:

Randi Calkins, Regulations Specialist
Department of Motor Vehicles
Legal Affairs Division
P.O. Box 932382, MS C-244
Sacramento, CA 94232-3820

Any inquiries or comments concerning the proposed rulemaking action requiring more immediate response may use:

Telephone: (916) 282-7294
Facsimile: (916) 657-6243
Email: LADRegulations@dmv.ca.gov

In the event the contact person is unavailable, inquiries should be directed to the following back-up person:

Shelly Johnson Marker, Chief of Staff
Department of Motor Vehicles
Telephone: (916) 657-6469

AVAILABILITY OF STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATIONS

The department has prepared an Initial Statement of Reasons for the proposed regulatory action and has available all the information upon which the proposal is based. The contact person identified in this notice shall make available to the public upon request the Express Terms of the proposed regulatory action using underline or italics to indicate additions to, and strike-out to indicate deletions from the California Code of Regulations.

The contact person identified in this notice shall also make available to the public, upon request, the Final Statement of Reasons and the location of public records, including reports, documentation and other materials related to the proposed action. In addition, the above-cited materials (the Notice of Proposed Regulatory Action, the Initial Statement of Reasons, and Express Terms) may be accessed at <https://www.dmv.ca.gov/portal/about-the-california-department-of-motor-vehicles/california-dmv-rulemaking-actions/>.

AVAILABILITY OF MODIFIED TEXT

Following the written comment period, and the hearing if one is held, the department may adopt the proposed regulations substantially as described in this notice. If modifications are made which are sufficient-

ly related to the originally proposed text, the fully modified text, with changes clearly indicated, shall be made available to the public for at least 15 days prior to the date on which the department adopts the resulting regulations. Requests for copies of any modified regulations should be addressed to the department contact person identified in this notice. The department will accept written comments on the modified regulations for 15 days after the date on which they are first made available to the public.

TITLE 17. DEPARTMENT OF PUBLIC HEALTH

PET FOOD LABELING AND LICENSING REVISIONS (DPH-18-016)

Notice is hereby given that the California Department of Public Health (Department) is proposing the regulation described below. This notice of proposed rulemaking commences a rulemaking to make the regulations permanent after considering all comments, objections, and recommendations regarding the regulation.

PUBLIC PROCEEDINGS

The Department is conducting a 45-day written public proceeding during which time any interested person or such person's duly authorized representative may present statements, arguments or contentions (all of which are hereinafter referred to as comments) relevant to the action described in the Informative Digest/Policy Statement Overview section of this notice.

To request copies of the regulatory proposal in an alternate format, please write or call: David Martin, Office of Regulations, 1415 L Street Suite 500, Sacramento, CA 95814, at (916) 440-7673, email to David.martin@CDPH.ca.gov or use the California Relay Service by dialing 711.

PUBLIC HEARING

A public hearing has not been scheduled for this rulemaking. However, the Department will conduct a public hearing if a written request for a public hearing is received from any interested person, or his or her authorized representative, no later than 15 days prior to the close of the written comment period, pursuant to Government Code Section 11346.8.

Assistive Services:

For individuals with disabilities, the Department will provide assistive services such as conversion of written materials into Braille, large print, audiocas-

sette, and computer disk. For public hearings, assistive services can include sign-language interpretation, real-time captioning, note takers, reading, or writing assistance. –To request these assistive services, please call (916) 558–1710 or (California Relay at 711 or 1–800–735–2929), email Regulations@cdph.ca.gov or write to the Office of Regulations at the address noted above. Note: The range of assistive services available may be limited if requests are received less than 10 business days prior to public hearing.

WRITTEN COMMENT PERIOD

Written comments pertaining to this proposal, regardless of the method of transmittal, must be received by Office of Regulations on October 10, 2023, which is hereby designated as the close of the written comment period. Comments received after this date will not be considered timely.

Written Comments must be submitted as follows:

1. By email to: regulations@cdph.ca.gov. It is requested that email transmission of comments, particularly those with attachments, contain the regulation package identifier “DPH–18–016” in the subject line; to facilitate timely identification and review of the comment;
2. By fax transmission to: (916) 636–6220;
3. By postal service or hand delivered to: California Department of Public Health, Office of Regulations, 1415 L Street, Suite 500, Sacramento, CA 95814.

All comments, including email or fax transmissions, should include the regulation package identifier, DPH–18–016 “Pet Food Labeling and Licensing Revisions”, along with your name and your mailing address or email address in order for the Department to provide copies of any notices for proposed changes to the regulation text on which additional comments may be solicited.

AUTHORITY AND REFERENCE

The Department proposes this amendment under the authority provided in Sections 113115, 131000, 131050, 131051, 131052, and 131200 of the Health and Safety Code. The proposed regulations implement, interpret, and make specific Sections 113060, 113065, 113095, 113100, 113105, 113110, and 113115 of the Health and Safety Code.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Summary of Proposal

This proposal would amend the Labeling and Licensing Requirements of Sections 19025 and 19041

(respectively) of the regulations set forth in Title 17, of the California Code of Regulations (CCR) which relate to the Pure Pet Food Act of 1969 (Act). Regarding labeling, the amendment would permit pet food producers who meet the requirements set forth in Section 19025 to use the terms “human grade” and “natural” in describing their processed pet food products, delete unclear and non-specific language related to the term human grade, and incorporate labeling guidelines from the Association of American Feed Control Officials (AAFCO) Pet Food and Specialty Pet Food Labeling Guide (Labeling Guide). Regarding licensing, the amendment to Section 19041 would align the fees and licensing period noted in the regulations with the fees and licensing period set forth in the Health and Safety Code. Finally, non-substantive changes are also proposed.

Background

A processed pet food manufacturer is required to have a valid license (if manufacturing in-state) or a valid registration certificate (if manufacturing out-of-state for import into California), issued by the California Department of Public Health (Department), Food and Drug Branch. An individual or company seeking a license or registration certificate submits an application along with a representative label from the product, and a license or registration certificate fee. The Department reviews the submitted documents and, if necessary, conducts a pre-licensing inspection of the applicant’s facilities. The Department will then issue a license or registration certificate or deny the application. The reasons for a denial include, but are not limited to, a label that does not comply with regulations set forth in Article 16, Title 17 of the CCR, which were promulgated pursuant to the Act.

The Department received a formal petition from a processed pet food producer regarding the labeling guidelines set forth in Section 19025 (hereinafter processed pet food producers will be generically referred to as “producers” or a “producer”). The petition stated the petitioner is in compliance with the Association of American Feed Control Officials, Inc. Official Publication (AAFCO OP) on the use of the term “natural” on the label and asked for clarification of Department regulations. The petitioner was sued for deceptive and misleading labeling as it had labeled its pet food as “natural.” Existing regulations set forth in Section 19025 do not address the use of “natural” on a processed pet food label.

Also, during the comment period on the petition, the Department received a request from a different producer regarding Section 19025, subsection (g), which prohibits producers from using the “terms ‘fit for human food,’ ‘fit for human consumption,’ or any similar terms” on their labels. The commenter previously applied for a license to the Department. The

application included a representative label from the products it wished to sell in California, which included the term human grade. The Department denied the application under subsection (g)'s prohibition of the terms "fit for human food," "fit for human consumption," or "*any similar terms*" (emphasis added) because "human grade" was a similar enough term to deny the application. The producer noted the AAFCO OP permits use of the term human grade on pet food labels, which appears to be inconsistent with this subsection of the regulations. In addition to this comment from the producer, the Department received several correspondences from consumers asking that producers be permitted to offer "human grade" pet food in California.

Considering the changing pet food market, the Department agrees amendments are necessary to provide clarity and consistency for the nationwide industry and California consumers while continuing to ensure the quality and safety of processed pet food. Additionally, an amendment to the licensing section would align with language in the CCRs and the Act.

Existing Laws and Regulations: The Department evaluated this proposal and determined, if adopted, it will not be incompatible or duplicative with existing state or federal regulations. No statute or regulation conflicts with this proposed regulatory update. No other State regulation addresses the same subject matter, and this proposal is not inconsistent or incompatible with other state regulations.

Problem Statement

The Department recognizes the pet food market has changed from when these regulations were originally adopted. Today, both producers and customers desire to sell and have access to a wider variety of options. Therefore, the Department proposes adding guidelines to the regulations permitting producers to use the terms human grade and natural. This Amendment is necessary to keep current with the changing pet food market, to provide clarity and consistency for the industry and consumers, and to ensure the quality and safety of processed pet food. The Department proposes incorporation by reference of a chapter in the AAFCO Labeling Guide which provides producers and consumers further guidance on labeling. In addition to the labeling sections noted above, existing regulations include unclear language related to a prohibition on labeling processed pet food; specifically, the existing regulations include the ambiguous phrase "or any similar terms" as related to the prohibited terms "fit for human food" or "fit for human consumption." The Department does not intend to permit a producer to state or imply processed pet food is "human edible;" however, it proposes deleting this section's prohibitions on use of "fit for human food," "fit for human consumption," and "any similar terms" to harmonize it with

the addition of the human grade labeling language. Of note, the proposed amendment permitting using of the term human grade includes limitations and prohibitions, which would prohibit a producer from stating or implying its food is anything other than pet food.

Finally, during the process of reviewing and updating the regulations, the Department found one additional area that would benefit from clarification. Specifically, the licensing regulations express the licensing fees differently than the Health and Safety Code.

Objectives (Goals) of the Regulation

Broad objectives of this proposed regulatory action are to:

- Incorporate labeling guidelines based upon those from the AAFCO OP to increase consistency for producers and consumers.
- Incorporate by reference the Labeling Guide to increase clarity for producers and California consumers.
- Clarify ambiguous language in the existing regulations.
- Clarify licensing fees for producers.

Anticipated Benefits

Anticipated benefits from this proposed regulatory action are:

- Increases clarity of terms regulated producers can use to describe processed pet food, providing consumers with a better understanding of what they are purchasing for their pets.
- Increased clarity in permissible language regulated producers can print on a processed pet food label to protect consumers from confusion as to the proper use of the processed pet food.
- Increased consistency for producers selling in more than one state.
- Updated labeling guidelines for increased consistency with industry standards.
- Continued protection of the public health and safety.
- Enhances the public's wellbeing through protection of the health of their pets.
- Updated, clear, and consistent regulations.

Evaluation as to Whether the Proposed Regulations Are Inconsistent or Incompatible with Existing State and Federal Regulations

The Department has determined these regulations are neither inconsistent nor incompatible with other state regulations.

FORMS INCORPORATED BY REFERENCE
(Identified in the Informative Digest)

The Department is proposing to incorporate by reference Chapter X¹ (ten) of the AAFCO Pet Food and Specialty Food Labeling Guide: AAFCO Association of American Feed Control Officials, AAFCO Pet Food and Specialty Pet Food Labeling Guide (Revised May 2016).

MANDATED BY FEDERAL
LAW OR REGULATIONS

The Department determined these regulations are not identical to previously adopted or amended federal regulations.

OTHER STATUTORY REQUIREMENTS

The Department has determined there are no other statutory requirements

LOCAL MANDATE

The Department has determined this regulatory action would not impose a mandate on local agencies or school districts, nor are there any costs for which reimbursement is required by part 7 (commencing with Section 17500) of division 4 of the Government Code.

DISCLOSURES REGARDING THE
PROPOSED ACTION

FISCAL IMPACT ESTIMATES

- *Cost or Savings to Any Local Agency or School District:* None.
- *Cost or Savings to Any State Agency:* None.
- *Other Nondiscretionary Cost or Savings Imposed on Local Agencies:* None.
- *Cost or Savings in Federal Funding to the State:* None.

HOUSING COSTS

The Department has determined this regulatory action will not have any significant effect on housing costs.

¹ The AAFCO Pet Food and Specialty Pet Food Labeling Guide designates chapters with Roman numerals.

SIGNIFICANT STATEWIDE ADVERSE
ECONOMIC IMPACT DIRECTLY
AFFECTING BUSINESS, INCLUDING
ABILITY TO COMPETE

The proposed regulations will not have any significant statewide adverse economic impact directly affecting business or the ability of California businesses to compete with businesses in other states.

STATEMENT OF THE RESULTS OF THE
ECONOMIC IMPACT ASSESSMENT (EIA)

The Department has determined that the proposed regulations would not affect the following:

- A. The creation or elimination of jobs within the state.
- B. The creation of new businesses or the elimination of existing businesses within the state.
- C. The expansion of businesses currently doing business within the state.

Anticipated Benefits:

The Department anticipates a benefit to the health and welfare of California residents by the enhancement of the public's wellbeing through protection of the general health and diet of their pets, and a continued protection of the public health and safety. There are no anticipated benefits to worker safety or the state's environment.

COST IMPACTS ON REPRESENTATIVE
PERSON OR BUSINESS

The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Small Business

As this regulatory action permits a business to choose whether or not to produce or sell pet food under the new labeling guidelines it is permissive and not mandatory. The new regulations would affect all business including small businesses if they chose to label products based on the labeling guidelines.

ALTERNATIVES CONSIDERED

The Department must determine that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the action is proposed (to align 17 CCR with 40 C.F.R. § 745.65 as required by 40 C.F.R. § 745.325(e)(1)), would be as effective and less burdensome to affected private persons than the

proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory intent of 17 CCR section 35035 or other provision of law.

TECHNICAL, THEORETICAL, AND/
OR EMPIRICAL STUDIES, REPORTS OR
DOCUMENTS RELIED UPON

None.

CONTACT PERSON

Inquiries regarding the substance of the proposed regulations described in this notice may be directed to Melissa Vasquez of the Center for Environmental Health.

All other inquiries concerning the action described in this notice may be directed to David Martin, Office of Regulations, at (916) 440-7673.

In any inquiries or written comments, please identify the action by using the Department regulation package identifier, DPH-18-016.

AVAILABILITY STATEMENTS

The Department has prepared and has available for public review an initial statement of reasons for the proposed regulations, all the information upon which the proposed regulations are based, and the text of the proposed regulations. The Office of Regulations, 1415 L Street, Suite 500, Sacramento, CA 95814, will be the custodian of public records, including reports, documentation, and other material related to the proposed regulations (rulemaking file).

In order to request that a copy of this public notice, the regulation text, and the initial statement of reasons or alternate formats for these documents be mailed to you, please call (279) 217-0836 (or the California Relay Service at 711), send an email to regulations@cdph.ca.gov, or write to the Office of Regulations at the address previously noted. Upon specific request, these documents will be made available in Braille, large print, audiocassette, or computer disk.

The full text of any regulation which is changed or modified from the express terms of the proposed action will be made available by the Department's Office of Regulations at least 15 days prior to the date on which the Department adopts, amends, or repeals the resulting regulation.

Final Statement of Reasons

A copy of the final statement of reasons (when prepared) will be available upon request from the Office of Regulations.

INTERNET ACCESS

Materials regarding the action described in this notice (including this public notice, the text of the proposed regulations, and the initial statement of reasons) that are available via the Internet may be accessed at www.cdph.ca.gov by clicking on these links, in the following order: Decisions Pending & Opportunities for Public Participation, Proposed Regulations.

GENERAL PUBLIC INTEREST

**ENVIRONMENTAL
PROTECTION AGENCY**

**UNIFIED PROGRAM SURCHARGE
FEE CHANGE**

NOTICE IS HEREBY GIVEN that the Secretary for the California Environmental Protection Agency (CalEPA) proposes to adjust the Unified Program state surcharge according to the California Health and Safety Code, Division 20, Chapter 6.11, section 25404.5(b), and the California Code of Regulations, Title 27, Division 1, Subdivision 4, Chapter 1, Section 15240.

The Unified Program state surcharge is an assessment on each entity regulated under the Unified Program and is used to fund the necessary and reasonable costs of all state agencies responsible for program implementation, ongoing maintenance and oversight of the Unified Program. Changes will be made in the Oversight and California Accidental Release Prevention (CalARP) Program state surcharges. The Underground Storage Tank, Aboveground Petroleum Storage Act, and Refinery Safety portions remain unchanged.

CalEPA has received 4.0 permanent positions to support inspection and enforcement authority implementation for the Hazardous Materials Business Plan (HMBP) and CalARP programs, including one attorney position to support the Unified Program. To support these positions the current CalARP program surcharge will increase from the current \$270 to \$370 per regulated business annually and the Unified Program Oversight surcharge to support the HMBP program will increase from the current \$84 to \$94 per regulated business annually.

The Unified Program State Surcharge will be publicly noticed in the California Regulatory Notice Register for 30 days during which time comments will be accepted on the proposed changes. Written comments must be sent to the address or email below and must be received by 5:00 p.m. on September 25, 2023.

Following the 30-day comment period, the Secretary will review the comments, make any necessary changes, and publish the final Unified Program State Surcharge in the California Regulatory Notice Register. All portions of the Unified Program State Surcharge will become effective immediately upon final publication in the California Regulatory Notice Register and be applicable to fiscal year 2023/2024.

Certified Unified Program Agencies (CUPAs) will be required to begin assessing the new Unified Program State Surcharge no later than 60-days after the effective date. CUPAs will be responsible for assessing and collecting the increased Oversight and CalARP Program portions of the state surcharge during the normal billing cycle for fiscal year 2023/2024.

2023/2024 UNIFIED PROGRAM
 SURCHARGE FEE

Surcharge Portion: Oversight

Applicable To: Each facility

Current Rate: \$84.00

Change: \$10.00 per each facility

New Rate: \$94.00

Surcharge Portion: California Accidental Release Prevention Program

Applicable To: Each stationary source

Current Rate: \$270.00

Change: \$100 per each stationary source

New Rate: \$370

Surcharge Portion: Underground Storage Tank

Applicable To: Each tank

Current Rate: \$20.00

Change: No Change

New Rate: No Change

Surcharge Portion: Aboveground Petroleum Storage Act

Applicable To: Each tank facility

Current Rate: \$26.00

Change: No Change

New Rate: No Change

Surcharge Portion: Refinery Safety

Applicable To: Each refinery facility

Current Rate:

Tier 1 — \$45,000, Equal to or greater than 200,000 daily barrel capacity;

Tier 2 — \$27,500, 100,000 to 199,999 daily barrel capacity;

Tier 3 — \$13,750, 50,000 to 99,999 daily barrel capacity; and

Tier 4 — \$3,500, less than 50,000 daily barrel capacity.

Change: No Change

New Rate: No Change

**DEPARTMENT OF FISH AND

PROPOSED PROJECT ON A FULLY
 PROTECTED SPECIES
 PALO ALTO HORIZONTAL LEVEE
 PILOT PROJECT
 RMP-2023-0008-R3
 COUNTY OF SANTA CLARA

The Department of Fish and Wildlife (CDFW) received a project proposal on July 19, 2023, from Environmental Science Associates, on behalf of the City of Palo Alto, requesting authorization to take the of Salt-marsh harvest mouse (*Reithrodontomys raviventris*), a fully protected mammal, as well as California Ridgway's rail (*Rallus obsoletus obsoletus*), a fully protected bird, in an effort to recover fully protected, threatened, or endangered species. Salt-marsh harvest mouse and California Ridgway's rail are also listed as endangered under the California Endangered Species Act and listed as endangered under the federal Endangered Species Act.

The City of Palo Alto proposes to build a horizontal levee to restore and enhance the ecological function of habitats within Harbor Marsh under both current and future conditions, as well as provide sea-level rise resiliency. Proposed activities will include, but are not limited to, construction of the horizontal levee, which is designed to be a freshwater ecotone transition zone to tidal marsh, and consists of four primary areas: an engineered levee berm to support the horizontal levee slope, a treatment zone designed to support polishing of treated wastewater, a downslope habitat zone designed to support a variety of ecotypes, and transitional slopes north and south of the treatment zone. The project will also install a new buried water line between a local water treatment plant and the levee area, relocate a trail further away from the salt marsh, and revegetate the Project site. The proposed project will

occur in the City of Palo Alto, in Santa Clara County at latitude 37.451942 and longitude -122.108568. CDFW intends to issue, under specified conditions, a Restoration Management Permit (RMP) to authorize applicant to carry out the proposed project.

Pursuant to California Fish and Game Code section 3511 and 4700 CDFW may authorize take of fully protected birds and mammals after 30 days' notice has been provided to affected and interested parties through publication of this notice. If CDFW determines that the proposed project is consistent with the requirements of Section 3511 and 4700 for take of fully protected birds and mammals, it may issue the authorization in the form of an RMP on or after September 24th, 2023, for an initial and extendable term of 4 years.

DEPARTMENT OF FISH AND WILDLIFE

FISH AND GAME CODE SECTION 1653
CONSISTENCY DETERMINATION
REQUEST FOR
MIDDLE CREEK SALMONID SPAWNING
HABITAT PROJECT
(TRACKING NUMBER:
1653-2023-126-001-R1)
SHASTA COUNTY

California Department of Fish and Wildlife (CDFW) received a Request to Approve on August 14, 2023, that the Reclamation District Number 108 (District) proposes to carry out a habitat restoration or enhancement project pursuant to Fish and Game Code section 1653. The proposed project involves adding 2500 cubic yards of spawning gravel to the Sacramento River. The proposed project will be carried out on the Sacramento River, located at Middle Creek Road, Redding, Shasta County, California.

On June 22, 2023, the Central Valley Regional Water Quality Control Board (Regional Water Board) received a Notice of Intent (NOI) to comply with the terms of, and obtain coverage under, the General 401 Water Quality Certification Order for Small Habitat Restoration Projects (General 401 Order) for the Middle Creek Salmonid Spawning Habitat Project. The Regional Water Board determined that the Project, as described in the NOI, was categorically exempt from California Environmental Quality Act (CEQA) review (section 15333 — Small Habitat Restoration Projects) and met the eligibility requirements for coverage under the General 401 Order. The Regional Water Board issued a Notice of Applicability (WDID Number

5A45CR00643) for coverage under the General 401 Order on July 25, 2023.

The District is requesting a determination that the project and associated documents are complete pursuant to Fish and Game Code section 1653 subdivision (d). If CDFW determines the project is complete, the District will not be required to obtain an incidental take permit under Fish and Game Code section 2081 subdivision (b) or a Lake or Streambed Alteration Agreement under Fish and Game Code section 1605 for the proposed project.

In accordance with Fish and Game Code section 1653 subdivision (e), if CDFW determines during the review, based on substantial evidence, that the request is not complete, the District will have the opportunity to submit under Fish and Game Code section 1652.

DEPARTMENT OF FISH AND WILDLIFE

CESA CONSISTENCY DETERMINATION
REQUEST FOR
HONEYDEW BRIDGE
REPLACEMENT PROJECT
2080-2023-011-01
HUMBOLDT COUNTY

The California Department of Fish and Wildlife (CDFW) received a notice on August 8, 2023, that Humboldt County proposes to rely on a consultation between federal agencies to carry out a project that may adversely affect a species protected by the California Endangered Species Act (CESA). The proposed project involves replacing an existing single lane bridge with a new two-span bridge. Proposed activities will include, but are not limited to, construction of a detour road and upriver crossing, installation of temporary gravel work pads and temporary shoring towers, vibratory pile driving, water diversion, excavation, grading, and demolition of the existing bridge. The proposed project will occur on the Honeydew Bridge over the Mattole River near the community of Honeydew, in Humboldt County, California

The National Marine Fisheries Service (NMFS) issued a federal biological opinion (BO) (NMFS Number WCRO-2020-02509) in a memorandum to the California Department of Transportation on October 16, 2020, which considered the effects of the proposed project on Northern California summer steelhead (*Oncorhynchus mykiss*). Northern California summer steelhead is part of the Northern California steelhead distinct population segment and is designated as a threatened species pursuant to the federal Endangered

Species Act and an endangered species pursuant to the California Endangered Species Act.

Pursuant to California Fish and Game Code section 2080.1, Humboldt County is requesting a determination that the Incidental Take Statement (ITS) and its associated BO are consistent with CESA for purposes of the proposed project. If CDFW determines the ITS and associated BO are consistent with CESA for the proposed project, Humboldt County will not be required to obtain an incidental take permit under Fish and Game Code section 2081 subdivision (b) for the proposed project.

**ACCEPTANCE OF PETITION
TO REVIEW ALLEGED
UNDERGROUND REGULATIONS**

DEPARTMENT OF STATE HOSPITALS

OFFICE OF ADMINISTRATIVE LAW
(PURSUANT TO TITLE 1,
SECTION 270, OF THE CALIFORNIA
CODE OF REGULATIONS)

The Office of Administrative Law has accepted for consideration a petition challenging the Department of State Hospitals' Administrative Directive Number 843, issued 12/14/2021, regarding various aspects of patient living areas.

Please send your comments to:

Mark Storm, Senior Attorney
Office of Administrative Law
300 Capitol Mall, Suite 1250
Sacramento, CA 95814
staff@oal.com

You must send a copy of your comment to the petitioner and the agency contact concurrently.

Petitioner:

Allan Fletcher
24511 West Jayne Avenue #1460-5
Coalinga, CA 93210-9503
butchthompson1962@gmail.com

Agency contact:

Sunny Lowell, Attorney
Department of State Hospitals
Regulations, Policy, and Operations Unit
1215 O Street, MS-20
Sacramento, CA 95814
DSH.Regulations@dsh.ca.gov

Please note the following timelines:

Publication of Petition in Notice Register:
8/25/2023

Deadline for Public Comments: 9/25/2023

Deadline for Agency Response: 10/9/2023

Deadline for Petitioner Rebuttal: 15 days after the agency provides a response to the petitioner

Deadline for OAL Determination: 12/26/2023

**SUMMARY OF
REGULATORY ACTIONS**

**REGULATIONS FILED WITH THE
SECRETARY OF STATE**

This Summary of Regulatory Actions lists regulations filed with the Secretary of State on the dates indicated. Copies of the regulations may be obtained by contacting the agency or from the Secretary of State, Archives, 1020 O Street, Sacramento, CA 95814, (916) 653-7715. Please have the agency name and the date filed (see below) when making a request.

Department of Social Services
