# 2026 RULEMAKING CALENDAR

## *Special Note*

In an effort to conserve resources, the 2026 Rulemaking Calendar is being incorporated by reference into this edition of the California Regulatory Notice Register (CRNR).

The 2026 Rulemaking Calendar is accessible through the following means:

1. Download the Rulemaking Calendar online at 2026 Rulemaking Calendar. The Rulemaking Calendar's Table of Contents contains links from each agency listing to that agency's Rulemaking Calendar. *Please note that the Rulemaking Calendar is 710 pages and 4.24 MB, so downloading times may vary.*

2. Electronic copies are available from the Office of Administrative Law upon request by emailing staff@oal.ca.gov.

3. Your nearest depository library. Go to http://www.library.ca.gov/government-publications/state-document-depository-program/depositories/ for a list of California depository libraries.

4. Subscribers of the Notice Register may request a hard copy of the Rulemaking Calendar with their subscription at no extra charge. Please contact Thomson Reuters at 1-800-328-4880.

**Projected Public Hearing Date:**
TBD

**Projected Adoption by Your Agency Date:**
August 17, 2026

**Projected To OAL for Review Date:**
September 22, 2026

**Summary:**
Staff will present to the Board for consideration to make permanent the Vehicle Emissions Regulations, introduced via Emergency Rulemaking in September 2025. The proposed amendments would clarify that earlier regulations (displaced by Advanced Clean Cars II and Omnibus) remain operative (as previously adopted). Staff will also present proposed amendments to the Low Carbon Fuel Standard (LCFS) regulation.

**Subject:**
Proposed California Corporate Greenhouse Gas Reporting and Climate Related Financial Risk Disclosure Initial Regulation.

**California Code of Regulations Title and Sections Affected:**
Title 17, §§ 38532, 38533, 39600 and 39601.

**Statute(s) Being Implemented:**
Health & Safety Code §§ 38532 and 38533.

**Projected Public Hearing Date:**
First Quarter 2026

**Projected Adoption by Your Agency Date:**
Second Quarter 2026

**Projected To OAL for Review Date:**
Second Quarter 2026

**Summary:**
Staff will present for Board consideration a regulation for implementing components of the California Corporate Greenhouse Gas Reporting and Climate Related Financial Risk Disclosure laws. The regulation establishes a fee program for the cost of implementation of both laws, and a first-year reporting deadline for the California Corporate Greenhouse Gas Reporting law.

**Subject:**
Proposed Amendments to the Regulation for the Mandatory Reporting of Greenhouse Gas Emissions.

**California Code of Regulations Title and Sections Affected:**
Title 17, §§ 95101 to 95153.

**Statute(s) Being Implemented:**
Health & Safety Code §§ 38510, 38530, 38580, 39600, 39601, 39607, 39607.4 and 41511.

**Projected Public Hearing Date:**
May 28-29, 2026

**Projected Adoption by Your Agency Date:**
Second Quarter 2026

**Projected To OAL for Review Date:**
End of Second Quarter 2026

**Summary:**
Staff will present for Board consideration Amendments to the Regulation for the Mandatory Reporting of Greenhouse Gas Emissions to ensure the reported greenhouse gas emissions data are accurate and fully support the California Cap on Greenhouse Gas Emissions and Market Based Compliance Mechanisms (title 17, California Code of Regulations, section 95800 et seq., Cap-and-Invest Regulation). Staff is also proposing amendments to ensure the data that are collected for CARB's other climate change programs are complete and accurate.

The proposed amendments represent necessary amendments to the current reporting regulation. The proposed changes clarify the reporting requirements necessary for submittal of complete and accurate emissions data reports and add or clarify data elements for emissions and product data reporting necessary to support the Cap-and-Invest Regulation. The proposed changes include amendments to ensure accurate accounting and to appropriately address and minimize the potential for emissions leakage for emissions from imported electricity resulting from transfers within the California Independent System Operator's (CAISO) Western Energy Imbalance Market, including changes that CAISO has filed regarding its Extended Day Ahead Market tariff. In addition, proposed changes add a definition and reporting structure to account for imports from energy storage systems and adds new biofuels not currently covered by the regulation, and requires reporting from cement importers, producers and importers of hydrogen, and Carbon Capture and Storage facilities.

**Subject:**
Proposed Amendments to the California Cap on Greenhouse Gas Emissions and Market-Based Compliance Mechanisms Regulation.

**California Code of Regulations Title and Sections Affected:**
Title 17, §§ 95801 to 96022.

**Statute(s) Being Implemented:**
Health & Safety Code §§ 38510, 38560, 38562, 38570, 38571, 38580, 39600 and 39601.

**Projected Public Hearing Date:**
May 28-29, 2026

**Projected Adoption by Your Agency Date:**
Second Quarter 2026

**Projected To OAL for Review Date:**
End of Second Quarter 2026

**Summary:**
Staff will present for Board consideration amendments to the Cap-and-Trade Program. These amendments are intended to support the State's mid-century climate targets established by Assembly Bill (AB) 1279, reflect direction from the Legislature in AB 1207, and align with the Scoping Plan and State policy. Amendments will include more stringent allowance budgets to accelerate greenhouse gas emissions reductions. Updates will also provide long-term price signal and regulatory certainty to support economy-wide decarbonization, ensure the Program reflects evolving electricity and biofuels markets, and make administrative changes to clarify and streamline program implementation.

**Subject:**
Proposed Building Embodied Carbon Reporting and Fee Regulation.

**California Code of Regulations Title and Sections Affected:**
Title 17, §§ 95700 to 95710.

**Statute(s) Being Implemented:**

**Projected Adoption by Your Agency Date:**
Third Quarter 2026

**Projected To OAL for Review Date:**
Fourth Quarter 2026

**Summary:**
Staff will present to the Board for consideration the Building Embodied Carbon Reporting & Fee Regulation proposal, which aims to track lifecycle greenhouse gas (GHG) emissions data from the manufacture and use of building materials in new construction in California, and to assess a fee to support this effort. Additionally, this proposal will include a methodology and number for a 2026 point-in-time baseline for the total GHG emissions of California's building sector. This is to satisfy the requirements outlined in California Health and Safety Code section 38561.3, from Assembly Bills 2446 and 43 (Holden, 2022 and 2023, respectively), which requires CARB to develop a framework for measuring the average carbon intensity of the materials used in the construction of new buildings, including establishment of a 2026 baseline and reporting mechanism, no later than December 31, 2026.

**Subject:**
Targeted Enforcement Administrative Modifications (TEAMs) Rulemaking.

**California Code of Regulations Title and Sections Affected:**

1) *Airborne Toxic Control Measure to Reduce Formaldehyde Emissions from Composite Wood Products (Composite Wood ATCM)*
Title 17, §§ 93120.3(e)(5), 93120.3(f), 93120.5(c)(3), 93120.5(d), 93120.6(c)(3), 93120.6(d), 93120.7(d)(1), 93120.7(d)(2), 93120.9(a)(2)(B)(3)

**Projected Adoption by Your Agency Date:**
December 25, 2026

**Projected To OAL for Review Date:**
January 25, 2027

**Summary:**
Staff will present for Board consideration targeted administrative modifications to the following regulations to improve enforceability. Each change is considered a minor regulation change. A summary of the proposed changes for each regulation/ATCM is provided below:

*1) Composite Wood ATCM*

- Add clarifying language to facilitate the availability of wood for testing for equivalence purposes.
- Remove the "bar code" option for providing compliance information on a finished good.
- Add language to clarify the compliance language is to be in English.
- Remove the "bill of lading" option for providing a statement of compliance.
- Change the equivalence testing ranges to match U.S. EPA's ranges.

*2) California Diesel Fuel Regulations*

- Add language to require final blend fuel samples to be collected by fuel producers and importers and retained for CARB inspection.

*3) California Reformulated Gasoline Regulations*

- Add language to require final blend fuel samples to be collected by fuel producers and importers and retained for CARB inspection.

*4) Cargo Handling Equipment Regulation*

- Clarify the language for opacity standards and testing requirements for cargo handling equipment.
- Remove duplicative and outdated phase-in period language.

*5) PERP Regulation*

- Align Tactical Support Equipment annual reporting to one year registration instead of annual reporting with three-year registration. No economic impact is expected.
- Add a definition of "turbine."
- Add a notification provision for PERP registered units operating within 1,000 feet of a school.

- Clarify that the holder of a registration may be subject to a suspension or revocation action based on the actions of a renter, lessor, third-party rental, or other authorized representative of the registration holder.

**Summary:**
Staff will present to the Board a proposal to regulate greenhouse gas (GHG) emissions from space and water heaters by setting limits on manufacturer sales in California to reduce GHGs released during the operation of new equipment. Space and water heating contribute significantly to building-related GHG and criteria pollutant emissions. The proposed Zero-Emission Space and Water Heater Standards are part of California's climate strategy and commitment to clean air, outlined in the 2022 Scoping Plan and the 2022 State Strategy for the State Implementation Plan to achieve significant emission reductions from buildings.

**Summary:**
Staff will present for Board consideration a regulation to implement Health and Safety Code §§ 38532, which codifies the Climate Corporate Data Accountability Act (SB 253, Wiener, 2023; as modified by SB 219, Wiener, 2024). The regulation will include requirements for reporting scope 1, 2, and 3 corporate greenhouse gas emissions for large U.S.-based corporations that do business in California. The requirements may cover reporting deadlines, data assurance provisions, and enforcement.

**Subject:**
Proposed regulations to implement the requirements of Senate Bill (SB) 905 (Caballero, Chapter 359, Statutes of 2022) which directs the California Air Resources Board (CARB) to establish a Carbon Capture, Removal, Utilization, and Storage (CCUS) Program with additional specified requirements.

**Summary:**
CARB is required to adopt regulations for a unified permit application for the construction and operation of carbon dioxide capture, removal, or sequestration projects and adopt regulations for financial responsibility for carbon dioxide capture, removal, or sequestration projects. CARB is also required to adopt regulations to facilitate the capture and sequestration of carbon dioxide from CCUS and carbon dioxide removal technologies and ensure projects meet specific requirements, outlined in the legislation, intended to protect local air quality and public health, minimize adverse impacts related to local air and water pollution, minimize the risk of seismic impacts to and from projects, and require that projects conduct monitoring and reporting activities.
