This emergency rulemaking by the Department of Food and Agriculture expands the quarantine area for Huanglongbing ("HLB") disease into the San Gabriel area of Los Angeles County. The quarantine area is being expanded by approximately four square miles in response to the confirmation on July 21, 2017, of the presence of HLB from suspect citrus tissue samples collected in the San Gabriel area. This emergency action provides authority for the state to perform quarantine activities against HLB within this additional area. The total area which is now under regulation is approximately 431 square miles.

OAL approves this emergency regulatory action pursuant to sections 11346.1 and 11349.6 of the Government Code.

This emergency regulatory action is effective on 8/11/2017 and will expire on 2/8/2018. The Certificate of Compliance for this action is due no later than 2/7/2018.
